

Malton School

A Specialist Science School

SUPPORT INSPIRE THRIVE

TEACHER OF PHYSICAL EDUCATION &
HUMANITIES

INFORMATION FOR APPLICANTS

March 2024

Dear Applicant,

Thank you for your interest in the post of Teacher of PE & Humanities at Malton School. This document aims to give you some information about the school and the application procedure.

Malton School serves a wide rural area of Central Ryedale, as well as the town of Malton itself. We currently have 1059 students on roll, including 263 in the Sixth Form; there are 62 teaching staff and 72 support staff. We are fully comprehensive. Our staff student relationships are excellent. Behaviour is extremely good. Most of our students move on to university and many of them to Russell Group universities. We offer a very happy and supportive community in which colleagues can further develop their career. The school is over-subscribed.

We are seeking to appoint a Teacher of PE & Humanities to join the successful and supportive Performance & Creative, and Humanities Faculties on a permanent basis. This post is 0.5 FTE.

This role would be suitable for ECTs and will be paid on MPS only.

Please note, we do not produce a job specification for teaching posts as we expect our staff to meet and uphold the National Teaching Standards.

The school operates an iPad for Learning Scheme. Every member of staff has an iPad as well as a laptop and all students have an iPad.

The school will be joining the [Pathfinder Multi Academy Trust](#) and [Teaching School Hub](#) on 1st May 2024 and we are also a member of the [Red Kite Teaching School Alliance](#). We share staff development programmes and opportunities within the MAT and the alliance, including leadership development and support for early career teachers.

I hope you will be interested in this post and I look forward to reading your application.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'R. S. Williams', with a long horizontal flourish extending to the right.

Rob Williams
Headteacher

Benefits of working at Malton School

The school prides itself in being a supportive employer, offering favourable terms and conditions to facilitate outstanding teaching and learning. Some of the main additional benefits of working at Malton School include:

- More than the 10% national minimum PPA, in support of our Personal Development Programme.
- A strong bespoke staff development programme for all staff.
- A major investment in support staff roles (e.g. allowing the provision of “no cover”) so that teachers can focus on planning and delivering outstanding lessons.
- Membership of the Red Kite Teaching School Alliance.
- Expected membership of the Pathfinder MAT.

Malton School is committed to safeguarding and promoting the welfare of students and young people and expects all staff to share this commitment.

The PE Department (Part of the Performance & Creative Faculty)

The Physical Education Department at Malton School consists of 5 specialist PE teachers. The department is highly motivated and driven to succeed. The department prides itself on its innovative approach to teaching, working collaboratively and sharing best practices and resources. Teachers within the Department teach across all key stages. At Key Stages 3 and 4 we provide a broad and balanced curriculum that fosters a love of learning, whilst striving to promote the benefits and enjoyment of physical activity and Sport. The intent of our Physical Education curriculum is to provide all students with high quality PE/Games and Sport provision.

We have implemented and refined a Concept- Based curriculum which addresses key transferable life skills and characteristics such as resilience and mutual respect delivered through the activities which we offer. Students in Year 7 & 8 receive 4 lessons a fortnight of PE/Games and as they progress to Year 9 they receive 3 lessons a fortnight. At Key stage 3, students participate in a variety of team and individual sports in single sex groupings. Lessons are sequenced around the PE Learning Journeys to enable clear progression of skills, techniques, and strategies.

At Key Stage 4, all students receive 2 lessons a fortnight in single sex, ability groupings. Classes follow a range of traditional sports, fitness and recreational based activities. Alongside our core delivery at Key Stage 4, students who opt to follow AQA GCSE Physical Education, receive an additional 5 lessons a fortnight. The same exam board is followed into the sixth form for A Level PE and BTEC Sport which facilitates a smooth transition for those opting to study Physical Education further. We offer an extensive, open access extra-curricular programme, with opportunities to represent the school locally and regionally in various sporting activities.

As a department we organise the whole school annual sports day and house match events. In addition, we uphold strong links with our feeder Primary schools through cluster primary events that we host and deliver using our excellent sport leaders.

