Oaklands School is a fully inclusive school with a wealth of opportunities for all learners to achieve their full potential. We are a school which serves the local community and promotes co-operation, responsibility and respect.

This is an exciting opportunity to join a high achieving school at GCSE and A level. We have an outstanding and talented Science Faculty with an established record of fantastic exam performance. Our science value added scores have been significantly above national average and regularly we are in the top 20% of all schools. Entries into separate sciences at GCSE are consistently high (Nearly 50%) and many of these students go on to take up Science at A level, which are consistently popular.

We welcome applications from candidates from a range of experience levels: we are confident in our capacity and ability to coach those new to the profession to become outstanding practitioners, and as such this role could be perfect for a well-qualified but recently trained graduate. For the right candidate, we may offer an opportunity to be supported and coached into a subject leadership position. Whatever the experience level, we are looking for candidates with strong qualifications who are confident in teaching Science from Years 7-13.

At Oaklands we have highly committed and dedicated staff who work very hard so that our students can achieve their high expectations. If you think you can take our Science Faculty to greater heights, we look forward to hearing from you.

We are keen to hear from you if you:-

- Are ambitious, hard-working and a team player

We can offer you the opportunity to join:
