Full Time Teacher of Maths

What we are looking for:

- Alignment with our values and ethos. We believe in working together with families and the local community to create an educational culture of life-long learning based on academic excellence and independent thought
- Someone who will foster a safe and respectful learning environment for all students
- A teacher with a passion for their subject who will deliver excellent teaching and learning
- Someone with a passion for CPD who will fully engage with our ongoing Professional Growth programme

What we can offer you:

- 
- A culture of hard work and a genuine desire to achieve embedded in both staff and students
 - A whole school commitment to producing the very best teaching & learning
 - A constantly evolving bespoke programme of CPD Professional Growth
 - A school-wide open door policy, meaning all staff have the opportunity to observe lessons across the entire curriculum
 - A highly visible and forward-thinking Leadership Team who support staff, lead innovation, and never compromise on expectations
 - A leading Virtual Learning Environment which streamlines administrative tasks including marking, setting homework and data entry
 - A centralised approach to assessment & resourcing, giving more time to embed teaching & learning strategies and focus on Professional Growth
 - A robust behaviour for learning environment which enables teachers to teach and students to learn
 - An opportunity to develop the personal values and habits of your own tutor group, guided by a highly trained, experienced and dedicated pastoral team
 - A community of supportive families who help to ensure students leave our school confident, articulate, and culturally aware.

We would welcome applications from both experienced and newly qualified teachers. We are looking for an individual with a commitment to engaging our students' learning through excellent teaching and a passion for their subject.

As employers, we are committed to safeguarding and promoting the welfare of children and in that regard have appropriate policies and procedures. All staff undertake a criminal record check via the Disclosure and Barring Service (DBS) and interviews will include questions about safeguarding children.

Closing date for applications is at 12-noon, Monday 17th April 2023

THE WEST BRIDGFORD SCHOOL MATHEMATICS DEPARTMENT

The Mathematics Department consists of fourteen specialist teachers. A Head of Department, a Deputy Head of Department and two Assistant Heads of Department provide leadership within the subject. All classrooms are equipped with an interactive Clevertouch screen. In addition, there is a central resource area and easy access to practical equipment. This includes two class suites of iPads, which are regularly used to support learning within classrooms.

Teachers in the Mathematics department work together in a collaborative way, with a focus on CPD at all times, based around Rosenshine's Principles of Instruction. Centralised planning and resourcing gives more time to embed Teaching & Learning strategies and focus on Professional Growth. This reflects the whole school commitment to producing the very best in Teaching & Learning at all times. Our aim is to make mathematics as accessible and enjoyable as possible for all our students with a variety of teaching methods to accommodate different learning needs.

All Students in Key Stage 3 and 4 receive seven one hour mathematics lessons across a fortnight. Students are placed into sets early in Year 7, based on mathematical ability. Movement between groups is fluid, based on teacher judgment and performance in Key Assessments. Our Key Stage 3 Scheme of Learning focuses on the mastery of fundamental mathematical concepts and ideas. This is extended into the problem solving demands of the GCSE course in Year 9 and beyond, and detailed Schemes of Learning are provided for all Units. We are fortunate to provide additional staffing at Key Stage 4. This is used for targeted Interventions with either small groups or individual students. Examination groups in all years follow the AQA specification.

Mathematics is a very popular and successful subject in Post-16. Presently there are around 180 students following AS and A level courses in Mathematics and/or Further Mathematics, and we also offer Core Maths as an option for Year 12 students.
