

Area of Learning Information 2023

Maths is part of the Commerce Area of Learning and the successful candidate will be part of a strong team responsible for Maths and ICT/Computing across the 11 – 16 age range.

Area of Learning: Commerce

Subjects: Maths

ICT & Computer Science

Director of Learning: Peter Thompson (Teacher of Maths)

Teachers: Ashley Phillips (Teacher of Maths)

Arianna McCann (Teacher of ICT)

Rebecca Warner (HLTA)

Vacancy (Teacher of Maths 0.7 to Full time)

All KS3 students study Maths for 6 or 7 hours across our two week timetable following a Teaching for Mastery Scheme of Work. All students at KS4 work towards Edexcel GCSE Maths and are taught for 7 or 8 hours across our two week timetable. A small number of students are entered for ELC in Maths.

There are 3 specialist Maths teaching classrooms equipped with interactive whiteboards and with access to laptops for students.

All KS3 students study ICT/Computing for 1 hour per week and have the option to complete a KS4 course in ICT: Creative Media or Computer Science.

Students in maths are also supported by some HLTA time for 1:1 tuition and a community mentor offering additional maths support.
