The Humanities Faculty aims to promote inquisitive and questioning minds. Across the team, a variety of approaches are used to develop our pupils' understanding of the world in which they live and the processes which have shaped it.

The Humanities team is currently made up of nine teachers. Teamwork is encouraged and colleagues work collaboratively on curriculum development to assure the quality of pupils' learning. Staff in Humanities work as a committed and successful team; they share high expectations and a common sense of purpose. Above all they aim to inspire pupils and engage pupils in exciting learning and relevant experiences.

The faculty is located in a suite of seven specialist Humanities classrooms on the first floor of our main building. Each classroom is equipped with whiteboard technology, audio facilities, visualisers and a range of additional resources.

In Key Stage 3, History and Geography are taught as discrete subjects in mixed ability groups. Links are encouraged and highlighted to pupils. In Key Stage 4, Geography, History and Business Studies are taught as mixed ability groups within option groups. Pupils in Key Stage 4 can choose to follow either one, two or three Humanities subjects, and all are very popular at GCSE, with 16 GCSE classes running at present across Key Stage 4.

The Humanities Faculty strive to enable all our learners to thrive and to be happy, engaged learners. Our aim is to build on the culture of recognising and celebrating the effort that goes into learning and its consequential success. Furthermore, we aim to produce tolerant, informed individuals who pride themselves on reflecting British values both inside and outside of the classroom. Teaching and learning is currently taking place against a backdrop of a data/knowledge rich world – with pupils having access to practically any information they need, within seconds, at the touch of a button. However, there is the need to equip pupils with the skills they need to: extract, interpret, distil, understand, question, utilise and critique the vast information which they can access. Geography, History, and Business Studies are 'enabling' subjects, providing the link between the arts and the sciences and the opportunity to develop literacy, numeracy and other life skills.

History

In KS3 pupils' study three hours of History a fortnight. Throughout their historical studies, pupils are encouraged to evaluate interpretations, explain their ideas, and make links to the modern world. Through their studies pupils will complete several depth and overview studies of local, national, and international History through creative enquiry-based learning. We aim to reflect the broad History of the British Isles and the wider world through our varied modules of study.

In Year 7, pupils begin by building key historical skills through the use of artefacts and mysteries before their 900 year study of British and wider world History. The chronological study begins in

1066 investigating who should be King in 1066 before examining the Battle of Hastings. Subsequently, pupils begin a wide-ranging study of medieval Britain researching the experience of ordinary Britons. Pupils are continually challenged to enhance their understanding of second order concepts and use them as a base from which they can build their skills and knowledge. To end the year, pupils investigate Tudor Britain and the English Civil War as they begin to consider the impact of Britain on the wider world.

As they move into Year 8, pupils look at a range of case studies from 1750-1914. The aim is to develop an understanding of the role Britain played, both positive and negative, in shaping the world around us. Through studies of the Industrial Revolution, British Empire, Transatlantic Slavery and the French Revolution, pupils will formulate their own interpretations of the past considering the consequences of these significant events.

In Year 9, pupils investigate the 20th century and develop their understanding of a range of significant events. Key topics include the fight for female suffrage, the First and Second World Wars and the US Civil Rights Movement. Once more, the focus is on key transferable skills, knowledge and the building of cross curricular links. Our History curriculum is under constant evaluation and we are committed to providing our Historians with a diverse and inclusive curriculum designed to challenge and engage.

In Key Stage 4, GCSE Historians follow the AQA specification investigating four key modules: 'Britain, Health and the People 1000CE-Present Day', 'Elizabethan England 1568-1603', 'Germany: Democracy and Dictatorship 1890-1945' and 'Conflict and Tension between East and West 1945-1972'. The pupils are assessed through two, two-hour terminal exams. The Key Stage 4 course builds on the knowledge and skills developed in Key Stage 3 across the Humanities Faculty. Enrichment opportunities are offered to London and Berlin.

Geography

Geographers also study 3 hours a fortnight in KS3 and throughout their Geographical journey pupils are challenged to develop their key skills and understanding of the geographical world around them. Pupils study a wide range of modules from tectonics and rainforests to development and global conflict with each topic building on the prior learning and skills developed across the key stage. Links are made to other subjects across the faculty and by the end of Key Stage 3 pupils will have a wide range of transferable skills and will be able to apply their knowledge to a variety of settings and scenarios.

Pupils in Key Stage 4 follow the OCR B GCSE course – Geography for Enquiring Minds. This course is divided into 8 topics covering a range of Human and Physical Geography including 'UK in the 21st Century', 'Changing Climate' and 'Distinctive Landscapes'. Pupils are required to take part in two fieldwork experiences and we currently examine sustainability in an urban environment (Bristol) and coastal processes and change along the Jurassic coast. Residential trips have been led in recent years to Iceland and Sicily. Pupils are assessed via three terminal exams.

Business Studies

Business Studies is taught at Key Stage 4 and is intrinsically linked to the skills and understanding developed in both Geography and History at Key Stage 3. Pupils will apply their transferable skills to the Business world as they study the Edexcel Business Studies GCSE. The course is divided into two themes with theme one focusing on key business concepts and starts up before theme two investigates how to grow a successful business. The pupils are assessed through two, ninety minute terminal exams.

Why apply for a role at Cirencester Deer Park School?

Cirencester Deer Park is a vibrant, inclusive, forward looking and supportive environment in which to teach and learn. The school is located in beautiful grounds within a 10 minute walk of the 'Capital of The Cotswolds'.

At Deer Park School there is a strong sense of community where the common goal amongst pupils and staff is to be the best that they can be, based on the foundations of continual challenge and support. Our learning community has recently expanded through the development of The Corinium Education Trust and working alongside Chesterton, Kemble and Siddington C of E Primary Schools we aim to improve pupils' learning and life chances through continuous school improvement.

Variety, support and challenge are key aspects of our work at Deer Park School, whether this be in the classroom with the varied approaches to teaching and learning, to the extensive extra-curricular activities, including; guest speakers, arts projects, educational visits, charity work, projects for the most able, sports, Expressive Arts projects or overseas expeditions.

What do we offer our staff at Cirencester Deer Park?

- The opportunity to work with pupils who are inquisitive, conscientious and friendly.
- A supportive and nurturing workplace where staff are treated with the professional regard and autonomy which they deserve.
- Staff are given room to grow and are encouraged to seek out new teaching and learning opportunities to allow our pupils and themselves to thrive.
- Continuing Professional Development opportunities at Deer Park are personalised, collaborative and varied. For the past three years our staff have been given the opportunity to take part in Continuing Professional Development which is based on current Educational Research and linked directly to improving practice and supporting pupils.
- The opportunity to take part or lead on an annual enrichment project where the entire school takes part in an activities week which allows cultural capital to grow.
- A structured induction programme for all new staff which quickly allows colleagues to become part of the school community. Additionally, we work closely with Adfecto, the professional development arm of Gloucestershire Association of Secondary Headteachers Ltd, to provide ongoing opportunities from NQT training to those with leadership aspirations.
- Cirencester Deer Park School has well-resourced faculties providing a range of specialist facilities and equipment and a recently opened English, RE and ICT block.
- For high performing colleagues we offer opportunities for rapid pay progression.
- A cycle to work scheme, as well as an employee assistance plan and child care vouchers.
