Dear Applicant,

Thank you for taking the time to find out more about London Enterprise Academy (LEA). This pack is intended to give you information about the role and our school's vision and ethos. The academy opened in a refurbished office block in the heart of London's East end to its first cohort of Year 7 students in September 2014.

We aim to be outstanding in all areas and become a centre of excellence in everything we do. Staff at LEA are reflective, committed professionals, willing to do whatever it takes for our students to achieve the very best results. All students are encouraged to continue their education and to progress to university and we work closely with local universities and employers to achieve this vision. Fortunately, we have been able to give students access to a level of expertise rarely seen in the state sector.

In addition to offering a broad and balanced curriculum, the academy places particular emphasis on the development of enterprise skills. We have been able to develop links with the employers in the city of London and Canary Wharf to provide mentoring to our students.

At LEA we develop students who have a passion for learning and enquiry, and the maturity to self-direct their studies and take control of their own futures.

This role represents a unique opportunity to join an academy with the highest expectations for students and staff, and to help shape the future of the academy.

Our facilities include modern classrooms fitted with the latest technology to make working and learning fun and exciting. All of our teachers and students are supplied with their own iPads to use in school and at home.

I am looking for someone who has the necessary skills, drive and experience to excel in this role, and who can up the standard for teachers who join us year on year.

As Principal there is no greater priority for me than the recruitment and development of staff. My aim at LEA has always been to create a school that is truly exceptional in everything it does. To do that I need an exceptional team. I understand that I will be asking a lot from the staff, but in return I can promise extensive support and development opportunities.

If after reading the enclosed information you would like to apply, please complete the application form that can be found online at www.londonenterpriseacademy.org and return it via e-mail as directed.

I look forward to receiving your application.

Ashid Ali, BSc (Hons), PGCE, MA (Ed), NPQH
Principal

Executive Summary

Our **vision** is to establish an outstanding school that will ensure students achieve personal success in their school life and beyond. We believe success at school provides a strong foundation for students to become engaged citizens who believe in themselves and can bring about positive change, for themselves and the society they live in.

In addition to achieving academic excellence, we instil in every child the beliefs, behaviours and attitudes that will underpin success in life. This means that every student is equipped to:

- Create and seize opportunities for themselves and others
- Contribute to Big Society
- Bridge the skills gap faced by future employers

Our school's ethos supports this vision by creating a school that is sympathetic to the social background of the students given the Tower Hamlets location and pro-active with respect to the unique opportunities this dynamic and well situated borough affords.

Central to our school's ethos is a student-centric and individualised learning approach designed to achieve personal success for each and every student, regardless of where their abilities lie. To fully equip our students as engaged citizens who will have the right skills to be active participants in British society, our curriculum is designed with an emphasis on:

- Academic excellence – our school provides a safe, caring and supportive learning environment in which every individual can beat their personal best. This is achieved through commitment to excellence from all, and no excuses.
- Enterprise – a can do attitude, creativity, informed risk-taking and a drive to succeed. These are all **key** ingredients to success whether in academia, business or social enterprise.

Curriculum and approach to teaching and learning

Alongside our vision for student outcomes, the most significant influence on our choice of teaching approach and on curriculum design is the social background of our students. Thus:

- A small school ethos, human relationships
- We believe that all young people can prosper. This individual attention is most likely to succeed in a small school environment where each child is well known to staff.
- A broad and balanced curriculum taught via a personalised learning methodology that has been proven to deliver excellent results in small charter schools in Sweden and the USA
- An extensive range of extra-curricular activities offered to draw out hidden talent and stretch gifted students
- Home-school relationships are important in engaging parents
- Enterprise

Focus on enterprise

- We want students and the local community to take full advantage of the Tower Hamlets location. With access to the city of London, academic and arts institutions, and technology and creative industries.
- Enterprise focus – can do attitude, drive to succeed and confidence to take risks. It would be a wasted opportunity for students, the local community and the wider economy if the advantages afforded by the Tower Hamlets location made no difference.
- Cater for pupils of all abilities

High expectations and celebrations of pupil achievement

Education is the most effective tool for those seeking to better their quality of life. The solutions to poverty, social exclusion, disadvantage and deprivation lie not with others, but within an individual. The individual has the power to make a positive difference and transform his/her life circumstances as demonstrated by many in our group who set up LEA.

We believe that educational benefit should be measured beyond an exclusively narrow focus on academic attainment. This is not to say that we do not measure academic ability – we do and our standards are very high. What we do know is that children need a wider range of capabilities when leaving school and our approach to high expectations and pupil achievement reflects this.

We believe that poverty and disadvantage cannot excuse a lack of high expectations amongst our students. Consequently, we set clear aspirations on the achievements that we expect of our pupils.

We celebrate the achievements of our pupils through our reward ladder and ensure that parents are aware of this success. We keep parents informed by telephone, email, text and post, as well as invitations to annual awards and celebration evenings.

Aspirations and outcomes

The immediate catchment area draws young people from disadvantaged communities for whom English is not their first language. Our curriculum has been designed to bolster teaching time for English, Mathematics and Science. Added emphasis on the core subjects improves our pupils' chances of academic success.

