

The Priory Belvoir Maths department consists of six highly skilled members of teaching staff. We have five specialist teaching rooms where all the full time members of staff have their own room. The rooms are well resourced and equipped with interactive screens and visualisers.

We provide multiple enrichment opportunities for our students, which include:

- UKMT Maths Challenges
- UKMT Team Challenges
- STEM Opportunities
- Homework catch up sessions

We operate a three-year Key Stage 3 model at Belvoir, which enables our students to have a well-developed and well-rounded appreciation of all aspects of the National Curriculum. We follow the White Rose scheme of learning in KS3. The recent Key Stage 4 results were strong with over 80% of students gaining a grade 4 or higher.

We department are warm, friendly and work collaboratively to improve the opportunities of our pupils and give them every chance to achieve their best possible grade. We also hope our pupils leave with an enjoyment for the subject that reaches past the classroom and the curriculum.

Headteacher: Mr L Newton
