(Potential TLR to be discussed at interview)**

“Bartholomew School provides its students with an outstanding education”

We require for September 2024, a well-qualified, enthusiastic, and dedicated teacher of Mathematics to join our thriving and successful team. We offer the successful candidate a commitment to providing excellent professional development and full support in developing their career. This could be a colleague new to the profession, looking to begin their career at an outstanding school, who would be supported through our excellent ECT programme; equally, we would be delighted to receive applications from more experienced teachers seeking new challenges. Our commitment to staff development ensures that we have a number of TLR positions available each year.

This is an exciting opportunity to join this oversubscribed academy that has been judged by Ofsted to be Outstanding in both 2009 and 2013. The school has a long-held tradition of high academic standards nurtured within a caring, inclusive school community. We have a successful track record of providing an education which delivers consistently high standards as well as the resilience and emotional intelligence which ensures that our young people have the potential to be leaders of the future.

Mathematics is highly successful and is one of the school's lead Departments. The subject is very popular, and students gain very good standards of achievement but also enjoy excellent learning experiences. There is a strong team approach in the Department and the School as a whole.

Bartholomew School is sited in the village of Eynsham 5 miles from Oxford and serves the surrounding rural area. Please head to our website to see our promotional films and get a real taste for life at Bartholomew: <https://youtu.be/dq3qx2HRQxs>
