Professional Learning Institute

Summit Learning Trust is currently developing our innovative Professional Learning Institute. This exciting initiative will drive our focus on the highest quality professional learning for all staff, at all stages, across all our schools.

Early Career Framework

Following the launch of the DfE's Early Career Framework we are delighted that Summit Learning Trust has been chosen to be part of a pioneering Education Endowment Fund research project in conjunction with Ambition Institute.

Through this project, Mentors will have access to the latest practice-based resources and training which will develop the techniques, protocols and approaches of instructional coaching. In addition, NQT's will have access to resources, training and collaborative networking opportunities which will provide excellent practical support for the classroom.

Our commitment to Safeguarding, Equality and Diversity

We are an equal opportunities employer and we are determined to ensure that no applicant or employee receives less favourable treatment on the grounds of gender reassignment, age, disability, religion or belief, sex, sexual orientation, marital status, pregnancy/maternity or race.

The school is committed to safeguarding and promoting the welfare of our students and we expect all applicants to share this commitment. All appointments will be subject to an enhanced DBS disclosure, including a Children's barred list check.
