# **Teacher of Science from September 2021**

Thank you for your interest in this post and we look forward to receiving your application.

This is an exciting opportunity for someone to join our school. We are looking for someone who is:

- passionate about high quality teaching and learning,
- offers inspirational and caring guidance for young people and
- works collaboratively, asks questions and is keen to learn.

The successful candidate will be given full support and will be encouraged to engage in further professional development, which we believe will benefit both the individual and the school. We have a strong induction programme, particularly for NQTs who will be part of the George Abbot NQT Induction Programme, and whose salaries will be backdated to 1st August. The successful applicant is likely to be a form tutor. As the school transitioned from being a Local Authority Community School to forming a MAT, a key element was maintaining the full benefit and protection of the National Pay & Conditions. Similarly, staff appointed from other academies are not disadvantaged, e.g. by counting service towards sick pay and maternity leave. The school takes a constructive approach towards Performance Management & Appraisal and Pay Progression and offers many opportunities for career development through paid responsibilities.

### Please note that NQT salary is backdated to 1st August

This document contains information about the department and the person specification. Separately, there are the following documents:

This document contains information about the department and the person specification. Separately, there are the following documents:

- overview information about the school, including extracts from the January 2019 Ofsted report
- a selection of staff stories highlighting the career opportunities available in the school
- the main school and 6<sup>th</sup> form prospectus

Applicants should submit the Application Form and a letter of application which should not normally exceed two sides. Curriculum vitae is not necessary as all relevant information should be included on the application form or in the letter.

Visit our website <a href="www.ashcombe.surrey.sch.uk">www.ashcombe.surrey.sch.uk</a> for information about the school and in particular, "Working Here" on the home page for further details.

This school is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment. Any successful applicant will be required to undertake an Enhanced Disclosure check by the Disclosure and Barring Service (DBS)

Candidates selected for interview will be informed by telephone. We do not generally contact candidates who are not shortlisted.

Thank you for taking the time to complete your application.

# **Current Information on the Science Department**

#### Introduction

The Science department is a very successful and dynamic department which achieves strong results and progression at both GCSE and A level. For many years, at KS4 all pupils have followed the same GCSE course (formerly Core Science and Additional Science, and now Combined Science: Trilogy (dual grades)). This reasoned, distinctive approach has been commended by visiting external professionals, and has led to an overall inclusive enthusiasm for Science, with high numbers and outcomes at A-level, where pupils achieve on average 0.3 grades higher in all Sciences than the national average. Typically, 75% of the whole cohort gain a 7 or above in each of Core Science and Additional Science. As well as seeking to maintain these standards, the department is involved in a number of new projects including the widespread use of networked ICT as both a pupil resource and in streamlining staff workload and supporting teamwork.

### **Courses and grouping arrangements**

Year	Course & materials	Lesson allocation*	Grouping
7	KS3 course following schemes of work	2	Mixed – tutor groups
8	devised within the dept. based on National Curriculum. The Year 9 scheme has been extended to support the needs of the more & less able pupils.	3	Mixed – tutor groups
9		3	Setted
10 & 11	KS4 AQA GCSE course - Combined Science: Trilogy	4	Setted -4/5 sets taught at the same time. Classes are taught by two teachers to cover all modules.
Sixth form	Biology - OCR A	L6: 4 U6: 3½	2 groups in L6 and U6.
	Chemistry - OCR B (Salters)		1 group in L6 and 2 in U6.
	Physics - OCR A		1 group in L6 and 2 in U6.

<sup>\*</sup> out of 20 x 70 minute lessons per week

### **Accommodation and resources**

There are 11 laboratories, prep. and storage rooms and a Science Department office together along one corridor. Staff are also able to work in the Ranmore staff work area with members of all departments from around the school. All laboratories are designated "Science" and specific laboratories are also designated for specialist use when used by the Sixth Form for Biology, Chemistry and Physics. Two laboratories have been equipped with 20 PCs to allow full use of digital resources.

### Staffing

Head of Department	Guy Blair		
2i/c Department	Caroline Jones (Mat Leave), Tom Hudson (Acting)		
KS Coordinators	Ellis Woolford and Alison Gillespie		
Teachers of Science	James Baldwin, Jeremy Carter (Deputy Head), Katharine Crouch, Jordan Green, Heather Hook, Deborah Macey, Josh Mason, Marina Ohlsson, Danielle Pearce and Yasmin Sheikh (Assistant Head)		

# Teacher of Science (MPS) - Person Specification

In selecting candidates for interview and eventual selection, the Governors will be looking for teachers with relevant education, experience, job related knowledge, aptitudes and skills, and many of the personal qualities listed below. The Governors welcome applications from teachers who consider that they could meet most if not all of the requirements listed.

## **EDUCATION / QUALIFICATIONS**

- Qualified teacher status
- First degree or equivalent in Science or related subject
- Evidence of continuing professional development

#### **EXPERIENCE**

- Either successful progress on PGCE course (or equiv. training scheme) or in a teaching post
- An excellent record of attendance and punctuality

### JOB RELATED KNOWLEDGE, APTITUDE AND SKILLS

#### The curriculum:

- Commitment to the comprehensive ideal and to equal opportunities
- The knowledge and vision to put these into practice in order to meet current and future challenges within the Science area
- A keen interest in children as individuals and in how they learn

### **Contribution to the Department**

- An ability to teach the full age range 11-18 in the subject
- An ability to contribute to the coherence, effective planning, implementation, monitoring and evaluation of the Science development plans within the school development plan
- A commitment to the development of a collaborative approach to decision-making, implementation and evaluation of the work in the department
- A commitment to using a wide range of teaching and learning styles to suit the needs of a comprehensive intake
- An ability to communicate effectively both orally and in writing
- A willingness to use or acquire relevant I.T. skills for administration purposes and to enhance the teaching of Science

### **PERSONAL QUALITIES**

- Confidence, imagination and drive; flexibility and adaptability
- A sense of humour and perspective
- A capacity for hard work, the ability to manage its pressures and the ability to be self-critical
- An ability to establish good working relationships with a wide range of people including students, parents, governors and colleagues
