

Durrington High School Teacher of Science JOB DESCRIPTION

What is the purpose of the job?

- To ensure outstanding outcomes for all students
- Be responsible for safeguarding and prioritising the welfare of children

What do you have to achieve?

- Ensure that students are active participants in their learning and achieve outstanding outcomes
- Make a positive contribution to student well-being, school life, enrichment activities, subject and company teams
- Maintain all professional standards to an on-going high standard
- Be committed to your own professional development

What are the job particulars?

- DMAT M1 M6. To be paid other than at M1/ECT you will need to provide evidence that meets our criteria.
- Accountable to the Directors of Science and the Headteacher
- The activities outlined in this job description are in addition to those covered by the latest Schools Teachers' Pay and Conditions Document. It may be modified by the Headteacher, with your agreement, to reflect or anticipate changes in the job, commensurate with the salary and job title.

Activities – what do you have you have to do?

- Maintain all professional standards for teachers; uphold and implement all school policies (see teacher standards)
- Contribute to the teaching of broad, balanced and stimulating curriculum across our full age and ability range, assessing, recording, reporting and applying intervention strategies as appropriate. This will involve regular contact with parents/carers
- Take an active part in curriculum and enrichment development in the department and the school
- Be a committed Company Tutor, building a positive relationship with tutees and parents
- Take an appropriate share in the developmental and routine administrative work of the department
- Ensure there is safe, stimulating and effective learning environment with good, quality displays and that all equipment is maintained in sound working order