Our academic outcomes support earlier academic excellence and also support alternative pathways through vocational support into apprenticeships.

Our targets

- All students make at least three levels of progress (50% make four levels of progress) between KS2 and KS4 in core Baccalaureate subjects
- GCSE results are 5% above National Average
- 50% achieve the EBacc qualification in 2019 examinations
- All students are expected to reach an attendance target of at least 96%
- All students continue with their education after leaving LEA
- 90% of parents regularly attend progress meetings relating to their child
- 90% of pupils contribute 250 hours to "Big Society"

Curriculum Rationale

LEA is based in one of the most deprived local authorities in England and Wales. The large majority of the population live in social housing and has well above the national average for Free School Meal (FSM). The vast majority of the student population is categorised as English as an additional Language (EAL).

Our curriculum therefore reflects the needs and wishes of the local population which was established during our research phase and whilst meeting individuals, groups and community and business representatives when collecting data to establish demand for the school.

It is clear from talking to parents that they want the best possible education for their children which prepares them for a good career in the local financial and business sector of London. One parent summed this up by saying "education is our only way out of poverty".

The curriculum at the LEA reflects our vision, ethos and principles.

- It encourages our students to become independent enquirers, collaborative thinkers and critical citizens.
- The curriculum includes the **core curriculum** and an **extended enrichment** curriculum for all students.
- The students follow a modified version of the National Curriculum at **Key Stage 3** with a view to supporting the students into their studies for the English Baccalaureate at **Key Stage 4**.
- At the heart of the learning is the **thematic based enterprise curriculum**.

The **core curriculum** is taught in single lessons of 50 minutes and doubles of 100 minutes from 8.45 am until 3.10 pm Monday to Friday with **Enrichment** curriculum from 3.10 to 4 pm Tuesday to Thursday.

The Enrichment curriculum gives the students an opportunity to take up an active enrichment in the form of an active PE/Healthy lifestyles curriculum such as sports and martial arts; a creative enrichment which develops their talents or expressive side; academic enrichment focusing on new learning and interventions to support bridging learning gaps.

Key Stage 4

This key stage commences in year 9. The students make their option choices in year 8. We initially recommend our students to follow the subjects for the English Baccalaureate. Our range of option choices are wide, considering the small size of our school. With subjects such as Business, Economics, Art, and Sociology proving to be very popular

The three-year Key Stage 4 also gives the students a chance to deeply embed their learning. In addition, there are opportunities for students to take a range of pathways which will support and extend learning which may lead to some of the students taking GCSEs earlier and then follow an AS programme.

Our students are expected to take the following subjects:

- English
- Mathematics
- Double Science
- History or Geography (option 1)
- A Language (French, Spanish or a home language GCSE) (option 2)
- Religious Education
- Physical Education
- Citizenship
- Enterprise
- Enrichment

Job Description

Teacher of Performing Arts (Drama & Music)

Are you a dedicated, enthusiastic and highly motivated teacher of performing arts? If so, we would like to meet you.

London Enterprise Academy is a Free School at the heart of London's vibrant East End. The Academy opened in September 2014 with year 7s only, in a former glass office block, which has been fully renovated to a high standard.

The Academy provides a stimulating education and personalised curriculum within a supportive environment. All of our students are encouraged to stretch themselves to achieve their full potential.

Required from September 2021, the successful candidate will be a creative individual, excited by the challenge of working in performing arts. He or she will be enthusiastic and energetic, looking for opportunities to craft engaging explorations and discoveries from any aspect of school life. They will be teaching either Drama or Music at KS3 and the other subject at KS4 level.

We are looking for an outstanding teacher who has had experience of teaching performing arts within the secondary setting. This post would equally suit either an experienced practitioner wanting a new challenge or a teacher wanting to work with a group of dynamic teachers in a small department in a small school.

The successful candidate for the Teacher of Performing Arts will:

- * Hold DfE Qualified Teacher Status, an undergraduate degree.
- * Be an outstanding practitioner who inspires pupils and have experience of teaching in successful inner city school
- * Have a track record of successful learning and teaching and delivering results
- * Have the ability to draw upon their professional background to demonstrate their ability to successfully teach up to GCSE
- * Be creative in delivering a rigorous, academic curriculum
- * Believe that every child can and will succeed
- * Be flexible, collaborative and resilient
- * Contribute to the whole life of the school through our extensive enrichment programme.
- * Have the highest ambitions for your pupils, the department, the school and yourself

We will offer you:

- * A unique opportunity to help build the school and the department
- * A happy and supportive working environment with high expectations and standards
- * An opportunity to pioneer an exciting, academic curriculum
- * A network of outstanding practitioners to collaborate with and learn from
- * Further leadership and management opportunities as the school grows

London Enterprise Academy is totally committed to safeguarding and promoting the welfare of all our students. All staff working within our academy are expected to share this commitment, complete statutory and additional safeguarding training and be familiar with our policies and procedures. All appointments will be subject to an Enhanced DBS disclosure.

Potential candidates are encouraged to **visit our website**
