

# Malton School

A Specialist Science School

---

SUPPORT INSPIRE THRIVE

TEACHER OF GEOGRAPHY

INFORMATION FOR APPLICANTS

March 2024

Dear Applicant,

Thank you for your interest in the post of Teacher of Geography at Malton School. This document aims to give you some information about the school and the application procedure.

Malton School serves a wide rural area of Central Ryedale, as well as the town of Malton itself. We currently have 1059 students on roll, including 263 in the Sixth Form; there are 62 teaching staff and 72 support staff. We are fully comprehensive. Our staff student relationships are excellent. Behaviour is extremely good. Most of our students move on to university and many of them to Russell Group universities. We offer a very happy and supportive community in which colleagues can further develop their career. The school is over-subscribed.

We are seeking to appoint a Teacher of Geography to join the successful and supportive Humanities Faculty on a permanent basis.

Open to MPS applicants, this role would be suitable for ECT's.

Please note, we do not produce a job specification for teaching posts as we expect our staff to meet and uphold the National Teaching Standards.

The school operates an iPad for Learning Scheme. Every member of staff has an iPad as well as a laptop and all students have an iPad.

The school is in the process of joining the [Pathfinder Multi Academy Trust](#) and [Teaching School Hub](#) and we are also a member of the [Red Kite Teaching School Alliance](#). We share staff development programmes and opportunities within the MAT and the alliance, including leadership development and support for early career teachers.

I hope you will be interested in this post and I look forward to reading your application.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'R. S. Williams', with a long horizontal flourish extending to the right.

Rob Williams  
**Headteacher**

## **Benefits of working at Malton School**

The school prides itself in being a supportive employer, offering favourable terms and conditions to facilitate outstanding teaching and learning. Some of the main additional benefits of working at Malton School include:

- More than the 10% national minimum PPA, in support of our Personal Development Programme.
- A strong bespoke staff development programme for all staff.
- A major investment in support staff roles (e.g. allowing the provision of “no cover”) so that teachers can focus on planning and delivering outstanding lessons.
- Membership of the Red Kite Teaching School Alliance.
- Expected membership of the Pathfinder MAT.

Malton School is committed to safeguarding and promoting the welfare of students and young people and expects all staff to share this commitment.

## **The Humanities Faculty**

The Humanities Faculty presently consists of ten specialist teachers who teach across Key Stage 3, 4 and 5. We work through consultation, collaboratively sharing ideas, approaches and resources. Whenever possible, faculty meetings have a practical focus aimed at continued professional development, where we debate, resource and test new teaching and learning ideas. Student progress and achievement are strong in Humanities at all Key Stages.

We are looking to appoint a teacher of Geography who is creative, willing to embrace new ideas, reflective in their practice and forward thinking in their use of new technology.

The school has seven designated humanities classrooms including a new Humanities block. All staff are given a laptop and iPad, and every classroom is equipped with a TV which links to a teacher laptop or can be used for iPad casting. iPads are used extensively in the faculty as a learning tool and an exciting range of established extracurricular visits which we plan to further expand.

## **Geography**

At KS5 level we currently offer the Edexcel A-Level with which we enjoyed good academic results every year. Each year several students continue their studies at university on a range of related courses.

At GCSE we follow the Edexcel B Geography syllabus which enable a smooth transition through the Key Stages. The subject continues to increase in popularity with and increase to four classes in KS4 and two classes in KS5.

At KS3 our curriculum follows the National Curriculum with additional topics chosen to suit our geographical area.

The successful candidate’s timetable will also give them the opportunity to widen their teaching experience through the delivery of some Relationships, Health, and Citizenship Education (RSHCE) lesson in KS3 and possibly KS4.

## **The School Curriculum**

We operate a four-period day within a ten-day cycle. Each lesson is 75 minutes long. Students have 26 hours curriculum time each week, with the extra hour on a Thursday set aside for personal development (see below).

### **Key Stage 3**

In Key Stage 3 setting is for Science, Maths and the group of subjects English, Geography, History, French, Spanish and Religious Education.

### **Key Stage 4**

English (including Literature) Maths, Double Science, Religious Studies and Physical Education are compulsory. Students then choose four further options subjects (10% of curriculum time each). Where students choose triple science, this takes up one of their 4 option blocks.

### **Key Stage 5**

Advanced Level courses are currently taught in Biology, Chemistry, Computer Science, Design Technology, Economics, English Language, English Literature, Fine Art, French, Geography, History, Maths, Maths (Further), Music, Photography, Physics, Physical Education, Politics, Psychology, Religious Education and Sociology. BTECs are offered in Food Science, Health and Social Care, and Sport and Cambridge Technicals are offered in Information Technology, Business Studies, Digital Media and Performing Arts.

Re-sit GCSE courses are also offered in English and Maths, together with an open access provision for IT skills acquisition.

### **Personal Development Activity**

One hour per week is devoted to personal skills development. Staff offer nearly 40 different courses. Students choose a different course each term. The scheme is focused on character education and the development of the whole child. New members of staff would be expected to contribute to this programme.

### **Citizenship**

Citizenship is taught to all in Years 7 to 9 for one period per fortnight. This builds on a well-established programme of Personal & Social Education, complementing tutorial work and linking into the Careers programme.

### **Academic Structure**

The academic work of the School is structured in Faculties. Each Faculty is led by a Faculty Leader and an Assistant Faculty Leader.

In-service training is managed in consultation with Faculty Leaders. Funding for books and equipment is derived from a formula which takes account of the numbers and ages of students as well as the nature of the subject. Faculties are also able to bid annually for additional funding from the School budget, the Endowment, and the PTA.

### **Pastoral Structure**

The School has 7 Heads of Year (from Year 7 to Year 13) who are line managed by the Director of Pastoral Care and Director of Sixth Form.

### **The School Site**

We are fortunate to enjoy a large site on the edge of Malton with views of both the North York Moors and the Yorkshire Wolds. The sports field accommodates three hockey, four football, one rugby pitch, one cricket pitch and an athletics track as well as hard court tennis courts / netball courts. Staff can use our sports facilities in the excellent sports centre. There is plenty of parking space for staff.

Malton School was founded in 1547, becoming a comprehensive school in 1971 with the merger of the original grammar school and the neighbouring county modern. The two buildings, known as East and West Wings, date from 1911 and 1958. As far as possible, subject departments are housed in one wing. Most members of staff are based permanently in one room.

We opened a new Science block with four new laboratories in 2004 on becoming a specialist Science School, resulting in a total of eight laboratories and associated preparation rooms. Our Food Technology rooms were totally re-furbished in 2011. In February 2011 Archbishop Sentamu opened a community sports centre and full-sized, floodlit, astroturf pitch on the school site, providing us with the best P.E. facilities in the area. A dance and drama studio was opened in September 2013. Fully refurbished DT rooms opened in September 2016. A new 4 classroom Humanities block was opened in September 2021. We are looking forward to an improved library and set of music facilities in September 2024.
