12pm**

Interviews :

**w/c 23rd September 2024**

## Executive Headteacher's Welcome

Dear Candidate,

Thank you for taking the time to find out more about Aylestone School and expressing an interest in this position. This pack is intended to give you more information about this role and our school's vision and ethos. It is an exciting time at Aylestone School as we build upon the strengths identified in our most recent Ofsted report and now is the time for us to add capacity to our collaborative, resourceful and innovative teaching team.

Aylestone School is located in the picturesque Cathedral City of Hereford, adjacent to the Herefordshire Colleges' campus for Further Education, and 10 minutes walk from the City railway station.

Aylestone is a caring school. Students and staff members matter; consequently a happy and friendly atmosphere has been developed, combined with a sense of purpose and unity in striving to be the best that we can. We would thoroughly recommend any potential candidates visit the school to experience this for themselves; you will not be disappointed.

The successful candidate will be joining the school at an exciting time. Building on Aylestone's success the Local Authority are investing over £13 million to increase the number of pupils to 750. This includes the building of brand new block and sports hall. This expansion will allow Aylestone to retain its 'small school ethos' whilst expanding its curriculum offer and opportunity.

If you have the vision and passion to contribute to expanding our school, then we look forward to receiving your application.

Simon Robertson

"Staff build warm and supportive relationships with pupils. They work hard to ensure that pupils are well prepared for life beyond school. As one parent commented in response to Ofsted's survey, 'staff genuinely care and make every effort to put parent and child worries at ease.'"

**Ofsted 2024**

## **About the School**

Based on a beautiful site, Aylestone School is an oversubscribed mixed 11-16 comprehensive school federated with two of our feeder primary schools, Broadlands and Withington. All three schools are led by one Executive Head teacher.

Aylestone is a thriving, collaborative and caring school with high aspirations for all students. We pride ourselves on being able to offer something different in the city. We are a smaller school, but big enough to offer the breadth of choice and opportunities that other schools do. We know **all** our children and have a school ethos based on mutual respect. Put simply, we are a happy, caring school, small enough to know each student, but also big enough to offer extensive choice and opportunities .

Our core belief is that children are treated as individuals, with personalised targets and support, and a real voice in their own education. Our federation of schools is committed to providing excellence in education.

Our aim is for children to leave for the next stage of their education with the confidence and aptitude to make their own valuable contribution to their community, for staff to recognise their own contribution to this development of children and parents to genuinely be able to support their son or daughter's education. We believe that everyone should have the opportunity to develop a love of life-long learning and through a strong sense of team and community we can achieve excellence together.

We are immensely proud of all of our students and their achievements through their time with us. We place a strong emphasis on the holistic development of each child as a valued individual. We provide a positive, challenging and exciting learning environment in which children flourish. We pride ourselves on relationships in the school. Children & staff are welcoming & friendly. We offer a broad and balanced curriculum and are immensely proud of successes in many areas. Our extra-curricular offer is wide and varied and many students are involved in charitable work and community projects both within school and the wider community.

The School was inspected in December of 2021 and graded 'good' for personal development, recognising the excellent work staff do. This grading continues the positive progress for Aylestone, which has seen the school repeatedly praised for improvements made following Ofsted monitoring inspections over the past two years. We are very pleased the school has been graded as good for personal development and that the improvements being made here continue to be acknowledged. Whilst overall grading for the school has remained as 'Requires Improvement', we were already aware of and actively tackling the improvement areas raised in the report.

The inspectors made many very positive comments, including:

- *"Leaders have high aspirations for all pupils. They want pupils to leave school as confident, calm and caring people who have achieved well"*
- *"pupils enjoy coming to school and know that their teachers want them to do well"*
- *"Pupils feel well-supported in lessons and many access a range of clubs and activities, which helps develop their skills and interests"*
- *"Pupils feel safe at school. They appreciate that staff look after them well. The site is calm during social times"*
- *"The personal, social and health education curriculum is well-planned and sequenced. As a result, pupil's personal development is well catered for"*
- *"Pupils receive high-quality careers advice to help them make wise and ambitious decisions about their future"*
- *"Leaders have established a strong culture of safeguarding"*

## About the Role

Modern Foreign Languages form a very special and unique part of the school curriculum. We offer French to all of our students across both Key Stages, offer an additional language at KS4 and we provide the language teaching at both of our federated primary schools.

