

The Rudheath
Senior Academy

Teacher of Science

Job Application Pack

About the Role

Are you an individual who can see the potential in every child and takes pride in delivering innovative and enjoyable lessons to inspire a love of science? If so, the Rudheath Senior Academy is the school for you!

Working as a Science Teacher can be incredible rewarding as you support our pupils in becoming confident, creative, and resilient learners. You will need to have strong subject knowledge as you inspire the next generation of scientists. We welcome anyone who is at the start of their teaching career or an experienced practitioner to apply, and you will join a school community that is welcoming and supportive.

It's not just our people who make Rudheath a special place to work, but our physical spaces are also world class. Over £10m has been invested to renovate facilities for both children and staff. This investment has produced facilities that are second-to-none and enabled specialist teaching across the curriculum. Our traditional design and technology department is authentic and provides the ideal working space for our children.

With the highest calibre of teaching and support staff, our culture and team ethos is very much set around high ambitions for children and a relentless passion to open their eyes to the wonderful world of possibilities.

If you are bursting with fresh ideas and eager to make your mark, this is the opportunity you've been waiting for. Our science department has recently undergone transformation to create four state-of-the-art labs and a 60-seater demonstration auditorium. Join us in building on our success, shape the future of science education at Rudheath, and foster a culture of excellence that sets our school apart. You will be well supported as part of the Science and Technology Faculty and play an integral role in the life of the school.

We make a promise that every pupil will leave here as a resilient, independent, and happy individual, and to make that happen we will be relentlessly ambitious about creating remarkable experiences and making memories that last a lifetime.

If you feel you can contribute to our school, we look forward to receiving your application soon.

“This school is a friendly and welcoming community. Staff know the pupils well and ensure that they are well cared for.”

Main Purpose

We are seeking to appoint a well-qualified, talented, and dynamic Teacher of Science, who is passionate about their subject and is dedicated to inspiring the next generation of scientists.

As part of the Science faculty, you will demonstrate excellent subject knowledge, a willingness to share best practice and a desire for students to love science as much as you do. We are looking for a teacher who can display ambition for all children in our recently refurbished science department. The ability to think outside of the box and teach science with creativity and energy is essential.

The postholder will be required to teach science specialisms across Key Stage 3 and Key Stage 4, and will join a friendly and supportive team, with regular mentoring and development opportunities.

Key Responsibilities

- Plan and teach challenging, ambitious lessons and sequences of lessons to classes within the context of the school's plans, curriculum and departmental schemes of work.
- Set clear and challenging targets which build on prior learning and attainment.
- Identify clear learning outcomes and specify how they will be taught and assessed.
- Use accurate and systematic assessment of students' prior skills, knowledge and understanding to plan effectively and to set challenging tasks to ensure that high quality learning takes place.
- Check students' understanding throughout lessons and intervene where necessary to ensure pupils make rapid progress with their learning.
- Identifying students' with additional educational needs, such as SEND and modify planning and teaching to take account of these students to ensure these children and groups make rapid progress.
- Plan and use a variety of well-judged and imaginative teaching strategies to meet the individual needs of students.
- Provide a positive learning environment in line with school values of excellence and kindness.

Person Specification
