

Acorn
Education Trust

Teacher of Science

Clarendon Academy

Welcome from Sara Edwards

Acorn Education Trust CEO

Thank you for your interest in one of our vacancies, I hope the information enclosed in this pack inspires you to apply.

Acorn Education Trust was established in 2014 to provide a local solution to a national strategy. We now serve 21 settings: 16 Primary Schools, 3 Secondary Schools and 2 nurseries.

Our mission is to 'prepare young people for their world in their time' and this sits at the heart of all we do. We strive for excellent leadership, excellent teaching and excellent learning. Our vision is to transform lives through education.

In every Acorn School, you will see:

- A** Active and visible leadership
- C** Care, support and challenge
- O** Opportunities for all
- R** Readiness to reach out
- N** Needs of all are paramount

Every Headteacher focuses on leading teaching and learning in their school. Central teams manage the business element of the Trust which allows us to share resources, improve IT and estates infrastructure and invest in school to school support. We are therefore able to direct as much money as possible into teaching and learning thus improving the life chances of all our young people.

Whatever role you are applying for, whether in a school or as part of the central team, we hope you can align with our vision and values, have the determination to succeed and are up for a challenge. In turn, we will provide you with a comprehensive and supportive induction programme, professional development and a career with Acorn.

We hope this information pack provides you with a flavour of working within our Trust and we look forward to receiving your application.

Sara Edwards

About Clarendon Academy

Respect, determination and excellence

Clarendon Academy is a thriving co-educational, non-denominational secondary school and sixth form, educating young people between the ages of 11 and 18 years. Located in the bustling town of Trowbridge, Wiltshire, our school has a strong reputation in the local community, and beyond, for being a school with high standards of teaching and learning.

We pride ourselves on being a centre of excellence and a place where young, enthusiastic children enter in Year 7 and leave us at the end of Year 13 as fully rounded young adults. Our staff aim for every lesson, every day, to be exceptional. To support this, we ensure that all staff receive regular training so they can continue to develop their craft. Our curriculum is enhanced by the strong pastoral support offered by all staff. We care deeply about our students and work tirelessly to ensure they feel that they belong and can achieve their dreams.

In June 2023 we retained our 'Good' Ofsted rating and were praised for our high-quality, well sequenced curriculum and for our staff, who not only have good subject knowledge but also know our pupils exceptionally well.

In 2018 we joined Acorn Education Trust, which has provided exciting opportunities to improve local education and draw on collective experience. We work closely with other schools within the Trust and the central team to help us continue to grow from strength to strength.

We look forward to welcoming you to our school.

Craig Turze
Headteacher

Department information

Science

Curriculum

Key Stage 3

- Utilising a Clarendon produced scheme of learning students focus on 10 key concepts in science to establish a broad but detailed foundation of knowledge; this is built on cumulatively and revisited across Years 7-9.
- The department aims for KS3 classes to be taught by a single member of staff across their 6 hours of science lessons per fortnight.
- Pupils are taught in sets determined by KS2 and CATs data; movement between sets is facilitated where appropriate and warranted.

Key Stage 4

- The department have developed their own GCSE curriculum scheme to deliver the AQA Science specifications.
- GCSE level teaching begins in Year 10 and all students study at least a Combined Science course (delivered across 10 hours per fortnight by three specialist teachers, one per discipline).
- Based on their KS3 outcomes, students are invited to choose an option of Separate Sciences; if selected these students have an additional 5 hours per fortnight.

Key Stage 5

- Clarendon offers four post-16 courses: AQA A-Level Biology, OCR A-Level Chemistry, AQA A-Level Physics and AQA Extended Certificate in Applied Science.

Department accommodation and resources

The Science faculty are housed together in one block and comprises 8 laboratories, 1 shared computer room and a dedicated science staff room. All full-time teachers have their own room in which they teach and access to a wide variety of resources and practical equipment.

Extra-curricular activities

Extra-curricular offerings are mainly focused on supporting students completing their GCSE and A-Level studies, with staff providing a timetable of subject-specific support sessions and lecture style opportunities to support, stretch and challenge.

Department structure

As one of the larger faculties in the school, the Science department currently has ten members of staff, supported by three technicians. Staff have multiple specialisms and work collaboratively to share and improve best practice. The department aims to instil a lifelong interest in Science and provide them with skills that they can use, no matter what their future profession is. It is a supportive and friendly faculty, where new ideas and approaches are welcome and openly discussed.

Job description

Job title	Teacher of Science
Reporting to	Head of Science / Headteacher

Main purpose

The Teacher of Science will:

- Fulfil the professional responsibilities of a teacher, as set out in the School Teachers' Pay and Conditions Document
- Meet the expectations set out in the Teachers' Standards

Duties and responsibilities

Teaching

- Plan and teach well-structured lessons to assigned classes, following the school's plans, curriculum and schemes of work
- Assess, monitor, record and report on the learning needs, progress and achievements of assigned pupils, making accurate and productive use of assessment
- Adapt teaching to respond to the strengths and needs of pupils
- Set high expectations which inspire, motivate and challenge pupils
- Promote good progress and outcomes by pupils
- Demonstrate good subject and curriculum knowledge
- Participate in arrangements for preparing pupils for external tests

Whole-school organisation, strategy and development

- Contribute to the development, implementation and evaluation of the school's policies, practices and procedures, so as to support the school's vision and values
- Make a positive contribution to the wider life and ethos of the school
- Work with others on curriculum and pupil development to secure co-ordinated outcomes
- Provide cover, in the unforeseen circumstance that another teacher is unable to teach

Professional Development

- Take part in the school's appraisal procedures
- Take part in further training and development in order to improve own teaching
- Take part in the appraisal and professional development of others, where appropriate
