The Role

We are looking for a well-qualified, inspiring and forward-thinking teacher of Science to deliver outstanding lessons across the ability range. This would be an ideal post for an established teacher, early careers teacher or a recently qualified teacher. As a department we are dedicated to the development of inspirational lessons and are always searching for new and innovative ways to motivate students to achieve their full potential. We would welcome a candidate who is keen to share new ideas, approaches and resources and has the drive and determination to further the progress of all students.

This is an excellent opportunity to join a dedicated and highly successful department in a thriving school which was rated 'good' by Ofsted in May 2019 with the Sixth Form graded as 'outstanding'. As a school we are committed to comprehensive education and 'Learning for Life' is at the heart of all we do.

Our Curriculum

Year 7 and 8 students are placed in mixed ability sets and are allocated six teaching hours a fortnight. In preparation for the GCSE years they are taught a Science course which incorporates each of the separate sciences.

At present all Combined Science students in Years 9, 10 and 11 are allocated nine teaching hours a fortnight. Students are able to choose separate Sciences with extra allocated hours or follow the Combined Science (Trilogy) course where we follow the AQA specification.

There is a high uptake of the Sciences (OCR specification) in the Sixth Form with one Physics class, one Chemistry class and two Biology classes in both Year 12 and 13. Experience of teaching up to A-level would therefore be of benefit but is in no way a prerequisite for the post.

Our Facilities

There are currently ten teachers in the Science department. Science is taught in purpose built laboratories with interactive whiteboards. In the main school there are six laboratories, five of which are in a self-contained Science building and the Sixth Form also has two laboratories and one purpose-built Physics classroom. The department has two prep rooms and is very well supported by two Science Technicians.

There are also several IT equipped rooms in the Main School and in the Sixth Form which can be booked for class teaching. The school's main systems are SIMS, MintClass and Office 365, all of which are Integrated. All teaching staff are given their own laptop to support their role.

Early Career Teacher Support

We have a proud tradition of providing superb support and career progression for teachers at the beginning of their career.

We are part of the HISP ECT programme who use the Educational Development Trust programme to provide both face to face and on-line training to support teachers through the Early Career Framework (ECF).

In school you will be given a mentor with whom you will have timetabled weekly meetings, as well as additional time for planning and working through the ECF. Furthermore, you will be allocated a tutor who will oversee your progress and support you through the process. Additionally, you will be part of our induction programme that runs for all new staff members to orientate them through the first half term.

The following guidelines are designed to help you submit an application in line with our requirements. Please ensure that you comply with the instructions below otherwise the panel will not shortlist you. As this is a post in regulated activity, the DBS check will include a children's barred list check. It is an offence to seek employment in regulated activity if you are on a barred list. All positions within The Burgate School and Sixth Form are exempt from the provisions of the Rehabilitation of Offenders Act 1974.

We will also consider carrying out an online search on the successful candidate to help identify any past or current incidents or issues that might affect an individual's suitability to work with children and undertake the role in question. Any online search will be carried out only on publicly available information and will be limited to issues relating to an individual's suitability to work with children and/or in a school environment. Any issues that arise from a search will be followed up with the candidate where it can be discussed more fully, including background information, or mitigating circumstances.
