Temple Learning Academy is one of only a few 'all-through' (Early Years to Y11) schools in Leeds. Being an all-through school means our students benefit from a seamless transition between year groups and phases; shared expertise and resources, and a curriculum that is sequenced from Early Years to Year 11.

Our colleagues specialise in either Primary or Secondary phase practice and work for the vast majority of their time in their respective phases. Consequently, this post will base you almost always within the Secondary phase. With training and support, and strong relationships between colleagues, our through-school collaboration is a source of exciting opportunities for students and staff. No colleague is expected to work cross-phase without the full support of appropriate training and CPD.

We are seeking an outstanding candidate to support our educational aims who has the vision, drive and interpersonal skills to motivate our students within the Secondary phase. For the right candidate, you will be joining a highly successful and supportive team and the post attracts a MPS 1 – UPS 3 salary. The post is suitable for either ECTs or established teachers who are committed to developing young people through the highly effective delivery of learning sequences that motivate students and secure high rates of progress.
