About St Bede's

At St Bede's we are proud to serve roughly 1900 boys and girls of all abilities, age 11-18, from the Reigate, Redhill, Caterham, Horley and surrounding areas. This includes over 300 studying academic courses in the sixth form. The school has an Anglican, Catholic and Free Church foundation and we work hard to create an inclusive ethos. Our aim is to ensure that pupils thrive academically, socially and spiritually within a Christian framework.

In January 2017 Ofsted carried out an inspection of St Bede's and judged the school outstanding in every category. The report acknowledged that pupils make exceptional progress in all year groups and in almost all subjects. Disadvantaged pupils and those who have special educational needs and/or disabilities also make rapid progress. The inspection highlighted the teaching in the sixth form as consistently challenging and as a result, students are motivated to learn and achieve excellent outcomes.

Attainment and progress scores at GCSE and A level are consistently above national averages. We are particularly proud of the English and maths results achieved in the new 9-1 GCSEs. Both departments achieved fantastic results at 4 and 7 grades. St Bede's also saw a steep rise in the number of students achieving the English Baccalaureate.

Measure	2018	2019	2022
Attainment 8	57.6	58.27	61.01
Progress 8	+0.68	+0.73	+0.69
EBACC	49%	54%	59%
EBACC entered	77%	84%	70%
4+ English	86%	92%	92%
4 +Maths	88%	89%	92%

Our school is committed to the safeguarding of children so all appointments are subject to a satisfactory enhanced DBS check. Only applications made on our School Application Form will be considered; we do not accept CVs or unsolicited testimonials. It is our policy always to request references prior to interview.

Please see our staff prospectus for further information about working at St Bede's.

"A zest for learning permeates the whole school. Teachers' high expectations mean that pupils are ambitious for their own futures and approach their learning with determination and resilience."
Ofsted 2017

Science department at St Bede's

We have a vacancy for a teacher of science to join us from September 2023 on a full-time, permanent basis. The ability to teach biology to A Level is essential.

Please note, we will review applications on receipt and as such, this vacancy may close earlier than the deadline advertised. Early applications are encouraged.

The science department are a focused enthusiastic team who are always looking for ways to make learning fun for students but allowing them to progress to their full potential.

The department is based in two new purpose-built buildings, with 15 fully equipped laboratories and three well stocked preparation rooms. Each laboratory is installed with a projector and a wireless keyboard and mouse. The department also has a class set of netbooks and chromebooks for use with students and ICT rooms are available to book in the ICT department. We have wireless internet access throughout the department and many software packages installed on the school network.

At years 7 and 8 pupils are taught as mixed ability groups and are put in sets in year 9, based on their three interim exam marks taken in year 8. Pupils are given targets at the start of each year and tested each term in years 7 and 8, to assess attainment and progress against their targets. In year 9 pupils are also given three exams throughout the year, with the first two deciding the pupils that will go on to study triple science in year 10.

All KS3 students are assessed after modules using unit tests and practical investigations and they formatively assess themselves using differentiated progress tracker sheets. At KS3 we currently use Oxford Activate with fully written SOW for years 7, 8 and 9. At Key Stage 4 pupils are set according to ability and entered for AQA Double Award Trilogy Science in year 10/11 or more able pupils will gain three GCSEs in biology, chemistry and physics. Pupils use Oxford AQA textbooks in school and have homework books to work from at home. Pupils also have access to online textbooks via Kerboodle. Revision guides can also be purchased from school. After school revision sessions are offered to pupils after school prior to their exams.

In 2022, 81% of year 11 pupils achieved 99-44 in double award science (national 61%) and 85% (national 50%), 80% (national 50%) and 76% (national 51%) achieved level 9/7 in biology, chemistry and physics respectively.

We have a very strong sixth form uptake of sciences. We follow OCR specifications in biology, chemistry and physics. In 2022, 87% of pupils at A2 achieved A*-C in biology, 88% in chemistry and 89% in physics.

Pupils are given the opportunity to get involved and in external science competitions and courses to enrich the learning of the more able.

Job Profile

St Bede's is a voluntary-aided school in which staff are employed by the Governors and are firmly expected to work within the policies approved and adopted by the Governing Body and under the direction of the Headteacher. We expect all staff to support the Christian ethos of the school, maintain the highest professional standards and contribute to the development of St Bede's as a thriving community.

The contractual basis of this post is the current School Teachers' Pay and Conditions Document

Purpose

To serve the mission of St Bede's as an ecumenical Christian school by teaching science.
