Full Time Teacher of Maths

(Fixed Term for 31st August 2021 until August 2022)

Salary dependent on experience: £25,714 to £41,604

The West Bridgford School has an opportunity for an enthusiastic Teacher of Maths to teach in all key stages. The person we are seeking will be able to teach in a challenging and inspiring way, skilled in the use of technology to enhance their teaching, and fully committed to helping students achieve high standards of academic success. This is a temporary post, with a start date of the 31st August 2021 until August 2022.

The post would be suitable for a new entrant to the profession, looking to complete their first year as an early careers teacher with a supportive department in an outstanding school, as well as a more experienced teacher looking for a short term post.

We are offering excellent professional development opportunities, the chance to work as part of a team committed to continuous improvement, a positive learning ethos with all abilities of students, and the opportunity to teach A Level Maths, if appropriate.

The successful candidate will have to meet the requirements of the person specification in order to be offered the post and will be subject to an enhanced DBS check. The school is committed to safeguarding and promoting the welfare of children and young people and expects staff and volunteers to share this commitment. We welcome applications regardless of age, gender, ethnicity or religion.

For further information, and an application pack, please visit our web site at www.emet.academy/vacancies or email recruitment@emet.uk.com Only applications submitted on the school's application form will be considered. We do not accept applications through recruitment agencies.

Closing date for applications is at 12-noon, Monday 21st June 2021.

Pastoral System:	<ul style="list-style-type: none"> • To be a Form Tutor to an assigned group of students. • To promote the general progress and well-being of individual students and of the Form Tutor Group as a whole. • To liaise with a Pastoral Leader to ensure the implementation of the school's Pastoral System. • To register students, accompany them to assemblies, encourage their full attendance at all lessons and their participation in other aspects of school life.

	<ul style="list-style-type: none"> • To evaluate and monitor the progress of students and keep up-to-date student records as may be required. • To contribute to the preparation of Action Plans and progress files and other reports. • To alert the appropriate staff to problems experienced by students and to make recommendations as to how these may be resolved. • To communicate as appropriate, with the parents of students and with persons or bodies outside the school concerned with the welfare of individual students, after consultation with the appropriate staff • To contribute to PSHCE and citizenship and enterprise according to school policy • To apply the Behaviour management systems so that effective learning can take place. • To promote the welfare of children and to support the school in safeguarding children through relevant policies and procedures.
Teaching:	<ul style="list-style-type: none"> • To teach, students according to their educational needs, including the setting and marking of work to be carried out by the student in school and elsewhere. • To assess, record and report on the attendance, progress, development and attainment of students and to keep such records as are required. • To provide, or contribute to, oral and written assessments, reports and references relating to individual students and groups of students. • To ensure that ICT, Literacy, Numeracy and school subject specialism(s) are reflected in the teaching/learning experience of students • To undertake a designated programme of teaching. • To ensure a high quality learning experience for students which meets internal and external quality standards. • To prepare and update subject materials. • To use a variety of delivery methods which will stimulate learning appropriate to student needs and demands of the syllabus. • To maintain discipline in accordance with the school's procedures, and to encourage good practice with regard to punctuality, behaviour, standards of work and homework. • To undertake assessment of students as requested by external examination bodies, departmental and school procedures. • To mark, grade and give written/verbal and diagnostic feedback as required.
Other Specific Duties:	
<ul style="list-style-type: none"> • To play a full part in the life of the school community, to support its distinctive mission and ethos and to encourage staff and students to follow this example. • To support the school in meeting its legal requirements for worship. • To promote actively the school's corporate policies. • To continue personal development as agreed. • To comply with the school's Health and safety policy and undertake risk assessments as appropriate. <p>Whilst every effort has been made to explain the main duties and responsibilities of the post, each individual task undertaken may not be identified.</p>	

Employees will be expected to comply with any reasonable request from a manager to undertake work of a similar level that is not specified in this job description.

Employees are expected to be courteous to colleagues and provide a welcoming environment to visitors and telephone callers.

The school will endeavour to make any necessary reasonable adjustments to the job and the working environment to enable access to employment opportunities for disabled job applicants or continued employment for any employee who develops a disabling condition.

This job description is current at the date shown, but following consultation with you, may be changed by Management to reflect or anticipate changes in the job which are commensurate with the salary and job title.

Date: March 2012

THE WEST BRIDGFORD SCHOOL MATHEMATICS DEPARTMENT

The Mathematics Department consists of twelve specialist teachers who work in partnership with our team of teaching assistants. Leadership within the subject is provided by the Director of Mathematics for EMET, a Head of Department, a Deputy Head of Department and an Assistant to the Head of Department. The school became a Technology College in 2006 and converted to an Academy in April 2011. The most obvious benefits to the Mathematics department are the provision of a suite of well-appointed Mathematics rooms each with an Interactive Clevertouch Screen. All of the teachers of the subject have been provided with laptops and iPads. In addition, there is a central resource area and easy access to practical equipment, including a class suite of iPads which can be used by students in classrooms.

Teachers in the Mathematics department work in a collaborative and supportive environment. All teachers are expected to teach students of all ages and abilities in Key Stages 3 and 4. Emphasis is placed on the planning of interactive lessons which make effective use of technology. In any year, a mixture of learning activities is used, including teacher led discussions and tasks, small group investigations, use of ICT, practical projects and text book practice. Our aim is to make mathematics as accessible and enjoyable as possible for all our students through the use of a variety of teaching methods to accommodate different learning styles.

All Students in Key Stage 3 and 4 get seven one hour mathematics lessons across a fortnight. Year 7 pupils are placed into sets based on mathematical ability. Each following year the students are allocated to appropriate groups and courses on the basis of key assessments. The students follow a Key Stage 3 scheme based around mastering the key skills required for success at GCSE, which is completed by the end of year 8, at which point the GCSE Programme of Study is begun.

In Key Stage 4 pupils enter for the AQA GCSE. Additional staffing is provided throughout KS4 to allow intervention and support with targeted groups and students – particularly those who are not yet secure at Grade 4/5 standard.

Mathematics is a very popular and successful subject at A level. Presently there are around 130 students following AS and A level courses in Mathematics and/or Further Mathematics, and all study both Statistics and Mechanics within the course.
