# The Department

Responsibility Resilience Respect

The Languages department currently consists of seven specialists who teach a combination of French, German and Spanish to A Level. We have five large well equipped rooms with interactive whiteboards as well as an A Level classroom and tutorials room. We are well resourced with resources and a wealth of commercially and staff produced teaching material.

In the Languages Department we aim to encourage a positive approach to the learning of languages and cultures while equipping students with the language necessary for leisure, work and further study. We adopt a communicative approach to teaching with maximum use of the target language, reinforced by systematic teaching of grammatical understanding. We encourage students to use the language for real purposes and our methodology promotes the spontaneous use of language between students in the classroom. We work closely with Goldsmiths University and St Mary's University.

Students study French and German in Years 7 and 8 and Spanish is introduced in Year 9.

At Key Stage 4, most students study French, German or Spanish and a good number of students opt for two Languages. Our results are excellent.

We have three Foreign Language Assistants and run residential trips to France, Germany and Spain in KS4. We have many other links with schools in France, Germany and Spain. We also run several trips in the Sixth Form as well as facilitate opportunities in Sixth Form for independent experiences abroad.
