About the Academy

Torlands Academy is a medical provision that provides education for children and young people with complex medical and/or mental health needs which prevent them from attending school.

We pride ourselves in providing pupils with access to high quality education, ensuring they are thoroughly prepared for the next stage in their learning journey. Personalisation is the cornerstone of our pedagogy; the curriculum is bespoke and programmes are crafted to meet individual needs which demands a totally flexible and adaptable approach to teaching and learning from all involved.

Torlands provides personalised education through a combination of teaching at our centre in Exeter (Merrivale), small group teaching, online learning and 1:1 teaching.
