The Business Communication Faculty

Faculty Overview:

The Faculty is a dynamic and collaborative environment, consisting of Modern Foreign Languages (French and German), Computing, Business Studies, and the Social Sciences. Our staff are friendly and very supportive, fostering a culture of teamwork and mutual respect. We hold weekly briefings to stay connected and informed, while also allowing each department the autonomy to meet within their subjects and design curricula that best serve their students. Despite our diverse specialisations, we often face similar challenges and support each other, sharing ideas and strategies to enhance our teaching practices.

Modern Foreign Languages (MFL) Team:

Our MFL team is composed of eight dedicated staff members. Most of our teachers are proficient in both French and German, although their specialties vary. Some staff members work part-time, adding flexibility to our team. We pride ourselves on being welcoming and supportive, sharing lesson planning responsibilities among the team. Each teacher is assigned one or two year groups to plan for, and they share their resources with the rest of the team. This collaborative approach has significantly reduced the planning workload for each teacher and improved the quality of our resources, allowing everyone to focus on their assigned year groups. Our assessment systems are designed to allow for accurate assessments whilst considering teacher workload. We use a lot of live marking, mini whiteboards, and immediate feedback in class, instead of marking exercise books. In recent years, we have embraced the EPI pedagogy by Conti, integrating it into our schemes of work and teaching whilst retaining effective practices from the past.

Key Stage 3 (KS3):

At KS3, all students receive three hours of MFL instruction per week, divided between French and German in Year 7. Students then choose which language to continue with in subsequent years. Classes are mixed ability, except for the 'nurture group,' which receives tailored support. We do not follow a specific textbook, but we have access to a variety of printed resources to aid in planning and delivering lessons. This flexibility allows us to adapt our teaching to meet the needs of our students and provide a rich and varied learning experience. We also strive to include cultural content and competitions in our lessons, such as the 'La Chandeleur' competition, examples of traditions across the Francophonie, and 'Le Poisson d'Avril' activities.

Additionally, we run a five-day residential trip in Year 7, where we take students to the Black Forest, including a day trip to France. This immersive experience greatly enhances their language learning and cultural understanding and is a highlight of the year!

Key Stage 4 (KS4):

Approximately 50% of the year group will study a language at GCSE level. We use AQA as our exam board and follow the Pearson AQA GCSE French/German textbook. Additionally, we have access to the resources and assessments on ActiveHub, which support our teaching and learning. We are proud of our consistently improving results, which align with national expectations, reflecting the dedication and expertise of our MFL team.

Key Stage 5 (KS5): The students have the opportunity to study French and German through the MAT programme.
