This is an exciting opportunity for a talented teacher of Maths to develop the quality of Learning and Teaching in Maths at The Kidsgrove Secondary School, the successful candidate will have an absolute commitment to raising standards of achievement, developing strong progression in students' learning and desire to support in all area of their education.

We welcome applicants that have the ability to teach Mathematics across KS3 and KS4. This post would suit an experienced teacher or an ECT. At KS4, students study Mathematics with the exam board EDEXCEL. This is delivered using an innovative interleaved approach designed to inspire and motivate students, providing appropriate stretch and challenge whilst ensuring that the assessment as far as possible, is accessible to all students. The Maths team is comprised of an outstanding subject lead and a full time Maths specialist. The successful candidate will add to what is a superb team that has reinvigorated the Maths provision in recent months.

The sole ethos for the school community is “**if you do the small things right, big things can happen.**” Whilst we are committed to ensuring that every student makes excellent progress, this concept stretches well beyond academic performance. We firmly believe that every aspect of school should equip learners to be successful in all areas of their lives, both now and for their future and we are passionate about the personal development of the student body. Indeed, every single decision or action taken improves the life chances of all our learners. This is underpinned by ensuring the school is a safe, nurturing and happy environment: put simply, The Kidsgrove Secondary School is a great place to learn and a great place to work with a family feel which provides a real strength of collective working and strong relationships.

The school is underpinned by a set of Core Values that underpins the whole school achievement culture, that has rewards and celebration at its heart.

The school has recently launched a innovative digital strategy that sees all students and staff receive an iPad to support their learning. The Digital Strategy is fundamental to the school's vision of achieving digital skills for life. The digital technology delivers to every classroom opportunity for cutting edge assessment for learning techniques and interactive lesson resources. This approach has reinvigorated learning and helps students to develop independence and enquiry skills. This combined with a digital hub that has a state-of-the-art immersive room and Virtual Reality suite the possibilities to bring the curriculum to life are endless.

This ethos applies equally to the staff. We believe in empowering our staff to be aspirational and effective leaders of learning and provide a strong programme of CPD and induction to support those joining our vibrant community. This CPD includes being part of a large MAT, with its own Institute of Education (IoE) focused on the development of staff. The IoE provides access to wide range of network hubs, subject experts and access to best practice, as well as bespoke CPD opportunities. This is an exciting opportunity to join a highly professional and committed team of staff whilst also playing their part in the success and future development of our School.