The Humanities Faculty

The Humanities Faculty presently consists of ten specialist teachers who teach across Key Stage 3, 4 and 5. We work through consultation, collaboratively sharing ideas, approaches and resources. Whenever possible, faculty meetings have a practical focus aimed at continued

professional development, where we debate, resource and test new teaching and learning ideas. Student progress and achievement are strong in Humanities at all Key Stages.

The school has seven designated humanities classrooms including a new Humanities block. All staff are given a laptop and iPad, and every classroom is equipped with a TV which links to a teacher laptop or can be used for iPad casting. iPads are used extensively in the faculty as a learning tool and an exciting range of established extracurricular visits which we plan to further expand.

We are looking to appoint a teacher of humanities subjects who is creative, willing to embrace new ideas, reflective in their practice and forward thinking in their use of new technology.

The School Curriculum

We operate a four-period day within a ten-day cycle. Each lesson is 75 minutes long. Students have 26 hours curriculum time each week, with the extra hour on a Thursday set aside for personal development (see below).

Key Stage 3

In Key Stage 3 setting is for Science, Maths and the group of subjects English, Geography, History, French, Spanish and Religious Education.

Key Stage 4

English (including Literature) Maths, Double Science, Religious Studies and Physical Education are compulsory. Students then choose four further options subjects (10% of curriculum time each). Where students choose triple science, this takes up one of their 4 option blocks.

Key Stage 5

Advanced Level courses are currently taught in Biology, Chemistry, Computer Science, Design Technology, Economics, English Language, English Literature, Fine Art, French, Geography, History, Maths, Maths (Further), Music, Photography, Physics, Physical Education, Politics, Psychology, Religious Education and Sociology. BTECs are offered in Food Science, Health and Social Care, and Sport and Cambridge Technicals are offered in Information Technology, Business Studies, Digital Media and Performing Arts.

Re-sit GCSE courses are also offered in English and Maths, together with an open access provision for IT skills acquisition.

Personal Development Activity

One hour per week is devoted to personal skills development. Staff offer nearly 40 different courses. Students choose a different course each term. The scheme is focused on character education and the development of the whole child. New members of staff would be expected to contribute to this programme.

Citizenship

Citizenship is taught to all in Years 7 to 9 for one period per fortnight. This builds on a well-established programme of Personal & Social Education, complementing tutorial work and linking into the Careers programme.

Academic Structure

The academic work of the School is structured in Faculties. Each Faculty is led by a Faculty Leader and an Assistant Faculty Leader.

In-service training is managed in consultation with Faculty Leaders. Funding for books and equipment is derived from a formula which takes account of the numbers and ages of students as well as the nature of the subject. Faculties are also able to bid annually for additional funding from the School budget, the Endowment, and the PTA.

Pastoral Structure

The School has 7 Heads of Year (from Year 7 to Year 13) who are line managed by the Director of Pastoral Care and Director of Sixth Form.

The School Site

We are fortunate to enjoy a large site on the edge of Malton with views of both the North York Moors and the Yorkshire Wolds. The sports field accommodates three hockey, four football, one rugby pitch, one cricket pitch and an athletics track as well as hard court tennis courts / netball courts. Staff can use our sports facilities in the excellent sports centre. There is plenty of parking space for staff.

Malton School was founded in 1547, becoming a comprehensive school in 1971 with the merger of the original grammar school and the neighbouring county modern. The two buildings, known as East and West Wings, date from 1911 and 1958. As far as possible, subject departments are housed in one wing. Most members of staff are based permanently in one room.

We opened a new Science block with four new laboratories in 2004 on becoming a specialist Science School, resulting in a total of eight laboratories and associated preparation rooms. Our Food Technology rooms were totally re-furnished in 2011. In February 2011 Archbishop Sentamu opened a community sports centre and full-sized, floodlit, astroturf pitch on the school site, providing us with the best P.E. facilities in the area. A dance and drama studio was opened in September 2013. Fully refurbished DT rooms opened in September 2016. A new 4 classroom Humanities block was opened in September 2021. We are looking forward to an improved library and set of music facilities in September 2024.
