DEPARTMENT INFORMATION

The Mathematics department is made up of passionate teachers, including one Edexcel examiner (with more in the process of becoming examiners) plus an equally passionate maths HLTA. Improving ourselves as teachers is paramount to the team through weekly PD sessions, subject knowledge enhancements, online courses, and exam conferences. We are always looking to be at the forefront of the latest mathematical pedagogy; this year we ran subject specific PD based on Craig Barton's "Reflect, Expect, Check, Explain" book. Furthermore, as part of the Greenshaw Learning Trust we are active participants in the GLT Maths Book Club with guest speakers so far including Doug Lemov, Peter Mattock, Mark Mcourt, David Didau and John Mason.

Resources:

In each classroom there is a visualiser which the maths team uses during the input part of every lesson. Each student has their own mini whiteboard enabling teachers to assess their class with ease. There are also textbooks for KS3 and KS4 which are used to support student's learning.

We use Sparx with our Y7-11s. Students have weekly homework tasks set on these platforms, the tasks are centred around retrieval practice. There are lunchtime drop-in sessions available to support and we also have Sparx Ambassadors who give up their own lunchtime to support other students.

The team works on and embed the latest mathematical pedagogy into our continually developing shared lesson bank. Each lesson has been designed with a retrieval segment to start the lesson, the main body of the lesson focuses on *I Do, We Do, You Do*, with students completing at least 20 minutes of silent independent work (use of GCSE questions is encouraged for all year groups) the end of the lesson has at least two diagnostic questions which students answer using their mini whiteboards. The use of live marking in lessons, when permitted, is used, resulting in our students being able to correct mistakes before they become embedded.

Curriculum:

Students are examined through Edexcel, and our Schemes of Learning allow for a seamless transition between KS3 and KS4, with topics mapped out from one year to the next. Assessments are completed during the school assessment windows, with time built into the schemes of learning for students to work on their individual gaps of knowledge. All Year 11s attend a weekly period 6, this time is used for exam practice and to support students with essential exam topics.
