## About Priestley College

Priestley College is a founder member of The Challenge Academy Trust (TCAT) which currently consists of 9 schools and the College, working together to deliver a cohesive education pathway from primary through to sixth form.

We are an inclusive college with a consistent record of high achievement. We offer around 70 A-Level and Vocational courses and we are a college of several firsts.

The quality of education we provide in Science, Technology, Engineering and Maths was recognised when we became the first dedicated sixth form in the country to receive STEM-assured status.

In September 2020, Priestley was chosen to be among the first tranche of colleges to provide T-Levels. In the same year our rugby academy became the first in the UK to receive 'dual status' as both boys and girls were excelling.

In its most recent OFSTED report the College was praised by inspectors who said 'teachers ensure students develop the skills and knowledge they need to be successful in their qualifications and in their working life'.

In 2021 Priestley retained its matrix accreditation after an inspection found the quality of advice and guidance it provided met the internationally-recognised standard.

There are now over 2000 students at Priestley with the latest investment a £1.5M technology centre that boasts more than 200 computers. The Crescent Building has also been extended to provide extra café and study space whilst the Performing Arts facilities have been modernised. More than £15M has been invested in the campus since 1999 on projects including the Learning Resource Centre and an all-weather sports pitch.

Priestley's growth in numbers has also gone hand in hand with increasing the range and scope of provision as well as significant improvements in quality.

By responding to student demand and national curriculum development, we have been able to broaden the choice by offering new curriculum lines.

Priestley is not a college that stands still. All tutors and staff constantly look for ways to improve in order to make the biggest difference to the highest number of young people.

The College's goal will always be to inspire, challenge and support its students to ensure they reach their full potential.

The College is committed to safeguarding and promoting the welfare of children and young people and expects all staff to share this commitment

## **Faculty Area Information**

### **Humanities, Languages, Health and Education**

#### **Teacher of Geography and History**

History and Geography are part of the Humanities Curriculum Area which sits in the Humanities, Languages, Health and Education Faculty at Priestley College. The faculty consists of over thirty staff, with a Head and Deputy Head overseeing the area. A Faculty Lead then manages TLA in the Humanities cluster. It is an exciting time in the area as History and Geography have been expanding in recent years, building on a track record of success.

The History team offer both Modern and Early Modern courses at the college with Classical Civilisation and Politics also taught. These courses are growing in popularity and in the next academic year, we are expecting another excellent enrolment. Geography has also grown in size over previous years with five AS and three A level groups in the current academic year. Both curriculum areas actively contribute to the broader experiences of our students through enrichment such as national and international visits, guest speakers and clubs.

The subjects have a number of specialist teaching rooms which are based in the modern Crescent building at the college. These rooms are equipped with a PC, data projector, speakers and the subjects are very well resourced in terms of equipment and textbooks. Banks of Chromebooks are also used in the subject area.

The college is always looking for new opportunities to enrich the student experience and we are keen to appoint a proactive, enthusiastic individual who will contribute to and help develop a well-established subject area and maintain the highest standards of teaching and learning.
