Our key successes include:

The Trust was established in 2017 and allows the schools to benefit from an overarching supportive umbrella whilst still retaining their unique character and ethos.

"Vision for an academic curriculum, supported by high quality teaching and learning...is shared by all staff at the school"

About The Ashcombe School

Our core aims

The school is highly regarded and oversubscribed as a direct result of its outlook, approach and values as demonstrated by its academic results, standards of teaching and outstanding pastoral care. The four strands which inform teaching and learning for staff and students are:

- **Learning in the classroom - Curriculum and its delivery**

We will provide all students with an inspiring and ambitious curriculum that equips every student with the knowledge and skills to flourish. .

- **Learning to live - Strong relationships and community**

We will provide an inclusive community which allows all members to feel safe and supported. This is underpinned by decency, compassion, and humility. Every child matters - there is an adult for everyone, and everyone is noticed.

- **Learning beyond the classroom - School is more than the classroom**

We will educate beyond the classroom, to develop resilient, creative, and life-ready citizens with a strong sense of social responsibility, leadership, a sense of curiosity, adventure and a global perspective.

- **Learning for Life - Preparation for life after school**

We will provide expert career and life guidance, so our students make informed decisions about their futures which facilitate their transition to life beyond the school.

“A society grows great when people plant trees in whose shade they know they shall never sit”

Why we love The Ashcombe

ECT RS and
Politics teacher

I'm **Lauren** and joined **The Ashcombe** in **September 2023** as a **Religious Studies teacher**, teaching Key Stages 3-5, and A Level Politics. I had two quite different placement schools which gave me a clear idea of the kind of school I wanted to teach in (and those I didn't want to!). Despite my mentor's advice not to take the first job I was offered, The Ashcombe showed the range and diversity I wanted: a large mixed school, 6th Form teaching, and as became clear when I met the Headteacher, an ethos of openness and self-development. After experience working in a variety of jobs and doing outreach with disadvantaged school students while at university, I always came back to wanting to work with young people and teach. As a Year 7 tutor, I am very involved in all the Year 7 activities and trips and developing my involvement with the 6th Form. What impresses me most is **the transparency and open and welcoming nature of the school combined with respect** – there are so many opportunities for feedback, and nothing is sprung on you as a surprise.

Teacher in charge
of Media

I'm **Michael** and joined **The Ashcombe** in **September 2023** as **Teacher in charge of Media**, also teaching English. Having taught in schools nearer to London, I was looking for a location which offered community and a balance of family life. The Ashcombe School is at the heart of the community in Dorking and despite its size, the strong pastoral provision has confirmed to me that every student is known and that kindness is at the forefront of the education available. I have felt warmly welcomed to the great range of school events which I have participated in: Careers Fair, Christmas Fair, Buggy Malone production, Christmas Carols, trips to Cologne, visits to the BFI on the South Bank – the calendar this term has been full of activities beyond the classroom for all students. Staff and students are given so many opportunities to challenge themselves and develop, and the school is truly open to feedback and review. **When I walk around the school I see warmth, kindness and authenticity.**

Physics Teacher

I'm **Deirdre** and I joined the **Science Department** in **September 2022** as a **Physics teacher**, after qualifying and spending 5 years in another Surrey school. I was ready for a change but what made the biggest impression on me was when our Headteacher hosted a Zoom call to introduce us to Ashcombe before I even applied – it was so personal and I could appreciate the ethos of decency at The Ashcombe straightaway. I have found this ethos being embodied every day among the staff I have met. I enjoy being an ECT mentor, and planned a Year 12 to CERN in Switzerland next year – I've found my ideas are encouraged and enabled. Oh, and a 4-period day is a definite planning plus! From an international IT career to now, what keeps me loving my work is that **every day I find joy and reward in supporting our wonderful students whilst also feeling supported by my colleagues and leadership team.**

Our staff say :

- a culture of community where students and staff feel supported
- a safe and calm learning environment
- camaraderie and shared dedication amongst staff
- strong student/staff relationships
- education is holistic
- a collaborative culture
- culture of openness, trust and support
- caring about individual students
- understanding, friendly and caring environment.

I hope this has given you an understanding of some of the key features of The Ashcombe School and why we believe it is such a special place to work - at the heart of the community and with a positive ethos.

About the ML Department

Foreign languages have played a central role in the curriculum vision of The Ashcombe School. French and German are taught as joint first languages in KS3 and pupils also have the opportunity to learn Spanish from year 8. In KS4 it is compulsory for most students to study at least one language to GCSE. In the sixth form, A-Level French, German and Spanish are offered. We are committed to communicative methods and are eager to make learning foreign languages an enjoyable experience for students of all abilities, whilst preparing students thoroughly for external examinations.

Courses

Years 7 and 8 All students study French and German for a total of three double periods per week (210 minutes). The department uses Studio and Dynamo for French and is currently using a combination of Stimmt and Echo for German. There are opportunities to learn Spanish as a lunch time club in these years.

Year 9 At the end of Year 8, students choose which language to continue with into Year 9 and beyond. They can choose, French, German, Spanish or French and German in an accelerated Group.

Years 10&11 Most students study at least one GCSE language (French, German or Spanish) and a number of students study two languages. In addition, there is an after-school GCSE Italian group. Our exam board for GCSE languages is AQA. We are currently using the Studio higher and foundation text books for French and the Stimmt higher and foundation text books for German. Viva higher and foundation text books are used in Spanish.

Sixth Form There are French, German and Spanish groups in both the Lower and Upper Sixth. Our exam board is Edexcel and we use the Hodder Education A Level text books which include the 'Boost' online resources.