Our aim is to enable students to develop a life-long love of language learning, linguistic skills and inter-cultural understanding across the federation. At Aylestone, the study of a foreign language increases pupils' knowledge, skills, understanding and appreciation of different cultures and people from other countries. It also encourages positive attitudes towards speakers of other languages, thus developing international citizenship and contributing to the core values of the school and the country. Languages require the use of different skills which can open many doors, both now and in the future. As well as learning a language, students increase in confidence, improve communication skills and learn to read and listen for both gist and detail, as well as working both individually and as part of a team. The invaluable communication skills and creativity developed through learning a foreign language will foster students' curiosity and deepen their understanding and appreciation of other cultures both in their own country, and when they travel to other countries around the world. The languages team have a collaborative and creative approach to teaching and learning, embedded in daily practice and future planning for regular retrieval and recall. We provide engaging lessons and experiences where all students are given opportunities to develop their communication skills, creativity, thinking skills and the ability to reflect on and learn from their mistakes. We are always looking to create new opportunities for our students and we seek to make language learning useful, relevant and creative in today's society where culture and communication are so important. The languages team have high expectations of all students and the level of challenge is therefore set purposefully high and students are supported in a variety of personalised ways, dependent on their needs, to enable them to meet this challenge. Extra-curricular enrichment activities such as the very popular Paris trip provide students with the opportunity to put into practice what they have learnt in the classroom and to experience first-hand the benefits of learning another language and experiencing a different culture. We are fortunate to have teachers within the department with wide ranging experience who teach well across both Key Stages. All staff members are enthusiastic, committed and hard working. They are ambitious and routinely take on responsibilities in order to further their experience.

In short, Aylestone is a lovely school and a really nice place to be in. This is a really exciting time to join the school, where the successful candidate can really have a big impact and be part of something special.

““In many subjects, the curriculum is taught well. In mathematics and history, for example, teachers present new learning clearly and model tasks effectively” - **Ofsted 2024**

## **Job Description**

**Job Title:** Teacher of French

**Responsible to:** The Faculty Lead

### **Main Purpose**

- Carry out teaching duties as appropriate in accordance with the Federation's schemes of work
- To provide all students with a high quality learning programme, through which each individual is able to improve their own performance.
- To demonstrate a high level of expertise in the subject and an understanding of national requirements, as well as assessment criteria and procedures.
- To use baseline information to inform future practice.
- To manage resources effectively and to understand the need to balance subject specific needs with the needs of the whole Federation.

### **Main Duties and responsibilities**

#### **Teaching, setting and supervising work by students**

- To teach a class, or classes, sets, groups or individual students, and to set tasks to be undertaken both at school and for homework.
- **Planning**
- To plan and prepare courses, schemes of work and individual lessons, appropriate to the needs, interests, experience and existing knowledge of the students in the class.
- To contribute to curriculum planning.

#### **Marking and recording**

- To mark and assess students' work and to record their development, progress and attainment, both at school and elsewhere.
- Set and mark homework assignments in accordance with the published homework timetable and any agreed departmental procedure.

## **Main Duties and responsibilities (continued)**

### **Discipline and relationships**

- To maintain good order, discipline and respect for others among students.
- To promote understanding of the school's rules and values.
- To safeguard health and safety.
- To develop relationships with and between students conducive to optimum learning.

### **Communication with parents**

- To build and maintain co-operative relationships with parents, and to communicate with them on students' learning and progress, drawing attention to special skills and talents as well as to problems or difficulties.

### **The classroom**

- To maintain an attractive and stimulating classroom environment, and to contribute to displays in the school as a whole

### **Overall policy and review**

- To take part in whole-federation reviews of policy and aims.

### **Reports**

- To provide or contribute to oral and written assessments, reports and references, both at the federation and elsewhere, relating to the development and learning of individual students and groups of students.

### **Review**

- To evaluate and review own teaching methods, materials and schemes of work, and to make changes as appropriate.

### **Professional Development**

- To keep up-to-date with current educational thinking and practice, both by study and by attendance at courses, workshops and meetings, and take part in appraisals and reviews.

Any other duties deemed necessary by the Head teacher

*This Job Description covers the main duties and responsibilities of the job. Other activities commensurate with this Job Description may from time to time be undertaken by the Job Holder*
