

RANELAGH SCHOOL

TEACHER OF MATHEMATICS

Dear Colleague

Thank you for your interest in the post of Teacher of Mathematics at Ranelagh School. In this letter, we aim to provide you with some further insight into our school and our priorities.

Our school has an excellent reputation at local and national level. The last inspection by Ofsted in 2015 judged us to be outstanding in all areas. This was our fourth outstanding report and, whilst we are very proud of this achievement, we are in no way complacent.

In 2019 over 90% of our students achieved Mathematics GCSE grades 4 and above with 44% achieving grade 7 and above. A Level Mathematics is a popular option at Ranelagh. In 2019 87% achieved grades A*-C with 43% achieving A* or A.

In 2019 over 90% of our students achieved Mathematics GCSE grades 4 and above with 44% achieving grade 7 and above. A Level Mathematics is a popular option at Ranelagh. In 2019 87% achieved grades A*-C with 43% achieving A* or A.

In addition to excellence in terms of academic outcomes, our purpose is to provide a supportive, stimulating and secure environment in which young people can thrive. As such we seek to employ inspirational and energetic staff, committed to the school's ethos. In return, we aim to provide opportunities for continuing professional growth and development for all staff, beginning with a well-established induction programme.

Given that we spend such a significant proportion of our time in the workplace, it is important to take pride and pleasure in what we do here. Teaching and non-teaching staff collaborate well. They are mindful of one another's well-being and there is a strong sense of collective purpose.

If you are interested in learning more about the role, then please do contact me. If you would like to apply please submit your application form available on the website www.ranelagh.bracknell-forest.sch.uk

We look forward to hearing from you.
Yours sincerely,

Mr Timothy Griffith
Headteacher

MATHEMATICS DEPARTMENT

Structure and Staffing

Staffing: The department currently has 9 Mathematics teachers, some full time and some part time as well as a Curriculum Support Assistant. We support each other in enhancing our classroom craft and work collaboratively to ensure students enjoy mathematics and learn to the best of their ability.

Facilities and Resources

The department has 6 teaching rooms and a large department office. Each room in the school has an interactive white board. Most lessons use Smart notebook software and although textbooks are available lessons involve a variety of resources to enhance the learning of mathematics.

Curriculum

In each Year group all students learn the same topics for the same amount of time. For Year 7 and 8 the department has implemented a two-year curriculum which has an emphasis on mastery and resilience. Year 9, 10 and 11 work towards the OCR GCSE J560. All topics have a centrally produced summative assessment that enables students to identify areas for development whilst enabling teachers to plan for remediation.

Year 7 and 8: Students are taught in mixed ability groups for the first half term of Year 7 and then in half-year blocked sets.

Year 9/10/11: There are 6 sets which are grouped according to ability across the year and group size decreases with ability decrease.

A Level: A Level students follow the GCE Mathematics or Mathematics and Further Mathematics course.

Mathematics : Edexcel
Further Mathematics: MEI

The Department's Teaching and Learning Ethos

Mathematics teaching at Ranelagh uses a range of approaches to support the progress of individual students. We seek to provide lessons that are engaging, enjoyable and varied whilst giving enough consolidation and retention opportunities for students to master topics. Higher attaining students take part in a variety of competitions whilst all students are encouraged to become confident in their use of mathematics.

ETHOS AND AIMS OF RANELAGH SCHOOL

Ethos

Recognising its historic foundation, the school is committed to preserving and developing its religious character in accordance with the principles of the Church of England and in partnership with churches at parish, deanery and diocesan levels.

The school aims to serve its community by providing an education of the highest quality within the context of Christian belief and practice. It encourages an understanding of the meaning and significance of faith, and promotes Christian values through the experience it offers to all its students.

The school aims to provide a supportive, stimulating and secure environment where high standards of learning and personal responsibility are expected and achieved and where every member of the school community is respected and valued.

Aims

- 1 To provide the environment, stimulus and opportunities which will encourage and enable every individual to discover and fulfil their potential.
- 2 To enable each individual to develop confidence and self-esteem, and to encourage self-reliance, self-discipline and corporate responsibility both in school and in the wider community.
- 3 To develop each student's capacity to take responsibility for his/her own learning and to work constructively as a member of a group or a team.
- 4 To provide opportunities for each student to participate in and enjoy a range of cultural, creative, practical, physical and social activities and to develop their knowledge and skills in these areas. To provide opportunities for moral and spiritual development.
- 5 To ensure that each student leaves school with qualifications and achievements commensurate with his/her ability, with the knowledge, skills, attitudes and values which will provide the confidence to lead a fulfilled and responsible life, and with an awareness that learning is a lifelong process.
- 6 To educate all students through a broad and balanced curriculum which will prepare them effectively for adult life in a multicultural society and an interdependent, changing world
