CHILD PROTECTION POLICY

BEAUMONT SCHOOL

Policy Review

This policy will be reviewed in full by the Board of trustees no less than annually.

The policy was last reviewed and agreed by the Board of trustees on Thursday 8th September 2022 (although circulated 1st September 2022)

It is due for review on September 2023 (up to 12 months from the above date).

Appendix 6	GDPR, Data Protection and Freedom of Information
Appendix 7	List of substantive changes made from previous CP policy

1. INTRODUCTION

Safeguarding is defined as: *protecting children from maltreatment, preventing impairment of children's health or development, ensuring that children are growing up in circumstances consistent with the provision of safe and effective care and taking action to enable all children to have the best outcomes* (Working Together to Safeguard Children, DfE, 2018, p6).

This Child Protection Policy forms part of a suite of documents and policies which relate to the safeguarding responsibilities of the whole school staff and volunteers. All staff are aware of systems within their school which support safeguarding, and these are explained to them as part of staff induction. These include the:

- child protection policy, which also includes the policy and procedures to deal with child-on-child abuse; (Appendix 9)
- behaviour policy which includes measures to prevent bullying, including cyberbullying, prejudice-based and discriminatory bullying;
- staff code of conduct which includes low-level concerns, allegations against staff and whistleblowing as well as acceptable use of technologies, staff/pupil relationships and communications including the use of social media;
- safeguarding response to children who go missing from education; and also important that staff determine how best to build trusted relationships with children and young people which facilitates communication;
- role of the DSL including the identity of the DSL and any DDSLs.
- copy of Part One Keeping Children Safe in Education (2022) and should be signed to say it has been read and understood. Annex B Further information
- Annex A, condensed version of Part one of KCSiE (DfE 2022). It can be provided (instead of Part one) to those staff who do not directly work with children.

Purpose of the Child Protection Policy

To inform staff, parents, volunteers and trustees about the school's responsibilities for safeguarding children.
To enable everyone to have a clear understanding of how these responsibilities should be carried out.

Hertfordshire Safeguarding Children Partnership Procedures

The school follows the procedures established by the Hertfordshire Safeguarding Children Partnership (HSCP); a guide to procedures and practice for all agencies in Hertfordshire working with children and their families.
<https://hertsscb.proceduresonline.com/index.htm>

School Staff & Volunteers and contract workers

All school staff, including supply staff, volunteers and contract workers have a responsibility to provide a safe environment in which children can learn.

School staff and volunteers are particularly well placed to observe outward signs of abuse, changes in behaviour and failure to develop because they have daily contact with children.

All school staff will receive appropriate safeguarding children training, including online safety (which is updated regularly – Hertfordshire Safeguarding Children Partnership advises every three years), so that they are knowledgeable and aware of their role in the early recognition of the indicators of abuse and neglect and of the appropriate procedures to follow. In addition, all staff members will receive safeguarding and child protection updates (for example, via email, e-bulletins and staff meetings), as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively.

Supply staff, contractors and volunteers will be made aware of the safeguarding policies and procedures by the DSL, including The Child Protection Policy and Staff code of conduct.

Mission Statement

At Beaumont School we establish and maintain an ethos and culture where children feel secure, are encouraged to talk, and are listened and responded to when they have a worry or concern.

We establish and maintain an ethos and culture where school staff and volunteers feel safe, are encouraged to talk and are listened and responded to when they have concerns about the safety and well-being of a child.

We ensure children know that there are adults in the school whom they can approach if they are worried.

We ensure that children, who have additional/unmet needs are supported appropriately. This could include referrals to Early Help Services or Child Protection Contacts to specialist services if they are a child in need or have been / are at risk of being abused and neglected.

We consider how children may be taught about safeguarding, including online, through teaching and learning opportunities, as part of providing a broad and balanced curriculum. Refer to KCSiE(DfE 2022), pg. 33

Staff members working with children are advised to maintain an attitude of 'it could happen here' and 'it could

be happening to this child', where safeguarding is concerned. When concerned about the welfare of a child, staff members should always act in the best interests of the child.

**Implementation, Monitoring
and Review of the Child
Protection Policy**

The policy will be reviewed at least annually by the Board of Trustees. It will be implemented through the school's induction and training programme, and as part of day-to-day practice. Compliance with the policy will be monitored by the DSL and through staff performance measures.

2. STATUTORY FRAMEWORK

In order to safeguard and promote the welfare of children, the school will act in accordance with the following legislation and guidance:

- The Children Act 1989
- The Children Act 2004
- Children and Social Work Act 2017
- Education Act 2002 (Section 175/157)
Outlines that Local Authorities and School Governing Bodies have a responsibility to “ensure that their functions relating to the conduct of school are exercised with a view to safeguarding and promoting the welfare of children who are its pupils”.
- Hertfordshire Safeguarding Children Partnership Procedures Manual (Electronic)
- Keeping Children Safe in Education (DfE, September 2022)
- Working Together to Safeguard Children (DfE 2018)
- The Education (Pupil Information) (England) Regulations 2005
- Sexual Offences Act (2003)
- Section 26, The Counter Terrorism and Security Act 2015 (PREVENT duty)
- Female Genital Mutilation Act 2003 (Section 74, Serious Crime Act 2015)
- Anti-social Behaviour, Crime and Policing Act 2014 (makes it a criminal offence to force someone to marry. Includes taking someone overseas to force them to marry (whether or not the forced marriage takes place).
- Serious Violence Strategy 2018
- Equality Act 2010 (including the Public Sector Equality Duty)
- The Human Rights Act 1998
- Apprenticeships, Skills, Children and Learning Act 2009
- Sexual violence and sexual harassment between children in schools and colleges (DfE 2021)

3. THE DESIGNATED SAFEGUARDING LEAD

The Board of Trustees and proprietors ensure an appropriate **senior member** of staff, from the school **leadership team**, is appointed to the role of DSL.

During term time the DSL or a DDSL will always be available (during school hours) for staff in the school to discuss any safeguarding concerns and individual arrangement for out of hours/out of term activities will be:

The DSL for Child Protection in this school is:

NAME: Yvonne Powdrell Deputy Headteacher

In the absence of the lead DSL.

The DDSL/s for Child Protection in this school are:

NAME: Elena Dundjerovic Assistant Headteacher

Danielle Irving Assistant Headteacher

Joanna Tolley Head of KS5/sixth Form

Natalie Moody Head of KS4

The broad areas of responsibility for the DSL are:

- Managing Child Protection Contact Referrals and cases
- Completing Child Protection Contact Referrals for all cases of suspected abuse or neglect where there is a risk of significant harm to the child/young person, Police where a crime may have been committed and to the Channel programme where there is a radicalisation concern
- Liaise with the Head Teacher or Principal to inform him of issues, especially ongoing enquiries under Section 47 of the Children Act 1989 and police investigations
- Act as a source of support, advice and expertise to staff on matters of safety and safeguarding and when deciding whether to make a Child Protection Contact Referral by liaising with relevant agencies
- Support staff who make Child Protection Contact Referrals and other service referrals

- Share information with appropriate staff in relation to a child's looked after (CLA) legal status (whether they are looked after under voluntary arrangements with consent of parents or on an Interim Care Order or Care Order) and contact arrangements with birth parents or those with parental responsibility.
- Ensure they have details of the CLA's social worker and the name of the virtual school Head Teacher in the authority that looks after the child or those currently working with a to social worker.

Training KCSiE (DfE, 2022)

The DSL should undergo formal training specific to their safeguarding role and duties at least every two years. They should also undertake Prevent Awareness training every 3 years and Home Office online training on an annual basis at a minimum. In addition to this, the DSL/DDSL also endeavours to attend Prevent in Education course organised by Hertfordshire County Council's prevent programme manager and CPSLO service.

In-between formal training a DSL/DDSL's knowledge and skills should be refreshed (for example via e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments). This training should provide the DSL with a good understanding of their own role, how to identify, understand and respond to specific needs that can increase vulnerability of children, as well as specific harms that can put children at risk, and the processes, procedures and responsibilities of other agencies, particularly local authority children's social care, so they:

- 1) Understand the assessment process for providing early help and statutory intervention, including local criteria for action and local authority children's social care referral arrangements
- 2) Have a working knowledge of how Hertfordshire conducts a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so
- 3) Understand the importance of the role the DSL has in providing information and support to local authority children social care in order to safeguard and promote the welfare of children
- 4) Understand the lasting impact that adversity and trauma can have, including on children's behaviour, mental health and wellbeing, and what is needed in responding to this in promoting educational outcomes
- 5) Are alert to the specific needs of children in need, those with special educational needs and disabilities (SEND), those with relevant health conditions and young carers
- 6) Understand the importance of information sharing, both within the school, and with the safeguarding partners, other agencies, organisations and practitioners
(Full details in Chapter one of Working Together to Safeguard Children)

7) Understand and support the school with regards to the requirements of the Prevent duty and are able to provide advice and support to staff on protecting children from the risk of radicalisation

8) Are able to understand the unique risks associated with online safety and be confident that they have the relevant knowledge and up to date capability required to keep children safe whilst they are online at school

9) Can recognise the additional risks that children with special educational needs and disabilities (SEND) face online, for example, from online bullying, grooming and radicalisation and are confident they have the capability to support children with SEND to stay safe online

10) Obtain access to resources and attend any relevant or refresher training courses and

11) encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, in any measures the school may put in place to protect them.

Raising Awareness: The DSL (DDSL) should:

- Ensure all staff including part time, contractors, volunteers and supply staff has access to, and understands the school's child protection policy and procedures, especially new and part-time staff
- Work with the governing bodies or proprietors to ensure that the school's child protection policy is reviewed annually, and the procedures and implementation are updated and reviewed regularly.
- Ensure the safeguarding and child protection policy is available publicly and that parents know that referrals about suspected abuse or neglect may be made and the role of the school in this.
- Link with Hertfordshire Safeguarding Children's Partnership (HSCP) to make sure staff are aware of training opportunities and the latest local policies on safeguarding arrangements.
- Help promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children who have or have had a social worker are experiencing with teachers and school and college leadership staff. The DSL/DDSL should have details of the child's social worker and the name of the virtual school's head in the authority that looks after the child.

4. THE MANAGEMENT OF SAFEGUARDING

The Board of Trustees and proprietors must ensure that they comply with their duties under legislation. They must also have regard to KCSiE to ensure that the policies, procedures and training in their school are always effective and comply with the law.

The Board of Trustees and proprietors have a senior board level (or equivalent) lead to take **leadership** responsibility for their schools or college's safeguarding arrangements.

All governors and trustees should receive appropriate safeguarding and child protection (including online) training at induction. This training should equip them with the knowledge to provide strategic challenge to test and assure themselves that the safeguarding policies and procedures in place in schools and colleges are effective and support the delivery of a robust whole school approach to safeguarding. Their training should be regularly updated.

The nominated governor/ trustee for child protection is:

NAME Peter Mayne

The nominated Chair of governors/ Trustees, management committee for child protection is:

NAME Ian Johnston

The nominated Vice Chair of governors/ Trustees, management committee for child protection is:

NAME ??

