Join an Outstanding Team!

Our Team

The Business, IT and Media faculty has grown significantly in popularity over the past five years, now with a significant proportion of our year 11 students studying at least one subject from the faculty. We are proud of the popularity of these subjects and our students' enthusiasm for this. This can be attributed to the positive learning experiences that they have. We work collaboratively as a team to ensure students develop a broad and thorough understanding of our subjects. Our ethos is based on the sharing of resources and teaching practices, within and across the subjects, so that our students experience consistently outstanding learning.

The Post

This is an exciting opportunity for an engaging and confident Teacher of Media to join this thriving school from September 2026. For the successful candidate we can offer the opportunity to join a team of experienced teachers and a welcoming school community. We continue to achieve excellent grades across all the subjects and year groups within the faculty, but there is always room for progress of which our successful candidate will play a pivotal part. We are looking for an inspirational, energetic and reflective individual who is passionate about developing excellent levels of engagement, attainment and achievement across the board.

If you are an outstanding Media teacher it really is worth applying for this post. We are seeking to appoint a candidate who is passionate about their subject area; a team player who will thrive on collaboration and teamwork; someone who really wants to make a difference!

We are primarily looking for an applicant who can teach Media BTEC at both KS4 and KS5, ideally full-time. A full-time applicant would preferably be able to teach a second subject such as KS3 Computing and/or KS4 IT or PSHE.

Our Curriculum

Media: We offer a BTEC Tech award at Key Stage 4 and Key Stage 5 students study the Media BTEC National. These are popular courses where outcomes have been strong.

IT: At Key Stage 3 students follow the Computing National Curriculum. At Key Stage 4 students study Digital IT BTEC and at Key Stage 5 students study BTEC National IT AAQ.

Business Studies: At Key Stage 4 and 5 the school offers a vocational pathway offering a BTEC Tech Award at Key Stage 4 and the BTEC National at Key Stage 5. Business is a popular subject and at both levels student outcomes are above National averages with a large proportion of students at Key Stage 5 going on to continue their study of the subject at University.

Our Facilities

The faculty has excellent facilities and each member of staff has a dedicated IT suite or classroom, all well equipped with relevant software. Each room is equipped with a projector and each member of teaching staff has a laptop.
