The Governors of this friendly and distinctive Church of England academy are seeking to appoint an outstanding, enthusiastic and ambitious Teacher of Mathematics to teach across KS2 and KS3, and across all ability ranges from September 2021 (or earlier by agreement). The post holder will be responsible for planning and delivering high quality lessons and engaging pupils with activities that challenge and excite. The successful candidate will demonstrate consistently high standards of teaching and excellent classroom management, drawing on the outstanding behaviour of our pupils. Additionally, the teacher's approach will allow pupils to flourish by sharing with them a love for the subject and a desire to learn.

In return, support will be given toward career development as the Maths team work collectively in planning and support. Additionally, this may also involve working beyond the age range of this school as collaboration between our partner schools develops further. This is a stimulating career prospect within a values-led school where the pupil is the centre of our considerations.