- Headteachers and principals should ensure that the policies and procedures, adopted by their Board of Trustees and proprietors (particularly those concerning referrals of cases of suspected abuse and neglect), are understood and followed by staff.
- The Board of Trustees and proprietors should be aware of their obligations under the Human Rights Act 1998, the Equality Act 2010, (including the Public Sector Equality Duty), and their local multi-agency safeguarding arrangements
- According to the Equality Act, schools **must** not unlawfully discriminate against pupils because of their sex, race, disability, religion or belief, gender reassignment, pregnancy and maternity, or sexual orientation (protected characteristics).
- Whilst all of the above protections are important, in the context of safeguarding, this guidance, and the legal duties placed on schools in relation to safeguarding and promoting the welfare of children, Board of Trustees and proprietors should carefully consider how they are supporting their students with regard to particular protected

characteristics - including disability, sex, sexual orientation, gender reassignment and race.

- The Public Sector Equality Duty (PSED) is found in the Equality Act. Compliance with the PSED is a legal requirement for state-funded schools
- The PSED places a general duty on schools to have, in the exercise of their functions, due regard to the need to eliminate unlawful discrimination, harassment and victimisation (and any other conduct prohibited under the Equality Act), to advance equality of opportunity and foster good relations between those who share a relevant protected characteristic and those who do not. The duty applies to all protected characteristics and means that whenever significant decisions are being made or policies developed, specific consideration must be given to the equality implications of these such as, for example, the need to eliminate unlawful behaviours that relate to them such as sexual violence and sexual harassment, misogyny/misandry and racism.

Whole school approach to safeguarding

- The Board of Trustees and proprietors should ensure they facilitate a whole school approach to safeguarding. This means involving everyone in the school, and ensuring that safeguarding, and child protection are at the forefront and underpin all relevant aspects of process and policy development. Ultimately, all systems, processes and policies should operate with the **best interests** of the child at their heart.
- Where there is a safeguarding concern, The board of Trustees, proprietors and school leaders should ensure the child's wishes and feelings are taken into account when determining what action to take and what services to provide.
- The school's safeguarding policies and procedures (some of which are listed below) should be transparent, clear, and easy to understand for staff, pupils, students, parents, and carers. Systems should be in place, and they should be well promoted, easily understood and easily accessible for children to confidently report, any form of abuse or neglect, knowing their concerns will be treated seriously, and knowing they can safely express their views and give feedback.

Safeguarding policies and procedures

These policies should include individual schools and colleges having:

- an **effective child protection policy**
- a **behaviour policy**, which includes measures to prevent bullying (including cyberbullying, prejudice-based and discriminatory bullying)
- a **staff the code of conduct** which should, amongst other things, include low-level concerns, allegations against staff and whistleblowing, plus acceptable use of technologies (including the use of mobile devices), staff/pupil relationships and communications including the use of social media.
- **appropriate safeguarding arrangements** in place to respond to children who go

missing from education, particularly on repeat occasions

- The Board of Trustees and proprietors should take a proportionate risk-based approach to the level of information that is provided to temporary staff, volunteers and contractors.

In addition, governing bodies and proprietors should ensure:

- **child protection files** are maintained as set out in Annex C of KCSiE
- **appropriate safer recruitment policies** in accordance with Part three of KCSiE are in place, embedded and effective and,
- where reasonably possible, schools hold **more than one emergency contact number** for each student. This goes beyond the legal minimum. It is good practice to give the school additional options to make contact with a responsible adult when a child missing education is also identified as a welfare and/or safeguarding concern
- The Board of Trustees and proprietors should ensure an appropriate **senior member** of staff, from the school **leadership team**, is appointed to the role of DSL. It is not appropriate for the proprietor to be the DSL. The DSL should take **lead responsibility** for safeguarding and child protection (including online safety). This should be explicit in the role holder's job description.

Governing bodies and proprietors should ensure the DSL has the appropriate status and authority within the school to carry out the duties of the post. The role carries a significant level of responsibility and the postholder should be given the additional time, funding, training, resources, and support needed to carry out the role effectively.

It is for individual schools to decide whether they choose to have one or more DDSLs. Any DDSLs should be trained to the same standard as the DSL.

Multi-agency working

The Board of Trustees and proprietors should ensure that the school contributes to multi-agency working in line with statutory guidance Working Together to Safeguard Children.

Safeguarding partners, the Hertfordshire Safeguarding Children Partnership (HSCP) are the 3 organisations responsible for the partnership arrangements for keeping children safe (Hertfordshire County Council, Hertfordshire Constabulary and The Hertfordshire and West Essex Integrated Board) will make arrangements to work together with appropriate relevant agencies, of which Schools are, to safeguard and promote the welfare of local children, including identifying and responding to their needs.

HSCP create a procedures manual which sets out how they will work together and with any relevant agencies.

Working Together to Safeguard Children is very clear that all schools in the local area should be fully engaged, involved, and included in safeguarding arrangements. It is

expected that, locally, the safeguarding partners (HSCP) will name schools as relevant agencies. Safeguarding partners (HSCP) will set out in their published arrangements which organisations and agencies they will be working with, and the expectations placed on any agencies and organisations by the arrangements. Once named as a relevant agency, schools, in the same way as other relevant agencies, are under a statutory duty to co-operate with the published arrangements. They must act in accordance with the safeguarding arrangements.

It is especially important that schools understand their role within the local safeguarding arrangements. The Board of Trustees proprietors, and their senior leadership teams, especially their DSLs, should make themselves aware of and follow their local arrangements

The Board of Trustees and proprietors should understand the local criteria for action and the local protocol for assessment and ensure they are reflected in their own policies and procedures. They should also be prepared to supply information as requested by the safeguarding partners.

Schools should work with local authority children's social care, the police, health services and other services to promote the welfare of children and protect them from harm. This includes providing a coordinated offer of early help when additional needs of children are identified and contributing to inter-agency plans to provide additional support to children subject to child protection plans.

All schools should allow access for local authority children's social care from the host local authority and, where appropriate, from a placing local authority, for that authority to conduct, or to consider whether to conduct, a section 17 or a section 47 assessment.

Information sharing

As part of meeting a child's needs, it is important for Board of Trustees and proprietors to recognise the importance of information sharing between practitioners and local agencies. This should include ensuring arrangements are in place that set out clearly the processes and principles for sharing information within the school and with local authority children's social care, the safeguarding partners and other organisations, agencies, and practitioners as required.

School staff should be proactive in sharing information as early as possible to help identify, assess and respond to risks or concerns about the safety and welfare of children, whether this is when problems are first emerging, or where a child is already known to the local authority children's social care.

It is important that governing bodies and proprietors are aware that among other obligations, the Data Protection Act 2018, and the UK General Data Protection Regulation (UK GDPR) place duties on organisations and individuals to process personal information fairly and lawfully and to keep the information they hold safe and secure.

The Board of Trustees and proprietors should ensure relevant staff have due regard to the relevant data protection principles, which allow them to share (and withhold) personal information, as provided for in the Data Protection Act 2018 and the UK GDPR.

This includes:

- being confident of the processing conditions which allow them to store and share information for safeguarding purposes, including information, which is sensitive and personal, and should be treated as 'special category personal data'
- understanding that 'safeguarding of children and individuals at risk' is a processing condition that allows practitioners to share special category personal data. This includes allowing practitioners to share information without consent where there is good reason to do so, and that the sharing of information will enhance the safeguarding of a child in a timely manner. It would be legitimate to share information without consent where: it is not possible to gain consent; it cannot be reasonably expected that a practitioner gains consent; and, if to gain consent would place a child at risk, and
- for schools, not providing pupils' personal data where the serious harm test under the legislation is met. For example, in a situation where a child is in a refuge or another form of emergency accommodation, and the serious harm test is met, they must withhold providing the data in compliance with schools' obligations under the Data Protection Act 2018 and the UK GDPR. Where in doubt schools should seek independent legal advice. 119. The Data Protection Act 2018 and UK GDPR do not prevent the sharing of information for the purposes of keeping children safe. Fears about sharing information must not be allowed to stand in the way of the need to safeguard and promote the welfare and protect the safety of children.

Where children leave the school, the designated safeguarding lead should ensure their child protection file is transferred to the new school or college as soon as possible, and within 5 days for an in-year transfer or within the first 5 days of the start of a new term to allow the new school or college to have support in place for when the child arrives. The designated safeguarding lead should ensure secure transit, and confirmation of receipt should be obtained. For schools, this should be transferred separately from the main pupil file. Receiving schools should ensure key staff such as designated safeguarding leads and special educational needs co-ordinators (SENCO's) or the named persons with oversight for special educational needs and disability (SEND) in a college, are aware as required.

In addition to the child protection file, the designated safeguarding lead should also consider if it would be appropriate to share any information with the new school or college in advance of a child leaving. For example, information that would allow the new school or college to continue supporting children who have had a social worker and been victims of abuse, or those who are currently receiving support through the 'Channel' programme and can have that support in place for when the child arrives.

Staff Training

The Board of Trustees and proprietors should ensure that **all** staff undergo safeguarding and child protection training, including online safety, at induction. The training should be regularly updated. Induction and training should be in line with any advice from the safeguarding partners (HSCP).

All staff should receive regular safeguarding and child protection updates (for example, via email, e-bulletins, staff meetings) as required, and at least annually.

The Board of Trustees and proprietors should recognise the expertise staff build by undertaking safeguarding training and from managing safeguarding concerns on a daily basis. Opportunity should therefore be provided for staff to contribute to, and shape, safeguarding arrangements and the child protection policy.

Opportunities to teach safeguarding

The Board of Trustees and proprietors should ensure that children are taught about how to keep themselves and others safe, including online. It should be recognised that effective education will be tailored to the specific needs and vulnerabilities of individual children, including children who are victims of abuse, and children with special educational needs or disabilities.

In schools, relevant topics will be included within Relationships and Sex Education and Health Education. In teaching these subjects schools must have regard to the statutory guidance [Relationships and sex education \(RSE\) and health education - GOV.UK \(www.gov.uk\)](https://www.gov.uk/guidance/relationships-and-sex-education-rse-and-health-education)

Safeguarding concern or allegations made about another staff member

The Board of Trustees and proprietors should ensure there are procedures in place to manage **any** safeguarding concerns (no matter how small) or allegations that **do not** meet the harm threshold, about staff members, including supply staff, volunteers, and contractors. This includes those that are considered to be 'Low-Level' concerns.

The Board of Trustees and proprietors should ensure there are procedures in place for staff to report concerns or allegations that **may** meet the harm threshold about staff members (including supply staff, volunteers, and contractors).

There **must** be procedures in place to make a referral to the Disclosure and Barring Service (DBS) if a person in regulated activity has been dismissed or removed due to safeguarding concerns or would have been had they not resigned. **This is a legal duty and failure to refer when the criteria are met is a criminal offence.**

Where a teacher's employer, including an agency, dismisses or ceases to use the 39 Section 35 of the Safeguarding Vulnerable Groups Act 2006. 40 Section 38 of the Safeguarding Vulnerable Groups Act 2006. 39 services of a teacher because of serious misconduct, or might have dismissed them or ceased to use their services had they not left first, they must consider whether to refer the case to the Secretary of State (via the Teaching Regulation Agency). Details about how to make a referral to the Teaching Regulation Agency can be found on [Gov.uk](https://www.gov.uk)

Child-on-child abuse

All staff should recognise that children are capable of abusing other children (including online). All staff should be clear about their school's policy and procedures with regard to child-on-child abuse.

