

Kingsthorpe College

Teacher of Science

Full time position with additional responsibilities available for the right candidate.

Start Date January 2023

**Do you believe that everything is possible?
If so, Kingsthorpe College has an opportunity just for you.**

- **Are you an optimistic, reflective, and determined professional who wishes to work with a forward thinking, creative, hardworking, and thoughtful staff team at an oversubscribed and Ofsted Good (Dec 2019) school?**
- **Are you someone who enjoys being challenged and is not afraid to offer challenge?**
- **Are you someone who does the right thing even when no-one is watching?**

We are seeking a motivated Science Teacher to join our committed and ambitious science team to help drive forward further developments in the curriculum at all key stages. We would welcome applications from both experienced teachers and newly qualified teachers. For applicants looking for the next step or current TLR holders there are some TLR opportunities within the school coming up which the successful candidate will be able to apply for.

Kingsthorpe College is an oversubscribed 11-18 Academy with approximately 1400 students on roll (200 students Post 16). We were graded by Ofsted as Good in all areas in December 2019, and we are now looking forward to the next stage of our journey from good to great. In September 2021, we joined Orbis Education Trust, and this has unlocked further possibilities for colleagues to develop, progress, and make a significant contribution to inspiring the students within our schools. We therefore believe it is an exciting time to join #TeamKC and be part of a community which is resolute in its drive to help our students leave with the confidence and skills to be able to take part in the great conversations of our times.

We are proud at KC to do things our own way, and we would be particularly interested to hear from you if you align with the principles of our playbook below:

Why do we exist?

We exist to maximise the life choices of our students by being the catalyst in students' artistic, athletic, and academic lives.

How do we behave?

We behave with optimism, determination, and thoughtfulness.

What do we do?

We provide character and currency for our students to achieve success.

How will we succeed?

We will differentiate ourselves by empowering all those in our community to dream big, work hard, and stay humble.

**At KC, we don't value what we measure, we measure what we value.
For us, this is team work.**

Closing date for applications: 9am on Monday 17th October 2022

Interviews will be held 19th / 20th October 2022

For an informal visit to the College prior to application, please contact

recruitment@kingsthorpecollege.org.uk or phone to speak to Rhiannon Gant, Deputy Headteacher.

Please note that we may close applications early depending upon the number of applications received.

Please note the College cannot accept CVs. Applicants must complete a Teaching Staff Application Form that is available on the College website at <https://www.kingsthorpecollege.org.uk/about-teamkc/work-with-us/>. Please email your completed application form to recruitment@kingsthorpecollege.org.uk.

Kingsthorpe College is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment.
