

TEACHER OF SCIENCE – TPS

- Job term: Permanent / Full Time
- Start Date: September 2021
- Location: Okehampton College
- Organisation: The Dartmoor Multi Academy Trust
- Closing date: Wednesday 10 March 2021

Are you passionate about science? Are you a dynamic, enthusiastic, creative teacher? Do you want to work in an Outstanding school on the edge of Dartmoor National Park? If so, we want to hear from you.

Required from September 2021, we are looking for a full time Teacher of Science to teach across all Key Stages. The ability to teach OCR Cambridge National, Level 1/2 Health and Social Care is an advantage but not essential. Whether you are new to teaching or more experienced, we want an outstanding practitioner who can demonstrate their drive and desire for excellence in the classroom and inspire our students to join our supportive and innovative team.

Science is a popular and high achieving subject and we consistently have a large proportion of students opting for triple science at GCSE. We also have large numbers of students studying at least one science subject at A-level (including Biology, Chemistry, Physics, Psychology and BTEC Applied Science) with excellent exam results. If this sounds like the school for you then please get in touch.

Okehampton College was granted Teaching School status April 2016 and established The Dartmoor Teaching Schools Alliance (DTSA), with over 90 schools as members across Devon. The establishment of DTSA has enhanced the quality of teaching and learning for our students and created opportunities for professional development for our staff, so that the opportunities for development and career progression within the organisation are superb.

We are delighted to be part of Dartmoor Multi Academy Trust which came into effect on 1st January 2018. Our Trust consists of a total of 3 secondary schools and 14 primary schools and provides further opportunity for sharing good practice and resources and for staff development.

All schools in Dartmoor Multi Academy Trust are committed to safeguarding and promoting the welfare of children and young people and expect all staff and volunteers to share this commitment.

The successful candidate will be required to undertake an Enhanced Disclosure via the Disclosure Barring Service (DBS).

For further information and to apply for this post please visit the vacancies page on our Trust website