5. WHEN TO BE CONCERNED

All staff should be aware of indicators of abuse and neglect (see below), understanding that children can be at risk of harm inside and outside of the school, inside and outside of home and online. Exercising professional curiosity and knowing what to look for is vital for the early identification of abuse and neglect so that staff are able to identify cases of children who may be in need of help or protection.

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or by another child or children.

Physical abuse	
A form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.	
Indicators in a child/ young person	
Bruises – shape, grouping, site, repeat or multiple	Withdrawal from physical contact
Bite-marks – site and size Burns and Scalds – shape, definition, size, depth, scars	Aggression towards others, emotional and behaviour problems
Improbable, conflicting explanations for injuries or unexplained injuries	Frequently absent from school
Untreated injuries	Admission of punishment which appears excessive
Injuries on parts of body where accidental injury is unlikely	Fractures
Repeated or multiple injuries	Fabricated or induced illness

Emotional abuse
The persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning or preventing

the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.	
Indicators in a child/ young person	
Self-harm	Over-reaction to mistakes / Inappropriate emotional responses
Chronic running away	Abnormal or indiscriminate attachment
Drug/solvent abuse	Low self-esteem
Compulsive stealing	Extremes of passivity or aggression
Makes a disclosure	Social isolation – withdrawn, a 'loner' Frozen watchfulness particularly pre school
Developmental delay	Depression
Neurotic behaviour (e.g. rocking, hair twisting, thumb sucking)	Desperate attention-seeking behaviour

Neglect	
The persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.	
Indicators in a child/ young person	
Failure to thrive - underweight, small stature	Low self-esteem
Dirty and unkempt condition	Inadequate social skills and poor socialisation
Inadequately clothed	Frequent lateness or non-attendance at school
Dry sparse hair	Abnormal voracious appetite at school or nursery
Untreated medical problems	Self-harming behaviour
Red/purple mottled skin, particularly on the hands and feet, seen in the winter due to cold	Constant tiredness
Swollen limbs with sores that are slow to heal, usually associated with cold injury	Disturbed peer relationships

Sexual abuse

Involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing, and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue (also known as peer on peer abuse) in education and all staff should be aware of it and of their school or colleges policy and procedures for dealing with it.

Indicators in a child/ young person

Self-harm - eating disorders, self-mutilation and suicide attempts	Poor self-image, self-harm, self-hatred
Running away from home	Inappropriate sexualised conduct
Reluctant to undress for PE	Withdrawal, isolation or excessive worrying
Pregnancy	Sexual knowledge or behaviour inappropriate to age/stage of development, or that is unusually explicit
Inexplicable changes in behaviour, such as becoming aggressive or withdrawn	Poor attention / concentration (world of their own)
Pain, bleeding, bruising or itching in genital and /or anal area	Sudden changes in schoolwork habits, become truant
Sexually exploited or indiscriminate choice of sexual partners	

If staff have any concerns about a child's welfare, they should act on them immediately. If staff have a concern, they should follow this policy and speak to the DSL/DDSL. The DSL/DDSL are most likely to have a complete safeguarding picture and be the most appropriate person to advise on the response to a safeguarding concern.

At Beaumont all contacts and referrals are made by the Lead DSL or the Deputy DSL. Therefore staff can be aware of how to refer but will not need to make a referral. Section 17 and 47 requests information is completed by the Lead DSP or Deputy with support from that students Head of Key Stage, Head of Year or lead professional.

Any staff member should be able to make a Child Protection Contact Referral to Children's Services if necessary.

All staff should be aware of the process for making Child Protection Contact Referrals to Children's Services for statutory assessments under the Children Act 1989, especially section 17 (children in need) and section 47 (a child suffering, or likely to suffer, significant

harm - from abuse or neglect) that may follow a Contact Referral, along with the role they might be expected to play in such assessments.

Staff should not assume a colleague, or another professional will take action and share information that might be critical in keeping children safe. They should be mindful that early information sharing is vital for effective identification, assessment and allocation of appropriate service provision.

Options will then include:

- Managing any support for the child internally via the school's own pastoral support processes.
- Completing a Families First Assessment or making a request for early help support.
- A Child Protection Contact Referral for statutory services, as the child suffering / likely to suffer significant harm from abuse or neglect.

Extra Familial Harm/Contextual Safeguarding

Safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside the school or college. All staff, but especially the DSLs and their Deputies should be considering the context within which such incidents and/or behaviours occur. This is known as contextual safeguarding, which simply means assessments of children should consider whether wider environmental factors are present in a child's life that are a threat to their safety and/or welfare.

A child centred and coordinated approach to safeguarding

Safeguarding and promoting the welfare of children is **everyone's responsibility**. In order to fulfil this responsibility effectively, each professional should make sure their approach is **child centred**. This means that they should consider, at all times, what is in the best interests of the child.

Schools and their staff form part of the wider safeguarding system for children. This system is based on the principle of providing help for families to stay together where it is safe for the children to do so, and looking at alternatives where it is not, whilst acting in the **best interests** of the child at all times.

Children who may require early help (known as Families First in Hertfordshire)

Families First is Hertfordshire's strategy for early help for families. A directory of early help services is available at www.hertfordshire.gov.uk/familiesfirst which will help practitioners and families find information and support to prevent escalation of needs and crisis.

All staff should be aware of the **early help process**, and understand their role in identifying emerging problems, sharing information with other professionals to support early identification and assessment of a child's needs. It is important for children to receive the right help at the right time to address risks and prevent issues escalating. This also includes staff monitoring the situation and feeding back to the DSL any ongoing/escalation of concerns so that consideration can be given to a Child Protection Contact Referral to Children's Services if the child's situation doesn't appear to be improving.

If early help is appropriate, the DSL or a DDSL will generally lead on liaising with other agencies and setting up a Families First Assessment as appropriate.

Any child may benefit from early help, but all school and college staff should be particularly alert to the potential need for early help for a child who:

- is disabled or has certain health conditions and has specific additional needs
- has special educational needs (whether or not they have a statutory Education, Health and Care Plan)
- has a mental health need
- is a young carer
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups or county lines
- is frequently missing/goes missing from care or from home
- is at risk of modern slavery, trafficking, sexual or criminal exploitation
- is at risk of being radicalised or exploited
- has a family member in prison, or is affected by parental offending
- is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse
- is misusing alcohol and other drugs themselves
- has returned home to their family from care
- is at risk of 'honour'-based abuse such as Female Genital Mutilation or Forced Marriage
- is a privately fostered child, and
- is persistently absent from education, including persistent absences for part of the school day.

School staff members should be aware of the main categories of maltreatment: **physical abuse, emotional abuse, sexual abuse and neglect** as well as being aware of the indicators of maltreatment and **specific safeguarding issues** so that they are able to identify cases of children who may be in need of help or protection.

Children with special educational needs and disabilities (SEND) or certain medical or physical health conditions can face additional safeguarding challenges both online and offline. Barriers can exist when recognising abuse and neglect in this group of children. This can include:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's impairment without further exploration
- these children being more prone to peer group isolation or bullying (including prejudice-based bullying) than other children.
- The potential for children with SEND or certain medical conditions being

disproportionally impacted by behaviours such as bullying, without outwardly showing any signs and

- Communication barriers and difficulties in managing or reporting these challenges.
- Cognitive understanding – being unable to understand the difference between fact and fiction in online content and then repeating the content/behaviours in school or college or the consequences of doing so.

Child-on-child abuse

All staff should be aware that children can abuse other children and that it can happen both inside and outside of school or college and online. **All** staff should be clear as to the school's policy and procedures with regard to child-on-child abuse and the important role they have to play in preventing it and responding where they believe a child may be at risk from it.

All staff should understand that even if there are no reports in their schools it does not mean it is not happening, it may be the case that it is just not being reported. As such it is important if staff have **any** concerns regarding child-on-child abuse they should speak to their DSL (or DDSL).

It is essential that **all** staff understand the importance of challenging inappropriate behaviours between children, many of which are listed below, that are abusive in nature. Downplaying certain behaviours, for example dismissing sexual harassment as "just banter", "just having a laugh", "part of growing up" or "boys being boys" can lead to a culture of unacceptable behaviours, an unsafe environment for children and in worst case scenarios a culture that normalises abuse leading to children accepting it as normal and not coming forward to report it.

Child-on-child abuse is most likely to include, but may not be limited to:

- Bullying (including cyberbullying, prejudice-based and discriminatory bullying).
- abuse in intimate personal relationships between children (sometimes known as 'teenage relationship abuse')
- Physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm. (this may include an online element which facilitates, threatens and/or encourages physical abuse)
- Sexual violence, such as rape, assault by penetration and sexual assault. (this may include an online element which facilitates, threatens and/or encourages sexual violence)
- Sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be stand-alone or part of a broader pattern of abuse.
- causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party
- consensual and non-consensual sharing of nude and semi-nude images and/or videos¹¹ (also known as sexting or youth produced sexual imagery)
- upskirting, which typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual

gratification, or cause the victim humiliation, distress, or alarm, and

- initiation/hazing type violence and rituals (this could include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group and may also include an online element).

In order to minimise the risk of child-on-child abuse the school:

- Provides a developmentally appropriate PSHE and RSE curriculum which develops pupils' understanding of acceptable behaviour and keeping themselves safe. see PSHCE overview, includes, bullying, alcohol, smoking and recreational drugs, internet safety, prejudice, FGM, forced marriage, Prejudiced behaviour, Sexual violence and sexual harassment, Healthy and respectful relationships, What respectful behaviour looks like, Consent, Gender roles, stereotyping and equality, Body confidence and self-esteem. Staying safe online.
- Have systems in place for any student to raise concerns with staff, knowing that they will be listened to, believed and valued. Students are aware of the support network in school, as well as information now in the school planner to guide them to further support networks outside of school. Once a child has reported child-on child abuse the child will be listened to, information recorded, the wishes of the child asked and listened to. The incident will be investigated, contact with parents and meeting held, and support put in place for the victim. The perpetrator will be spoken with, and the incident investigated. If found to be true sanctions will be put in place in line with the school behaviour policy. This will be recorded on the child's file as well as central record for child –on - child abuse. If this abuse is sexual violence or harassment or sexting as well as the above procedures the school will ensure that the children are not in contact with each other whilst the investigation takes place, and at the conclusion of the investigation, if necessary and as appropriate, make changes for in seating plans, being in the same lessons, moving forms, moving half year groups or managed moves. In the instances of sexual violence, harassment or sexting appropriate external agencies will be contacted, including the Police.
- Ensure victims, perpetrators and any other child affected by child-on-child abuse will be supported: Through support in school, form tutor, Heads of Year, mentor, counsellor, safety and support plans, change in form groups classes, safe spaces.
- Develops robust risk assessments where appropriate (e.g. Using the Risk Assessment Management Plan and Safety and Support Plan tools).
- Have relevant policies in place (e.g. behaviour policy).

