Curriculum Overview

Our curriculum is at the heart of our school and reflects our values 'Strive, Achieve, Believe'.

At Tile Cross Academy we aim to offer a curriculum that is ambitious and designed to give all learners the knowledge and cultural capital they need to succeed in life. We offer this through a curriculum which is sequenced towards knowledge retention and developing skills for future learning and employment. We offer a full programme of enrichment activities to engage our learners that allows them to develop experiences outside the classroom.

We offer a full, broad and balanced curriculum with a diverse range of subjects including GCSE and Vocational subjects. Within our curriculum, we strive to improve literacy across all age groups so that our learners are articulate, speak to a high standard, listen to their peers and respond with fluency and expression, read widely and write with enjoyment and confidence.

We want all our students, no matter what their background or previous social and academic experience, to leave school as well qualified, resilient, independent and confident young adults, ready to make a highly positive contribution to their community and wider society.

In a rapidly changing world we feel strongly that our students should show adaptability and resilience as well as demonstrating respect, kindness and tolerance of people from all faiths, cultures and backgrounds.

Our ambitious curriculum will engage and stimulate our learners and develop their knowledge and skills to achieve high quality outcomes.

Our learners will:

Pastoral Care & Wellbeing

Tile Cross Academy Provides a caring atmosphere where students feel secure and comfortable as they settle down to focus on their learning.

Form Tutors and Pastoral Managers look after the day to day needs of students and they remain with their tutor groups throughout the five years wherever possible, getting to know both students and parents very well. We

value our close partnership with parents and encourage them to be actively involved in their child's education at every opportunity.

Students build up a trusting and friendly relationship with their Tutor, Pastoral Manager, Head of Year and peers through activities in registration and assemblies. Each Year group has a weekly assembly in the Central Hall, with Form Tutors, the Head of Year and a member of the Senior Leadership Team present. Others, including outside speakers are invited during the year. Heads of Year ensure the social and academic well-being of students in their year group as well as helping to maintain good attendance and standards of behaviour. A wide range of pastoral, wellbeing and academic interventions take place with students supported to overcome challenges and develop lifelong character traits.

Our culture and environment will empower each child to develop the attitudes and their characters to thrive, enabling them to be the best version of themselves.

Our learners will:

- Understand how their behaviours and attitudes impacts on theirs and other children's progress within a supportive, caring, and inclusive environment.

Our Humanities Faculty

Our vision for the Humanities Faculty is that all students experience a curriculum with breadth and depth so they are equipped to be global citizens of the future. The Tile Cross Humanities faculty are committed to ensuring that all students make excellent progress in History, Geography and RE through excellent teaching that will motivate them to work hard and succeed. We aim for them to become independent global citizens through fostering awareness of the past, present and future of the world around them through the development of their subject knowledge and expertise.

In our Humanities lessons we encourage depth and breadth by focusing on developing a strong knowledge and skills base which will give them a firm foundation for further study. Formal and informal assessments allow pupils to know how they are progressing, and allow the teachers to plan according to the specific needs of their classes and individual pupils. We believe our approach to knowledge and skills development allows pupils to have the best possible chance to feel confident in their own abilities, and will offer a springboard to success for further study. We also include in our lessons debates; spark passionate discussions and excitement so that all students are fully engaged in their learning. This will develop their ambition and thirst to learn in order to succeed and excel. In order to drive progress we pro-actively embed revision and learning strategies with a focus on a Knowledge Rich Curriculum within the faculty at KS3 & KS4.

The Humanities Key stage 3 curriculum offers a Knowledge Rich Curriculum that covers British and World History. This includes bigger enquiry questions which are designed to help our students gain a sense of time and chronology and their place in world history. They will develop important skills of identification, analysis and evaluation through examining historical evidence and sources with a critical eye. Our enquiry journey takes students from Medieval Britain through to Present Day including both World Wars. The study of the Holocaust is an integral part of our cross curriculum offer in Humanities. As a Rights Respecting school we need to ensure that our students have a sound knowledge of the atrocities of the past if we are to engender a spirit of tolerance and understanding. Our Geography curriculum covers human and physical Geography. In Geography pupils develop essential geographical skills, such as data analysis; interpreting geographical information; understanding of the interaction between physical/human processes and their formation.

Our timetable is arranged so that topics are studied in depth. As students transition from History to Geography, low stakes tests are set to ensure that learning is retained. They are given the tools to make sense of a complex and dynamically changing world. Students learn where places are, different landscapes and climates. They learn how places and landscapes are formed, and how people and their environment interact in both positive and negative ways. Religious education is at the heart of our vision to prepare our students for their future. Students will learn about Christianity and the 5 other major faiths. Students will learn about religion and from religion, developing their knowledge and expertise through the CORE skills. At Key Stage 4, while some students will opt to study at GCSE and others have the opportunity to do so, all students have provision at a whole school level which is under review. The Humanities faculty consists of four full time qualified teachers who are creative and forward thinking. Our teachers teach in specialist subjects at KS4 but there is an expectation for teachers to be flexible across Humanities particularly at KS3. We often lead on new initiatives. For example, developing new strategies for assessment, feedback and marking. We are a strong team that believes in collaboration and regularly share ideas in order to develop our teaching and learning practice.
