02. Career Testimonials

Donovan Stansbury | Teaching Assistant

ATT has helped my career from the very beginning of my adult life. I started my career at Mildenhall College Academy on a Teaching Assistant Apprenticeship, provided by ATT FE. Now with my knowledge and understanding of my role I can succeed further with the support of ATT. I have completed my apprenticeship and now have a full-time role as Teaching Assistant at the academy. My next step is to start an OU degree, again something I will do with the full support of ATT.

Martin Sexton | Lead for Computer Science and STEM Coordinator

Working for ATT has given me many opportunities to progress my career. A move from Westbourne Academy to Mildenhall College Academy 5 years ago gave me my first step up from teacher to leading Computer Science. I received an ATT award for STEM which led to me becoming the STEM coordinator. To help develop my career further I now lead Team Network Group meetings with other Computing teachers from across the trust. ATT has also allowed me to develop my skills knowledge through attending a range of CPD with Computing at School, Barefoot, and Digital Schoolhouse all of which are helping to develop my practice.

Nicola Powling | Faculty Leader, Humanities

Since joining Mildenhall College Academy three years ago, I have been well-supported in my development as a middle leader and with the guidance and advice of senior leaders in the academy I have been able to demonstrate significant impact on the quality of teaching and learning in the Humanities subjects. Last academic year I chaired the Eastern TNG for History, which has given me the opportunity to work with colleagues across the Trust and share best practice. Most recently, I have been seconded to the senior leadership team with a responsibility for teaching and learning; this is an opportunity to continue my career development and to gain insight and experience in senior leadership.

Cat Rushton | Director of ATT Institute

ATT has offered me the exciting opportunity to experience a wider scope of influence over academies, to collaborate with other leaders, and to work with a range of colleagues and stakeholders in various contexts.

03. Academy Information

Rated as 'Good' by Ofsted in January 2022, here at The Nicholas Hamond Academy, we are "determined to be the best that we can be".

As a team, we are dedicated to delivering a high-quality education that enables students to make rapid progress and achieve transformational academic targets. We have high expectations of our pupils and every student matters to us.

We work closely with our local community, including parents and carers, who actively support the work we are doing to achieve and maintain the highest possible standards. Our academy is a place to be proud of.

We aspire to provide every member of our community with the opportunity to be the 'best that they can be', by offering experiences that encourage the development of high attaining, self-confident, resilient, tolerant, and happy young people.

Our ethos is founded on the development of positive relationships with students and parents, outstanding teaching, a personalised curriculum, and enthusiasm for learning.

We are 'one team' - students, staff, governors and parents - committed to working together to achieve our aim. More than just an academy, we're a true community resource, as the only secondary school in the area.

We enjoy a genuinely stunning location, close to Norwich and the A1 but surrounded by beautiful countryside and not far from some of the best beaches in Britain. This is the kind of place where people set down roots, so it's little surprise that our staff turnover is remarkably low.