Where there is an allegation or concern that a child has abused others, Section 5.1.7 of the Hertfordshire Safeguarding Children Partnership Procedures Manual, 'Children Who Abuse Others':

http://hertsscb.proceduresonline.com/chapters/p_chil_abuse.html

Child-on-child sexual violence and sexual harassment

- When responding to concerns relating to child-on-child sexual violence or harassment, School will follow the guidance outlined in Part five of KCSIE 2022.
- School recognises that sexual violence and sexual abuse can happen anywhere, and all staff will maintain an attitude of 'it could happen here.' We recognises sexual violence and sexual harassment can occur between two children of any age and sex. It can occur through a group of children sexually assaulting or sexually harassing a single child or group of children and can occur online and face to face (both physically and verbally). Sexual violence and sexual harassment is never acceptable.
- All victims of sexual violence or sexual harassment will be reassured that they are being taken seriously, regardless of how long it has taken them to come forward, and that they will be supported and kept safe. A victim will never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment, or ever be made to feel ashamed for making a report.
- Abuse that occurs online or outside of the school will not be dismissed or downplayed and will be treated equally seriously and in line with relevant policies/procedures.
- School recognises that the law is in place to protect children and young people rather than criminalise them, and this will be explained in such a way to pupils/students that avoids alarming or distressing them.
- School recognises that an initial disclosure to a trusted adult may only be the first incident reported, rather than representative of a singular incident and that trauma can impact memory, so children may not be able to recall all details or timeline of abuse. All staff will be aware certain children may face additional barriers to telling someone, for example because of their vulnerability, disability, sex, ethnicity, and/or sexual orientation
- The DSL (or DDSL) is likely to have a complete safeguarding picture and will be the most appropriate person to advise on the initial response.
- The DSL will make an immediate risk and needs assessment which will be considered on a case-by-case basis which explores how best to support and protect the victim and the alleged perpetrator, and any other children involved/impacted, in line with part five of KCSIE 2022 and HSCP procedures.
- The risk and needs assessment will be recorded and kept under review and will consider the victim (especially their protection and support), the alleged perpetrator, and all other children, and staff and any actions that are required to protect them.
- Reports will initially be managed internally by the school and where necessary will be referred to Children's Services and/or the police.

Important considerations which may influence this decision include:

- the wishes of the victim in terms of how they want to proceed.
- the nature of the alleged incident(s), including whether a crime may have been committed and/or whether Harmful Sexual Behavior has been displayed.
- the ages of the children involved.
- the developmental stages of the children involved.
- any power imbalance between the children.
- if the alleged incident is a one-off or a sustained pattern of abuse - sexual abuse can be accompanied by other forms of abuse and a sustained pattern may not just be of

a sexual nature.

- that sexual violence and sexual harassment can take place within intimate personal relationships between children.
- understanding intra familial harms and any necessary support for siblings following incidents.
- whether there are any ongoing risks to the victim, other children, adult students, or school staff
- any other related issues and wider context, including any links to child sexual exploitation and child criminal exploitation.

The school will in most instances engage with both the victim's and alleged perpetrator's parents/carers when there has been a report of sexual violence; this might not be necessary or proportionate in the case of sexual harassment and will depend on a case-by-case basis. The exception to this is if there is a reason to believe informing a parent/carer will put a child at additional risk. Any information shared with parents/carers will be in line with information sharing expectations, our confidentiality policy, and any data protection requirements, and where they are involved, will be subject to discussion with other agencies (for example Children's Services and/or the police) to ensure a consistent approach is taken.

Serious violence

All staff should be aware of indicators, which may signal that children are at risk from, or are involved with serious violent crime.

- Increased absence from school
- Change in friendships or relationships with older individuals or groups
- Significant decline in performance
- Signs of self-harm or significant change in wellbeing
- Signs of assault or unexplained injuries
- Unexplained gifts/new possessions

Also refer to **Schools Toolkit** the characteristics of young peoples' vulnerability to CSE and CCE on the HGFL; <https://thegrid.org.uk/safeguarding-and-child-protection/child-protection/specific-safeguarding-issues/child-sexual-and-criminal-exploitation>

Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)

Both CSE and CCE are forms of abuse that occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into taking part in sexual or criminal activity, in exchange for something the victim needs or wants, and/or for the financial advantage or increased status of the perpetrator or facilitator and/or through violence or the threat of violence. CSE and CCE can affect children, both male and female and can include children who have been moved (commonly referred to as trafficking) for the purpose of exploitation.

Mental Health

All staff should be aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

Only appropriately trained professionals should attempt to make a diagnosis of a mental health problem. Education staff, however, are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one.

If staff have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken, following this policy, and speaking to the DSL or a DDSL.

Prevent: Safeguarding Children and Young People from Radicalisation

Children can be vulnerable to extreme ideologies and radicalisation. Similar to protecting children from other forms of harm and abuse, protecting children from radicalisation must be part of all school and college safeguarding approaches.

All schools are subject to the Prevent Duty under Section 26 of the Counter Terrorism and Security Act 2015 (the CTSA 2015), in the exercise of their functions to have “due regard to the need to prevent people from being drawn into terrorism

There are signs and vulnerability factors that may indicate a child is susceptible to radicalisation or is in the process of being radicalised. It is possible to protect vulnerable people from extremist thinking and intervene to safeguard those at risk of radicalisation. Staff must be alert to changes in children’s behaviour, which could indicate that they may be in need of Prevent support.

School will act proportionately to the concern using the Prevent ‘notice, check, share’ approach, which may lead to the DSL making a Prevent referral. If there is an immediate threat, the police will be contacted via 999.

Local Hertfordshire County Council guidance on Prevent is featured at 5.3.9 of the Hertfordshire Safeguarding Children’s Partnership CP procedures

https://hertsscb.proceduresonline.com/chapters/p_prevent_guide.html

Domestic Abuse

Domestic abuse can encompass a wide range of behaviours and may be a single incident or a pattern of incidents. Domestic abuse can be, but is not limited to, psychological, physical, sexual, financial or emotional. Children can be victims of domestic abuse. They may see, hear, or experience the effects of abuse at home and/or suffer domestic abuse in their own intimate relationships (teenage relationship abuse). All of which can have a detrimental and long-term impact on their health, well-being, development, and ability to learn.

All children can witness and be adversely affected by domestic abuse in the context of their home life where domestic abuse occurs between family members. See Appendix 4 for information regarding Operation Encompass.

6. DEALING WITH A DISCLOSURE

If a child confides in a member of staff/volunteer and requests that the information is kept secret, it is important that the member of staff/volunteer tell the child in a manner appropriate to the child's age/stage of development that they cannot promise complete confidentiality – instead they must explain that they may need to pass information to other professionals to help keep the child or other children safe.

If a child discloses that he or she has been abused in some way, the member of staff/volunteer should:

- Listen to what is being said without displaying shock or disbelief
- Accept what is being said
- Allow the child to talk freely
- Reassure the child, but not make promises which might not be possible to keep
- Never promise a child that they will not tell anyone - as this may ultimately not be in the best interests of the child.
- Reassure him or her that what has happened is not his or her fault
- Stress that it was the right thing to tell
- Listen, only asking questions when necessary to clarify what is being said.
- Not criticise the alleged perpetrator
- Explain what has to be done next and who has to be told
- Make a written record (see Record Keeping)
- Pass the information to the DSL without delay (if a DSL or DDSL is not available, staff must inform a senior member of staff or complete a child protection contact referral if this disclosure indicates that the child may be at risk of immediate harm and/or have been suffered significant harm to ensure reporting to Police and/or Children's Services where necessary is not delayed)

Third Party Disclosures

It's everyone's responsibility to report concerns related to children and make referrals to Children Services and the Police if suspected that a child has been abused or is at risk of abuse.

Therefore, when safeguarding concerns are shared to the DSL in a school by a parent or member of the public, it is important to note that there is equal responsibility by the complainant to report the matter also directly rather than assume the responsibility is that of

the school. If unsure of how to do this speak to the DSL / head teacher and they will advise accordingly.

Support

Dealing with a disclosure from a child, and safeguarding issues can be stressful. The member of staff/volunteer should, therefore, consider seeking support for him/herself and discuss this with the DSL.

If a school /college staff member receives a disclosure about potential harm caused by another staff member, they should see section 11 of this policy– *Allegations involving school staff/volunteers.*

7. RECORD KEEPING

All practitioners should be confident of the processing conditions under the Data Protection Act 2018 and the GDPR which allow them to store and share information for safeguarding purposes, including information, which is sensitive and personal, and should be treated as 'special category personal data'.

All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing. If in doubt about recording requirements staff should discuss with the DSL. Staff will:

- Record as soon as possible after the conversation. Use the schools Child Protection Recording system which may be electronic or using a record of concern sheet (proforma available on the Hertfordshire Grid for Learning).
- Ensure the date, time, place is recorded, and any noticeable non-verbal behaviour and the words used by the child.
- Use the body map on the school's recording system or the proforma body map available on HGFL, to indicate the position of any injuries and a clear description of the injury.
- Record statements and observations rather than interpretations or assumptions.
- Do not destroy the original records in case they are needed by a court.
- All records need to be given to the DSL promptly. No copies should be retained by the member of staff or volunteer.

The DSL/DDSL will have access to safeguarding records and will ensure that all records are managed in accordance with the Education (Pupil Information) (England) Regulations 2006.

Safeguarding records, The Herts Grid

<https://thegrid.org.uk/safeguarding-and-child-protection/child-protection/safeguarding-records>

8. CONFIDENTIALITY

Safeguarding children raises issues of confidentiality that must be clearly understood by all staff/volunteers in schools.

- All staff in schools, both teaching and non-teaching staff, have a responsibility to share relevant information about the protection of children with other professionals, particularly the investigative agencies.
- Staff/volunteers who receive information about children and their families in the course of their work should share that information only within appropriate professional contexts.

9. SCHOOL PROCEDURES

Please see Appendix 3 – KCSiE 2022 pg.22

If any member of staff is concerned about a child, he or she must inform the DSL. The DSL will decide whether the concerns should be raised to Children's Services and if deemed to have met the threshold for a Child Protection Contact Referral to be completed. If a Child Protection Contact Referral to Children's Services is made the DSL will discuss the referral with the parents, unless to do so would place the child at further risk of harm.

While it is the DSL's role to make Child Protection Contact Referrals, any staff member can make a Child Protection Contact Referral to Children's Services if a child is in immediate danger or is at risk of harm (e.g. concern that a family might have plans to carry out FGM, Forced Marriage etc). In these circumstances a Child Protection Contact Referral should be made to Children's Services and/or the Police immediately. Where Child Protection Contact Referrals are made by another member of staff, the DSL should be informed as soon as possible.

If a **teacher** (persons employed or engaged to carry out teaching work at schools and other institutions in England), in the course of their work in the profession, discovers that an act of Female Genital Mutilation (FGM) appears to have been carried out on a girl under the age of 18 the **teacher** must report this to the police via 101. **This is a mandatory reporting duty.** KCSiE (DfE 2022) pg. 152-153:

If the allegations raised are against other children, the school should follow section 5.1.17 of the Hertfordshire Safeguarding Children Partnership Procedures Manual – Children Who Abuse Others. Please see the school's anti-bullying policy for more details on procedures to minimise the risk of child-on-child abuse.

