WORKING WITH US

GATEHOUSE  
GREEN LEARNING  
TRUST

## Welcome from the CEO

I am delighted to introduce you to Gatehouse Green Learning Trust. We are a multi academy trust comprising five schools, all firmly rooted in their communities in Bristol.

We have more than 3,500 children and young people, aged between three and eighteen, in our care and we are determined to give them the widest possible range of experiences and opportunities within and beyond the classroom. We aim to provide a safe environment where our students can learn, thrive and prepare to go out into the world.

Our vision is to make GGLT the best trust in which to work and to learn. We expect all staff to be strong role models, enriching our community.

We believe children and adults can gain hugely from collaboration. It is our intention to develop strong relationships and partnerships in our trust, as well as with other schools and groups of schools, for the benefit of all.

Our door is always open to anyone interested in learning more.

## Investing in our staff

Our staff are our greatest asset. We invest in their continued professional development and safeguard their wellbeing. Here's what staff had to say about our first trustwide learning day:

- A trustwide inset day is extremely beneficial to see the size and scale of the organisation
- It was really good to meet staff from across the trust
- What an inspirational start!
- Really good to be in a different environment and meeting other colleagues
- The timing was excellent – start of a new year and a fresh thought. Can we do the same again next year?

## Working in Bristol

- Bristol is a wonderful place to live and work
- It is England's first UNESCO Learning City
- Our schools are committed to nurturing talent
- We collaborate to provide opportunities and support