The member of staff must record information regarding the concerns on the same day. The recording must be a clear, precise and a factual account of any verbal disclosures and

observations (record of concern pro-forma is available on the Hertfordshire Grid for Learning).

Particular attention should be paid to the attendance and development of any child about whom the school has concerns, or who has been identified as being the subject of a Child Protection Plan and a written record will be kept.

If a pupil who is/or has been the subject of a child protection plan changes school, the DSL will inform the social worker responsible for the case and transfer the appropriate records to the DSL at the receiving school, in a secure manner, and separate from the child's academic file.

The DSL is responsible for making the senior leadership team aware of trends in behaviour that may affect pupil welfare. If necessary, training will be arranged.

10. COMMUNICATION WITH PARENTS

Beaumont School will ensure the Child Protection Policy is available publicly either via the school or college website or by other means.

Parents should be informed prior to a Child Protection Contact Referral, unless it is considered to do so might place the child at increased risk of significant harm by:

- The behavioural response it prompts e.g. a child being subjected to abuse, maltreatment or threats / forced to remain silent if alleged abuser informed.
- Leading to an unreasonable delay.
- Leading to the risk of loss of evidential material.
- The school may also consider not informing parent(s) where this would place a member of staff at risk.

The school will endeavour to ensure that parents understand the responsibilities placed on the school staff for safeguarding children.

Where reasonably possible schools and colleges should hold more than one emergency contact number for each pupil and student. KCSiE (DfE 2022) pg. 28.

Further guidance around information sharing can be located within; **Information sharing Advice for practitioners providing safeguarding services to children, young people, parents and carers** (DfE, 2018);

<https://www.gov.uk/government/publications/safeguarding-practitioners-information-sharing-advice>

11. ALLEGATIONS OF ABUSE MADE AGAINST ADULTS WHO WORK WITH CHILDREN AND YOUNG PEOPLE

An allegation/safeguarding concern is any information which indicates that a member of staff/volunteer/contractor may have:

- Behaved in a way that has harmed a child or may have harmed a child.
- Possibly committed a criminal offence against or related to a child.
- Behaved towards a child or children in a way which indicates he or she would pose a risk of harm to children or
- Behaved or may have behaved in a way that indicated they may not be suitable to work with children.

This relates to members of staff, supply staff, volunteers and contractors who are currently working in any school or college regardless of whether the school or college is where the alleged abuse took place. Allegations against a teacher who is no longer teaching should be referred to the police. Historical allegations of abuse should also be referred to the police.

If staff have safeguarding concerns, or an allegation is made about another member of staff (including supply staff, volunteers and contractors) posing a risk of harm to children, this is to be referred to the headteacher, principal, proprietor of an independent school. This includes allegations reported or made by a child, parent or member of the public.

Where the headteacher or principal is the subject of an allegation or safeguarding concerns, this to be referred to the chair of governors, or the chair of the management committee or proprietor of an independent school (the case manager).

Staff may consider discussing any concerns with the DSL and if appropriate make any referral via them.

The Chair of the Board of Trustees in this school is:

NAME: Ian Johnston CONTACT NUMBER: 01727 854726

In the absence of the Chair of Board of Trustees, the Vice Chair should be contacted. The Vice Chair in this school is:

NAME: David Lee CONTACT NUMBER: 01727 854726

The person to whom an allegation is first reported should take the matter seriously and keep an open mind. S/he should not investigate or ask leading questions if seeking clarification; it is important not to make assumptions. Confidentiality should not be promised and the person should be advised that the concern will be shared on a 'need to know' basis only.

Actions to be taken include making an immediate written record of the allegation using the informant's words – including time, date and place where the alleged incident took place, brief details of what happened, what was said and who was present. This record should be signed, dated and immediately passed on to the Head Teacher.

The recipient of an allegation must **not** unilaterally determine its validity, and failure to report it in accordance with procedures is a potential disciplinary matter.

The Head Teacher/Chair of Board of Trustees will not investigate the allegation itself, or take written or detailed statements, but will assess whether it is necessary to refer the concern to the Local Authority Designated Officer (LADO Threshold Guidance may be used to inform this decision – found at

https://hertsscb.proceduresonline.com/chapters/p_manage_alleg.html

Children's Services – 0300 123 4043

SOOHS (Out of Hours Service-Children's Services) – 0300 123 4043

If the allegation meets any of the four criteria set out at the start of this section, contact should always be made with the Local Authority Designated Officer (LADO) without delay and within 24 hours in line with HSCP CP procedures.

If it is decided that the allegation requires a child protection strategy meeting or a joint evaluation meeting, this will take place in accordance with section 5.1.5 of the Hertfordshire Safeguarding Children Partnership Procedures Manual.

If it is decided it does not require a child protection strategy meeting or joint evaluation meeting, the LADO will provide the employer with advice and support on how the allegations should be managed.

The Head Teacher should, as soon as possible, **following briefing** from the LADO inform the subject of the allegation.

Concerns that do not meet the 'harm threshold'

School may also need to take action in response to 'low-level' concerns about staff. Additional information regarding low-level concerns is contained with our staff behaviour policy/code of conduct/low-levels concerns policy – this includes what a low-level concern is, the importance of sharing them and the confidential procedure to follow when sharing them.

- School has an open and transparent culture in which all concerns about all adults working in or on behalf of the school/college are dealt with promptly and appropriately; this enables us to identify inappropriate, problematic or concerning behaviour early, minimise the risk of abuse and ensure that adults working in or on behalf of the school/college are clear about and act within appropriate professional boundaries, and in accordance with our ethos and values.
- A 'low-level' concern does not mean that it is insignificant; a low-level concern is any concern that an adult working in or on behalf of the school may have acted in a way that is inconsistent with our staff behaviour policy/code of conduct, including inappropriate conduct outside of work and does not meet the 'harm threshold' or is

otherwise not serious enough to consider a referral to the LADO.

- Low-level concerns may arise in several ways and from a number of sources. For example, suspicion, complaints, or allegations made by a child, parent or other adult within or outside of the organisation, or as a result of vetting checks.

It is crucial that all low-level concerns are shared responsibly, recorded and dealt with appropriately to protect staff from becoming the subject of potential false low-level concerns or misunderstandings.

Low-level concerns should be shared confidentially in line with our low-levels concerns policy/staff behaviour policy/code of conduct to

Name Martin Atkinson (Headteacher) or Yvonne Powdrell (Deputy Headteacher/DSL)

- Where low-level concerns are reported to the school the headteacher will be informed of all Low level concerns and is the ultimate decision maker in respect of the response to all low-level concerns.
- Low-level concerns shared about supply staff and contractors will be shared with their employers so any potential patterns of inappropriate behaviour can be identified.
- If the school is in any doubt as to whether the information which has been shared about a member of staff as a low-level concern in fact meets the harm threshold, we will consult with the LADO.
- Low-level concerns will be recorded in writing and reviewed so potential patterns of concerning, problematic or inappropriate behaviour can be identified.
- Records will be kept confidential and will be held securely and retained and in compliance with the Data Protection Act 2018 and the UK General Data Protection Regulation (UK GDPR) and other relevant policies and procedures (for example data retention policies).
- Where a pattern is identified, the school will implement appropriate action, for example reviewing the LADO threshold and completing a referral if harm test met.

For further information see

Hertfordshire Safeguarding Children Partnership Procedures Manual Section 5.1.5
Managing Allegations Against Adults who work with Children and Young People

Where a staff member feels unable to raise an issue with their employer/through the whistleblowing procedure or feels that their genuine concerns are not being addressed, other whistleblowing channels may be open to them:

- Children's Services 0300 123 4043
- NSPCC whistleblowing helpline is available for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday and Email: help@nspcc.org.uk

What school staff should do if they have concerns about safeguarding practices within the school?

Model Child Protection Policy for Schools
CSF0034

September 2022

- All staff and volunteers should feel able to raise concerns about poor or unsafe practice and potential failures in the school or education setting's safeguarding arrangements.
- Appropriate whistleblowing procedures, which are suitably reflected in staff training and staff behaviour policies, should be in place for such concerns to be raised with the school's senior leadership team.

Safer working practice

To reduce the risk of allegations, all staff should be aware of safer working practice and should be familiar with the guidance contained in the staff handbook/school code of conduct/staff behaviour policy and Safer Recruitment Consortium document, ***Guidance for safer working practice for those working with children and young people in education settings (February 2022)*** available at <https://www.saferrecruitmentconsortium.org/>

The document seeks to ensure that the responsibilities of school leaders towards children and staff are discharged by raising awareness of illegal, unsafe, unprofessional and unwise behaviour. This includes guidelines for staff on positive behaviour management in line with the ban on corporal punishment (School Standards and Framework Act 1998). Please see the school/college's behaviour management policy for more information.

HSCP escalation and complaints procedure link

https://hertsscb.proceduresonline.com/chapters/p_resolution_disagree.html

APPENDIX 1: KCSiE (DfE 2022)

Part One OR Annex A: Information for all school and college staff Annex B: Further information

On publication of this Child Protection Policy, September 2022, the CPSLO Service has decided to provide the hyperlink only to KCSiE rather than the document in its entirety, due to the potential for updates to the content.

All staff that have direct working with children should have access and have read Part one OR Annex A and Annex B (which provides further information specific forms of abuse and safeguarding issues) of this statutory guidance. Those staff who do not work directly with children should read **either Part one or Annex A** (a condensed version of Part one) of this guidance. This is entirely a matter for the school or college and will be based on their assessment of which guidance will be most effective for their staff to safeguard and promote the welfare of children. All Staff should also have the opportunity to seek clarity from designated staff for any content.

This is to assist staff to understand their role and discharge their responsibilities as set out in this guidance.

We highly recommend that staff are asked to sign to say they have read these sections (please see Appendix 2 below) and should subsequently be re-directed to these documents again should any changes occur.

APPENDIX 2:

DECLARATION FOR STAFF Child Protection Policy and KCSiE DfE 2022

School name Beaumont School Academic Year 2022/2023

Please sign and return by Friday 9th September 2022

I, _____ have read and am familiar with the contents of the following documents and understand my role and responsibilities as set out in these document(s).:

- (1) The School's Child Protection Policy
- (2) **Part One OR Annex A (delete as appropriate) and Annex B** of 'Keeping Children Safe in Education' DfE Guidance, 2022
- 3) Peer-on-Peer Abuse
- (4) Staff Professional Code of Conduct
- (5) Whistleblowing Policy
- (6) ICT Code of Conduct

I am aware that the DSLs/DDSLs are:

Lead DSP:

Deputy DSPs are:

1

2

3

4

and I am able to discuss any concerns that I may have with them.

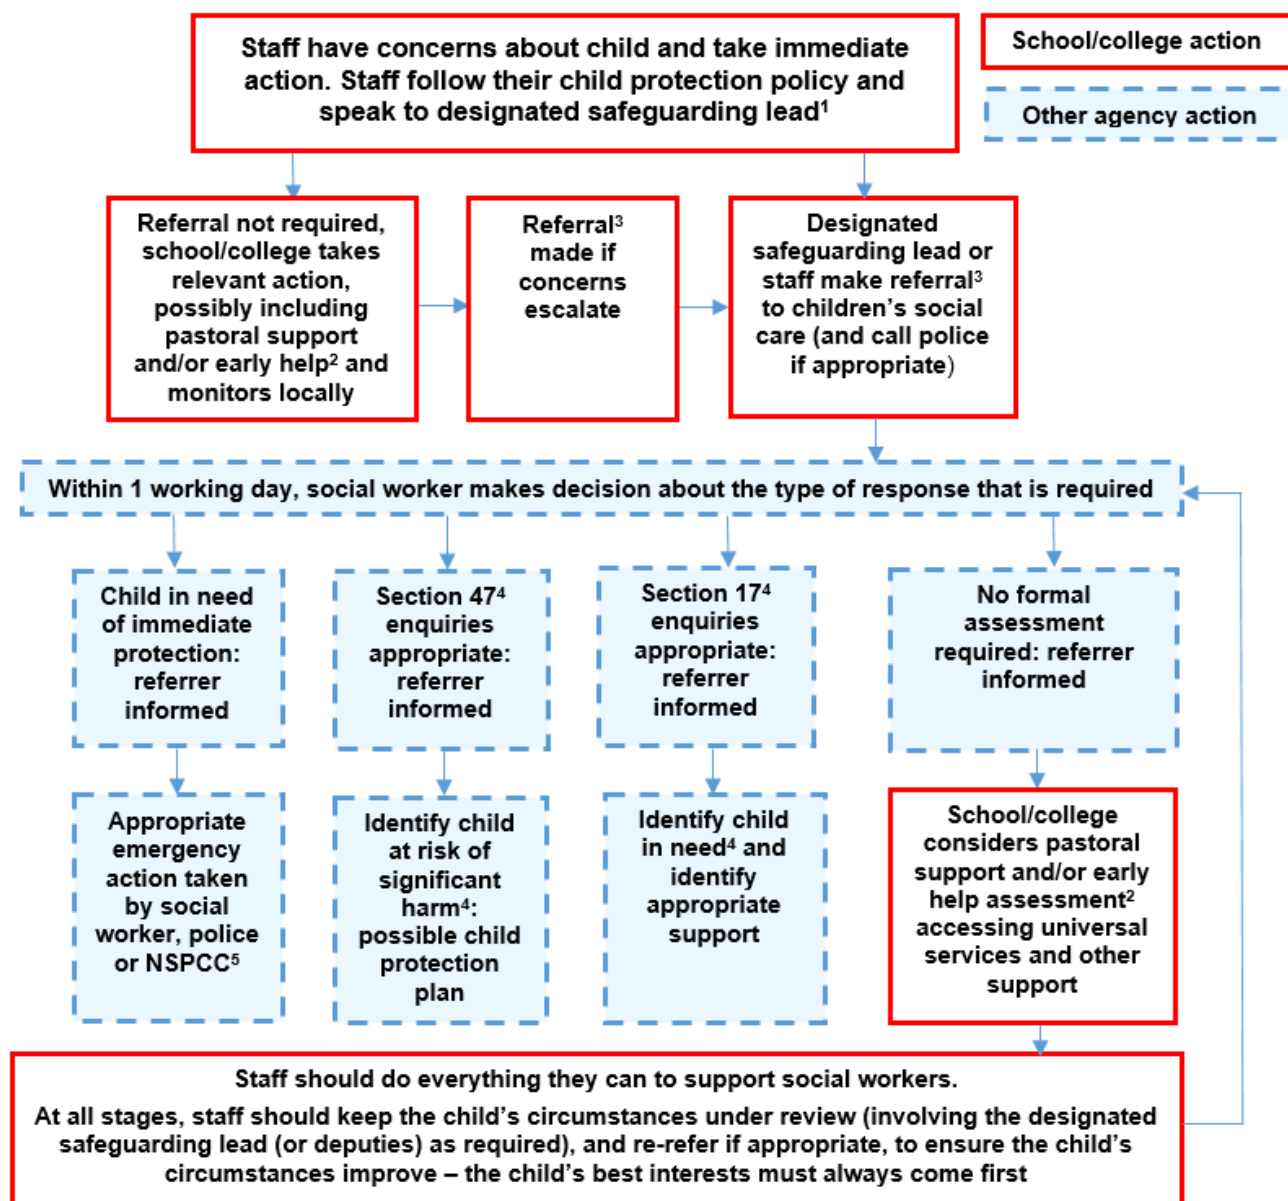

I know that further guidance, together with copies of the policies mentioned above, are available in the google drive-safeguarding, as well as on the School Website

Signed _____

Date _____

APPENDIX 3:

ACTIONS WHERE THERE ARE CONCERNS ABOUT A CHILD Flowchart

The National Police Chiefs' Council- *When to call the police* guidance

This advice covers incidents on school and college premises where students have potentially committed a crime. It provides guidance on what schools and colleges should bear in mind when considering contacting the police. This advice covers the following situations:

- Assault
- Criminal damage

- Cyber crime
- Drugs
- Harassment
- Sexual offences
- Theft
- Weapons

This advice aims to support schools and college to make defensible decisions when considering whether to involve the police. Further guidance can be found at;

<https://www.npcc.police.uk/documents/Children%20and%20Young%20people/When%20to%20call%20the%20police%20guidance%20for%20schools%20and%20colleges.pdf>

APPENDIX 4:

OPERATION ENCOMPASS – Information sharing from Police regarding Domestic Abuse notifications (2nd December 2019)

Operation Encompass Safeguarding Statement:

- Our school is part of Operation Encompass. This is a police and education early intervention safeguarding partnership which supports children and young people who experience Domestic Abuse.
- Operation Encompass means that the police will share information about Domestic Abuse incidents with our school PRIOR to the start of the next school day when they have been called to a domestic incident.
- Our parents are fully aware that we are an Operation Encompass school.
- The Operation Encompass information is stored in line with all other confidential safeguarding and child protection information.
- The Key Adult has also led training for all school staff and Governors about Operation Encompass, the prevalence of Domestic Abuse and the impact of this abuse on children. We have also discussed how we can support our children following the Operation Encompass notification.
- We are aware that we must do nothing that puts the child/ren or the non-abusing adult at risk.
- The Safeguarding Governor will report on Operation Encompass in the termly report to Governors. All information is anonymised for these reports.
- The Key Adult has used the Operation Encompass Toolkit to ensure that all appropriate actions have been taken by the school.

Children missing from education in accordance with setting attendance policy

All children, regardless of their circumstances, are entitled to an efficient, full-time education which is suitable to their age, ability, aptitude and any special educational needs they may have. Children missing education are children of compulsory school age who are not registered pupils at a school and are not receiving suitable education otherwise than at a school. Children missing education are at significant risk of underachieving, being victims of harm, child sexual exploitation or radicalisation, and becoming NEET (not in education, employment, or training) later in life.

Department for Education guidance makes it clear that in carrying out this duty, local authorities must have in place arrangements for joint working and information sharing with other local authorities and partner agencies. It also states that all agencies which come into contact with children must cooperate with the local authority's arrangements for identifying children thought to be missing from education.

Separate guidance is available for schools on Herts Grid for Learning, about the legitimate removal of pupils from a school roll. A child legitimately removed from roll is not in most cases missing from education and all schools, including academies and independent schools are legally required to notify the local authority when they remove/plan to remove a child from their roll.

APPENDIX 5:

Ofsted school Inspection Handbook September 2021

This handbook is primarily a guide for inspectors on how to carry out school inspections. However, it is made available to schools and other organisations to ensure that they are informed about the processes and procedures of inspection. It seeks to balance the need for consistency in inspections with the flexibility required to respond to the individual circumstances of each school.

On publication of this Child Protection Policy, September 2022, the CPSLO Service has decided to provide the hyperlink only to the Ofsted School Inspection Handbook rather than the document in its entirety, due to the potential for updates to the content.

APPENDIX 8:

Table of substantive changes from previous CP policy

SECTION OF POLICY	CHANGES
Policy review	Adding of 'Academy'/ 'principal' and 'board of trustee' to reflect settings that use these terms
1.Introduction	<p>Mission Statement – highlighted in blue to ensure that this is personalised to your setting</p> <p>Language change from peer on peer to child-on-on child abuse</p> <p>Addition to staff behaviour policy to include low-level concerns, allegations against staff and whistleblowing</p> <p>safeguarding response to children who go missing from education; and also important that staff determine how best to build trusted relationships with children and young people which facilitates communication.</p> <p>Contract Workers added to the list of those that should follow the CP Policy</p> <p>Date change of KCSiE 2021 to KCSiE 2022 throughout</p>
2.Statutory Framework	<p>Update of 2022 edition of KCSiE referenced</p> <p>Addition of The Equality Act 2010 (Including Public Sector Equality Duty) and The Human Rights Act 1998</p>
3.DSL/ DDSL	<p>Updated section on recommended Training for DSL/ DDSL role as stated in KCSiE 2022</p> <p>Addition of the link to Prevent in Education on the Hertfordshire Grid</p> <p>Addition under Raising Awareness section of especially new and part-time staff</p> <p>Addition of bullet point highlighting that CP Policy should be available publicly</p>
4.The management of safeguarding	Addition of new paragraphs providing more detail about the roles of Governing Body, proprietors and management committees.

(Governing Body, proprietors and management committees)	<p>Multi-agency working – Making it clear that the Safeguarding partners referred to within KCSiE in Hertfordshire is Hertfordshire Safeguarding Children Partnership (HSCP)</p> <p>Addition of link to Relationship and Sex education (RSE) and health education publication</p>
5.When to be concerned	<p>Addition of: All staff should be aware of indicators of abuse and neglect (see below), understanding that children can be at risk of harm inside and outside of the school/college, inside and outside of home and online. Exercising professional curiosity and knowing what to look for is vital for the early identification of abuse and neglect so that staff are able to identify cases of children who may be in need of help or protection.</p> <p>Change in wording under list of reasons why a child may benefit from early help: is misusing alcohol and other drugs themselves</p> <p>Amendment to wording in SEND section</p> <p>Addition of whole section regarding child-on-child abuse</p> <p>Update to section of HSCP to refer to re “Children Who Abuse Others”</p> <p>Addition of section child-on-child sexual violence and sexual harassment</p> <p>Addition of paragraph re CSE and CCE</p> <p>Addition of information regarding Mental Health in children and that it can be an indicator child is suffering abuse, neglect or exploitation</p> <p>Information added to make it clear only trained health professionals should attempt to make a diagnosis of a mental health problem</p> <p>Updated link to HSCP added</p> <p>Section regarding Domestic Abuse added</p>
6.Dealing with a Disclosure	No changes from CP policy 2021
7.Record Keeping	No changes from CP policy 2021
8.Confidentiality	No changes from CP policy 2021
9.School Procedures	KCSiE Pg 152 -153 regarding staff mandatory reporting duty related to Female Genital Mutilation.

	<p>HSCP section updated</p> <p>Language peer on peer updated to child-on-child</p>
10.Communication with parents	KCSiE 2022 and page number updated re schools/colleges holding more than one emergency contact number
11.Allegationsof abuse made against adults who work with children and young people.	<p>Section added with regards to Concerns that do not meet the “harm threshold” and ‘low level’ concerns</p> <p>Guidance for safer working practice guidance recent publication date of February 2022 added</p>
<p>Annex 1. Link to KCSiE (DfE, 2021)</p> <p>Part One or Annex A: Information for all school and college staff</p> <p>Annex B: Further information</p> <p>Updates from KCSiE 2021</p>	Link to KCSiE (DfE, 2022)
Annex 2. Declaration for staff: Child Protection Policy and (KCSiE) DfE 2021	Changes made aligned to KSCiE 2022
Annex 3. Actions where there are concerns about a child	Now appears on page 22 of KCSiE 2022
Annex 4. Operation Encompass – Information sharing from Police regarding Domestic Abuse notifications and	No changes from CP policy 2021

Children Missing from Education (2nd December 2019)	
Annex 5. Ofsted school Inspection Handbook (September 2021)	Date change with regards to CP Policy and update July 2022 to Ofsted School Inspection Handbook
Annex 6. Sexual violence and sexual harassment between children in schools and colleges guidance (2021)	Previously appendix 7
Annex 7. Online Safety guidance	New Appendix added 2021
Annex 8. Covid guidance into new academic year 2021-2022	Previously Appendix 9 Appendix 8 regarding covid removed
Annex 9. GDPR, data protection and Freedom of Information	New Appendix added 2021

APPENDIX 9:

Child-on-Child Abuse

Introduction

Beaumont Schools regard the introduction of this policy as a preventative measure, and do not feel it is acceptable merely to take a reactive approach to child-on-child abuse in response to alleged incidents of it, and we recognise national and increasing concern about these issues, and wish to implement this policy in order to ensure that our pupils are safe.

child-on-child abuse is defined as ‘any form of physical, sexual, emotional and financial abuse, and coercive control, exercised between children and within children’s relationships (both intimate and non-intimate)’ (Abuse between young people: a contextual account (Routledge 2017)).

Beaumont School recognises that children are vulnerable to and capable of abusing their peers. We take such abuse as seriously as abuse perpetrated by an adult. This includes verbal as well as physical abuse. We have a zero –tolerance approach to child on child abuse and it will not be tolerated and or passed off as part of “banter”, “just having a laugh”, “part of growing up” or “boys being boys” as this can lead to a culture of unacceptable behaviours and an unsafe environment for children

We are committed to a whole school approach to ensure the prevention, early identification and appropriate management of child on child abuse within our school and beyond.

In cases where child on child abuse is identified we will follow our child protection procedures, taking a contextual approach to support all children and young people who have been affected by the situation.

child on child abuse is most likely to include, but may not be limited to:

- bullying (including cyberbullying, prejudice-based and discriminatory bullying);
- abuse in intimate personal relationships between peers;
- physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm (this may include an online element which facilitates, threatens and/or encourages physical abuse);
- sexual violence, such as rape, assault by penetration and sexual assault; (this may include an online element which facilitates, threatens and/or encourages sexual violence);
- sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be standalone or part of a broader pattern of abuse;
- causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party;
- consensual and non-consensual sharing of nudes and semi nudes images and or (also known as sexting or youth produced sexual imagery);
- upskirting, which typically involves taking a picture under a person’s clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm; and
- initiation/hazing type violence and rituals (this could include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group

and may also include an online element).

Some of these behaviours will need to be handled with reference to other policies in school such as the behaviour policy, anti-bullying policy, child protection policy and online safety policy.

This policy concentrates on child-on-child abuse in the context of sexual harassment and sexual violence. It is compliant with the statutory guidance on child-on-child abuse as set out in Keeping Children Safe in Education (September 2022) and should be read in conjunction with the Local Safeguarding Children Board's (LSCB) Safeguarding Policy and Procedures, and any relevant Practice Guidance issued by it.

This policy applies to all staff, governors, contractors and volunteers. It will be reviewed annually, and updated in the interim as required, to ensure that it continually addresses the risks to which students are or may be exposed.

Aims

The school will: -

- Set out our strategies for preventing, identifying and managing child-on-child abuse
- Take a contextual approach to safeguarding all children and young people involved. Acknowledging that children who have allegedly abused their peers or displayed harmful sexual behaviour are themselves vulnerable and may have been abused by peer, parents or adults in the community.

Understanding child-on-child abuse

Sexual violence and sexual harassment can occur between two children of any age and sex or a group of children sexually assaulting or sexually harassing a single child or group of children.

The impact of this behaviour on children can be very distressing and have an impact on academic achievement and emotional health and wellbeing.

Sexual harassment and sexual violence may also occur online and offline.

The Context

All behaviour takes place on a spectrum. Understanding where a child's behaviour falls on a spectrum is essential to being able to respond appropriately to it.

In this policy we recognise the importance of distinguishing between problematic and abusive sexual behaviour (Harmful Sexual Behaviour HSB).

We are adopting the NSPCC definition of HSB as: -

"Sexual behaviours expressed by children...that are developmentally inappropriate, may be harmful towards self or others, or be abusive towards another child...or adult."

We will also use Simon Hackett's continuum model to demonstrate the range of sexual behaviours. (Appendix 1)

Vulnerable groups

We recognise that all children can be at risk however we acknowledge that some groups are more vulnerable. This can include: experience of abuse within their family; living with domestic violence; young people in care; children who go missing; children with additional needs (SEN and/or disabilities); children who identify or are perceived as LGBTQ+ and/or have other protected characteristics under the Equalities Act 2010.

Whist research tells us girls are more frequently identified as being abused by their peers and, girls are more likely to experience unwanted sexual touching in schools this is not confined to girls.

Boys are less likely to report intimate relationship abuse and may display other behaviour such as antisocial behaviour. Boys report high levels of victimisation in areas where they are affected by gangs. We recognise that both boys and girls experience peer on peer abuse, but they do so in gendered ways.

Signs that a child may be suffering child-on-child abuse can overlap with those indicating other types of abuse . Signs can include:

- failing to attend school, disengaging from classes or struggling to carry out school related tasks to the standard ordinarily expected
- physical injuries/self harm
- experiencing difficulties with mental health and / or emotional wellbeing
- becoming withdrawn and / or shy
- experiencing headaches, stomach aches, anxiety and / or panic attacks
- suffering from nightmares or lack of sleep or sleeping too much
- broader changes in behaviour including alcohol or substance misuse
- changes in appearance and / or starting to act in a way that is not appropriate for the child's age
- abusive behaviour towards others
 - change of friendship group or relationships with older students

Responding to Alleged Incidents Responding to reports of sexual violence and sexual harassment

All reports of child on child abuse which involve sexual violence or harassment will be made on a case by case basis with the designated safeguarding lead or their deputy taking a leading role using their professional judgement and supported by other agencies such as social care or the police as required.

The immediate response to a report

- The school or college will take all reports seriously and will reassure the victim that they will be listened to, supported and kept safe.
- All staff will be trained to manage a report.
- Staff will not promise confidentiality as the concern will need to be shared further (for example, with the designated safeguarding lead or social care) staff will however only share the report with those people who are necessary to progress it.
- A written report will be made as soon after the interview as possible recording the facts as presented by the child. These may be used as part of a statutory assessment if the case is escalated later.
- Where the report includes an online element the school will follow advice on searching, screening and confiscation. The staff will not view or forward images.
- The DSL will be informed as soon as possible.

Risk Assessment

When there has been a report of sexual violence, the designated safeguarding lead (or a deputy) will make an immediate risk and needs' assessment. Where there has been a report of sexual harassment, the need for a risk assessment should be considered on a case-by-case basis. The risk and needs' assessment should consider:

- The victim, especially their protection and support;
- The alleged perpetrator; and

- All the other children (and, if appropriate, adult students and staff) at the school, especially any actions that are appropriate to protect them;

Risk assessments will be recorded (written or electronic say where these are filed) and be kept under review.

The designated safeguarding lead (or a deputy) will ensure they are engaging with Hertfordshire consultation HUB.

Action following a report of sexual violence and/or sexual harassment

Following an incident, we will consider

- The wishes of the victim in terms of how they want to proceed. This is especially important in the context of sexual violence and sexual harassment;
- The nature of the alleged incident(s), including: whether a crime may have been committed and consideration of harmful sexual behaviour;
- The ages of the children involved;
- The developmental stages of the children involved;
- Any power imbalance between the children. For example, is the alleged perpetrator significantly older, more mature or more confident? Does the victim have a disability or learning difficulty?
- If the alleged incident is a one-off or a sustained pattern of abuse;
- Are there ongoing risks to the victim, other children, adult students or school or college staff; and other related issues and wider context?

Follow up Actions

Children sharing a classroom:

Whilst the school or college establishes the facts of the case and starts the process of liaising with children's social care and the police:

- The perpetrator will be removed from any classes they share with the victim.
- We will consider how best to keep the victim and alleged perpetrator a reasonable distance apart on school premises.

These actions are in the best interests of both children and should not be perceived to be a judgment on the guilt of the alleged perpetrator.

Options to manage the report

Manage internally

1. In some cases of sexual harassment, for example, one-off incidents, we may decide that the children concerned are not in need of early help or statutory intervention and that it would be appropriate to handle the incident internally, perhaps through utilising the behaviour and bullying policies and by providing pastoral support.

This decision will be made based on the principle that sexual violence and sexual harassment is never acceptable and will not be tolerated. All decisions, and discussions around making these decisions will be recorded and stored by the DSL in confidential records.

2. In line with 1 above, we may decide that the children involved do not require statutory interventions but may benefit from early help. Early help means providing support as soon as a problem emerges, at any point in a child's life. Providing early help is more effective in promoting the welfare of children than reacting

later. Early help can be particularly useful to address non-violent harmful sexual behaviour and may prevent escalation of sexual violence.

3. Where a child has been harmed, is at risk of harm, or is in immediate danger, we will make a referral to the Hertfordshire Consultation Hub following locally agreed protocols.

Where statutory assessments are appropriate, the designated safeguarding lead or a deputy will be working alongside, and cooperating with, the relevant lead social worker. Collaborative working will help ensure the best possible package of coordinated support is implemented for the victim and, where appropriate, the alleged perpetrator and any other children that require support.

Reporting to the Police

The designated safeguarding lead (and their deputies) will follow local processes for referrals.

Where a report of rape, assault by penetration or sexual assault is made, the starting point is this will be passed on to the police. Whilst the age of criminal responsibility is ten, if the alleged perpetrator is under ten, the starting principle of reporting to the police remains. The police will take a welfare, rather than a criminal justice, approach.

Where a report has been made to the police, the school will consult the police and agree what information can be disclosed to staff and others, the alleged perpetrator and their parents or carers. They will also discuss the best way to protect the victim and their anonymity.

Where there is a criminal investigation, we will work closely with the relevant agencies to support all children involved (especially potential witnesses). Where required, advice from the police will be sought in order to help us.

Whilst protecting children and/or taking any disciplinary measures against the alleged perpetrator, we will work closely with the police (and other agencies as required), to ensure any actions the school or college take do not jeopardise the police investigation.

The end of the criminal process

If a child is convicted or receives a caution for a sexual offence, the school will update its risk assessment, ensure relevant protections are in place for all children. We will consider any suitable action following our behaviour policy. If the perpetrator remains in school we will be very clear as to our expectations regarding the perpetrator now they have been convicted or cautioned. This could include expectations regarding their behaviour and any restrictions we think are reasonable and proportionate about the perpetrator's timetable.

Any conviction (even with legal anonymity reporting restrictions) is potentially going to generate interest among other pupils or students in the school.

We will ensure all children involved are protected, especially from any bullying or harassment (including online).

Where cases are classified as "no further action" (NFA'd) by the police or Crown Prosecution Service, or where there is a not guilty verdict, we will continue to offer support to the victim and the alleged perpetrator for as long as is necessary. A not guilty verdict or a decision not to progress with their case will likely be traumatic for the victim. The fact that an allegation cannot be substantiated does not necessarily mean that it was unfounded. We will continue to support all parties in this instance.

Support for Children Affected by Sexual-Assault

Support for victims of sexual assault is available from a variety of agencies

We will support the victim of sexual assault to remain in school but if they are unable to do so we will enable them to continue their education elsewhere. This decision will be made only at the request of the child and their family.

If they are moved, we will ensure the new school is aware of the ongoing support they may need. The DSL will support this move.

Where there is a criminal investigation the alleged perpetrator will be removed from any shared classes with the victim and we will also consider how best to keep them a reasonable distance apart on the school premises. This is in the best interest of the children concerned and should not be perceived to be a judgement of guilt before any legal proceedings. We will work closely with the police.

Where a criminal investigation into a rape or assault by penetration leads to a conviction or caution, we may take suitable action, if we have not already done so. In all but the most exceptional of circumstances, the rape or assault is likely to constitute a serious breach of discipline and lead to the view that allowing the perpetrator to remain in the same school would seriously harm the education or welfare of the victim (and potentially other pupils or students).

Where a criminal investigation into sexual assault leads to a conviction or caution, we may, if we have not already done so, consider any suitable sanctions using our behaviour policy, including consideration of permanent exclusion.

Where the perpetrator is going to remain at the school, the principle would be to continue keeping the victim and perpetrator in separate classes and continue to consider the most appropriate way to manage potential contact on school premises. The nature of the conviction or caution and wishes of the victim will be especially important in determining how to proceed in such cases.

Reports of sexual assault and sexual harassment will, in some cases, not lead to a report to the police (for a variety of reasons). In some cases, rape, assault by penetration, sexual assault or sexual harassment are reported to the police and the case is not progressed or are reported to the police and ultimately result in a not guilty verdict. None of this means the offence did not happen or that the victim lied. The process will have affected both victim and alleged perpetrator. Appropriate support will be provided to both as required and consideration given to sharing classes and potential contact as required on a case-by-case basis.

All the above will be considered with the needs and wishes of the victim at the heart of the process (supported by parents and carers as required). Any arrangements should be kept under review.

Physical Abuse

While a clear focus of child on child abuse is around sexual abuse and harassment, physical assaults and initiation violence and rituals from pupils to pupils can also be abusive.

These are equally not tolerated and if it is believed that a crime has been committed, will be reported to the police.

The principles from the anti-bullying policy will be applied in these cases, with recognition that any police investigation will need to take priority.

When dealing with other alleged behaviour which involves reports of, for example, emotional and/or physical abuse, staff can draw on aspects of Hackett's continuum (Appendix 1) to assess where the alleged behaviour falls on a spectrum and to decide how to respond. This could include, for example, whether it:

- is socially acceptable
- involves a single incident or has occurred over a period of time
- is socially acceptable within the peer group
- is problematic and concerning
- involves any overt elements of victimisation or discrimination e.g. related to race, gender,

sexual orientation, physical, emotional, or intellectual vulnerability

- involves an element of coercion or pre-planning
- involves a power imbalance between the child/children allegedly responsible for the behaviour
- involves a misuse of power

Online Behaviour

Many forms of child on child abuse have an element of online behaviour including behaviours such as cyberbullying and the requesting/sending of nudes/semi-nudes.

Policies and procedures concerning this type of behaviour can be found (in anti- bullying policy, online safety policy, and child protection policy)

Nudes/semi-nudes

The term 'sharing nudes and semi-nudes' to mean the sending or posting of nude or semi-nude images, videos or live streams by young people under the age of 18 online. This could be via social media, gaming platforms, chat apps or forums. It could also involve sharing between devices via services like Apple's AirDrop which works offline.

The term 'nudes' is used as it is most commonly recognised by young people and more appropriately covers all types of image sharing incidents. Alternative terms used by children and young people may include 'dick pics' or 'pics'.

The motivations for taking and sharing nude and semi-nude images, videos and live streams are not always sexually or criminally motivated. Such images may be created and shared consensually by young people who are in relationships, as well as between those who are not in a relationship. It is also possible for a young person in a consensual relationship to be coerced into sharing an image with their partner. Incidents may also occur where:

- children and young people find nudes and semi-nudes online and share them claiming to be from a peer
- children and young people digitally manipulate an image of a young person into an existing nude online
- images created or shared are used to abuse peers e.g. by selling images online
- images created or shared are used to abuse peers e.g. by selling images online or obtaining images to share more widely without consent to publicly shame

The sharing of nudes and semi-nudes can happen publicly online, in 1:1 messaging or via group chats and closed social media accounts.

Producing and sharing nudes and semi-nudes of under 18s is also illegal, which causes considerable concern in education settings working with children and young people, and amongst parents and carers.

When an incident involving nudes and semi-nudes comes to the attention of any member of staff in an education setting:

- the incident should be referred to the DSL as soon as possible
- the DSL will meet with the child or young people involved
- parents and carers will be informed at an early stage and involved in the process in order to best support the child unless there is good reason to believe that involving them would put the child at risk of harm
- A decision will be made if it is required to make a referral to children's services and/or the police immediately if there is a concern that a child has been harmed or is at risk of immediate harm at any point in the process

Staff and parents or carers must not intentionally view any nudes and semi-nudes unless there is good and clear reason to do so. Wherever possible, responses to incidents should be based on what DSLs have been told about the content of the imagery.

Upskirting

‘Upskirting’ is where someone takes a picture under a person’s clothing (not necessarily a skirt) without their permission and/or knowledge, with the intention of viewing their genitals or buttocks (with or without underwear) to obtain sexual gratification, or cause the victim humiliation, distress or alarm. It is a criminal offence. Anyone of any sex, can be a victim.

Any incidents should be reported to the DSL

Prevention

Beaumont School actively seeks to raise awareness of and prevent all forms of child-on-child abuse by:

- Educating all Trustees, Senior Leadership Team, staff and volunteers, students, and parents about this issue. This will include training all trustees, Senior Leadership Team, staff and volunteers on the nature, prevalence and effect of child-on-child abuse, and how to prevent, identify and respond to it. This includes

(a) Contextual Safeguarding;

(b) The identification and classification of specific behaviours; and

(c) The importance of taking seriously all forms of child-on-child abuse (no matter how low level they may appear) and ensuring that no form of peer-on-peer abuse is ever dismissed as horseplay or teasing.

- Educating children about the nature and prevalence of child-on-child abuse via PSHE and the wider curriculum.
- Pupils are frequently told what to do if they witness or experience such abuse, the effect that it can have on those who experience it and the possible reasons for it, including vulnerability of those who inflict such abuse.
- They are regularly informed about the School’s approach to such issues, including its zero-tolerance policy towards all forms of peer-on-peer abuse.
- Engaging parents on this issue through information evenings and updates:
- Ensuring that all child-on-child abuse issues are fed back to the School’s safeguarding lead so that they can spot and address any concerning trends and identify students who maybe in need of additional support
- Staff challenging the attitudes that underlie such abuse (both inside and outside the classroom);
- Working with Trustees, Senior Leadership Team, all staff and volunteers, students and parents to address equality issues, to promote positive values, and to encourage a culture of tolerance and respect amongst all members of the School community;
- Creating conditions in which our students can aspire to and realise safe and healthy relationships;
- Creating a culture in which our students feel able to share their concerns openly, in a non-judgmental environment, and have them listened to; and
- Responding to cases of child-on-child abuse promptly and appropriately.

As well as having strategies for dealing with incidents we will also foster healthy and respectful relationships between boys and girls including through Relationship and Sex Education and Personal Social Health and Economic education and a whole school approach to include:

- Healthy and respectful relationships;
- What respectful behaviour looks like?
- Consent;
- Gender roles, stereotyping, and equality;
- Body confidence and self-esteem;
- Prejudiced behaviour;
- That sexual violence and sexual harassment is always wrong; and
- Addressing cultures of sexual harassment.

Multi-agency working

The School actively engages with its local partners in relation to child-on-child abuse, and works closely with, Hertfordshire Safeguarding board.

They help the School

- (a) To develop a good awareness and understanding of the different referral pathways that operate in its local area, as well as the preventative and support services which exist;
- (b) To ensure that our students can access the range of services and support they need quickly;
- (c) To support and help inform our local community's response to child-on-child abuse;
- (d) To increase our awareness and understanding of any concerning trends and emerging risks in our local area to enable us to take preventative action to minimise the risk of these being experienced by our [pupils/students].

The School actively refers concerns/allegations of child-on-child abuse where necessary to Hertfordshire Consultation Hub, children's social care, and/or other relevant agencies.

In cases involving children who are subject to risk, harm and abuse and who have LAC status, the children's social worker must be informed and a coordinated approach to address any incidents or concerns will be required.

Appendix 1

Simon Hackett (2010) has proposed a continuum model to demonstrate the range of sexual behaviours presented by children and young people, from those that are normal, to those that are highly deviant:

Normal	Inappropriate	Problematic	Abusive	Violent
Developmentally expected	<ul style="list-style-type: none"> • Single instances of inappropriate sexual behaviour 	<ul style="list-style-type: none"> • Problematic and concerning behaviours 	<ul style="list-style-type: none"> • Victimising intent or outcome 	<ul style="list-style-type: none"> • Physically violent sexual abuse
Socially acceptable	<ul style="list-style-type: none"> • Socially acceptable behaviour within peer group 	<ul style="list-style-type: none"> • Developmentally unusual and socially unexpected 	<ul style="list-style-type: none"> • Includes misuse of power 	<ul style="list-style-type: none"> • Highly intrusive
Consensual, mutual, reciprocal	<ul style="list-style-type: none"> • Context for behaviour may be inappropriate 	<ul style="list-style-type: none"> • No overt elements of victimisation 	<ul style="list-style-type: none"> • Coercion and force to ensure victim compliance 	<ul style="list-style-type: none"> • Instrumental violence which is physiologically and/or sexually arousing to the perpetrator
Shared decision making	<ul style="list-style-type: none"> • Generally consensual and reciprocal 	<ul style="list-style-type: none"> • Consent issues may be unclear • May lack reciprocity or equal power • May include levels of compulsivity 	<ul style="list-style-type: none"> • Intrusive • Informed consent lacking, or not able to be freely given by victim • May include elements of expressive violence 	<ul style="list-style-type: none"> • Sadism
