

APPLICATION PACK TEACHER OF SCIENCE AT WESTFIELD ACADEMY

Westfield Academy has made significant progress in recent years. It was judged ‘Good’ by OFSTED in 2014 and again in May 2018. Student numbers have grown along with its reputation within the area and we were heavily oversubscribed in the last three year’s intake.

There has been significant investment in the site, over the last few years, including new sports facilities and Creative Arts spaces. Yeovil is a growing town and the Academy will see its student numbers increase next year to around 1020. We also believe in investing in our staff and have dedicated significant time and funds to professional development.

We are a school that has invested in technology and all students have chromebooks, this has enabled us to transition smoothly and efficiently to distance learning in the current crisis.

Please return your application form, including the names and addresses of two referees, to Lisa Jeffreys, Headteacher’s PA, (lisa.jeffreys@westfieldacademy.co.uk) by 11:00am on Thursday 22 April 2021. Interviews will take place on Thursday 29 April 2021. Shortlisted candidates will be contacted by 5:00pm on Friday 23 April 2021.

Detailed references will be requested for all shortlisted candidates prior to interview.

Westfield Academy is committed to safeguarding and promoting the welfare of children & young persons. An Enhanced Disclosure from the Disclosure and Barring Service (DBS) will be required from the successful candidate.

I look forward to hearing from you.

With best wishes

Simon Dallimore
Headteacher

THE ACADEMY

Westfield Academy is a successful school judged as 'Good' at our most recent Ofsted inspection in May 2018. We are proud of what we are as a school, and consider ourselves to be at the heart of the community in the town of Yeovil and surrounding villages. Our site is used and valued by a range of community groups.

We are a friendly and welcoming school, occupying a green and attractive site where parents know their children will be well looked after and encouraged to reach their potential. The Academy is well resourced and financially secure. An increase in funds has occurred due to the improvement of income per student following the introduction of the National Funding Formula and growth in student numbers. Recent improvements include new sports facilities, Dance Studio, music facilities, and upgrades to Design & Technology.

We are one of four 11-16 schools serving the town and surrounding villages. Relationships between schools are good and, together with primary schools, meet as the Yeovil Federation on a regular basis. The reputation of Westfield Academy is good and improving. In the summer of 2020, 130 Year 11 students will leave us, with 240 new Year 7 students joining Westfield in September, reaching our published admission number. This pattern of growth is set to stay for the next four years, at least.

The town itself has its roots in the aircraft and defence industries, although in recent years the economy has diversified significantly. The town is set to expand over the next ten years and we expect the Academy to reach close to 1050 students by next year. Yeovil sits in a delightful part of the country, close to the World Heritage Jurassic Coastline and the Somerset Levels. The town has its own theatre, The Octagon, as well as a range of arts and cultural activities in the area. The annual Glastonbury Festival is also close by.

Our Values and Ethos

Our motto is “Seeing the qualities in every child”, with our aim being to ensure all of our students become successful lifelong learners, confident individuals and responsible citizens. Our teachers and support staff work hard and are fully committed to challenging and supporting the students in their care.

Students are encouraged to make the most of a wide range of extracurricular opportunities, including The Duke of Edinburgh Award Scheme. We run fixtures in all major sports and have a wide range of clubs and leisure sports activities. Students benefit from working with specialist coaches and enjoy good access to community clubs on and beyond the school site. For elite performers, there are a variety of further opportunities including sports psychology, training and nutrition.

Performing Arts are a real strength of Westfield. Students take advantage of a wide range of specialist Music tuition together with our choir, orchestra, string group and contemporary music groups. Students have the opportunity to perform in three concerts each year. Drama and Dance opportunities include an annual school play and two shows a year, all hosted in our theatre.

Westfield Academy is committed to using new technologies to support both teaching and learning. From 2019 all students, at both Key Stage 3 and Key Stage 4, have their own Google Chromebook. These chromebooks are used to support learning across the curriculum. All teaching staff have their own chromebook.

Learning beyond the school site includes theatre visits, Geography field trips, ski trips and visits to Spain, France, India and China.

Regular rewards assemblies and annual awards evenings are where we recognise and celebrate the very wide range of student achievements. Students are also encouraged to take on roles of responsibility such as Prefects, House Captains and Form Captains, and to help further improve their own school through our School Council. All students are members of a tutor group and one of four houses, (Darwin, Einstein, Franklin and Galileo). Houses form the basis of inter-house sporting activities and fundraising events. Students are encouraged to understand, respect and

JOB DESCRIPTION

TEACHER OF SCIENCE

Main Purpose of Job

- To be an effective teacher of students across the age and ability range.
- To contribute to the strategic development of the Department.
- To be an effective tutor.

Main Responsibilities & Duties

To be an effective teacher of students across the age and ability range

- Lead by example—act as a positive role model to students and be an effective classroom practitioner.
- Plan and prepare effective lessons that meet the requirements of the school's Learning & Teaching Policy and which meet the needs of all learners.
- Ensure students work is marked regularly in accordance with the school's Assessment & Reporting Policy.
- To use assessment diagnostically to further improve students' learning and to be able to report progress to the leader of the Department, the leadership team and to parents.
- Ensure high standards of behaviour through implementation of the school's Behaviour for Learning Policy.
- Ensure that the classroom is a welcoming and stimulating environment in which to work.
- Ensure other relevant school and department policies and procedures are adhered to.

To contribute to the strategic development of the Department

- Contribute to the strategic development of the department as part of the Department team.
- To take on a share of the responsibility for developing schemes of learning and learning resources in agreement with the Department leader.
- To undertake to improve own performance through sharing best practice with colleagues from your Department and from other department teams.
- Play a full part of the successful running of events organised by the Department.

To be an effective tutor

- Ensure the agreed tutor time programme is carried out effectively, as specified in the school's Learning & Teaching Policy, so that tutor time is used to support learning in lessons.
- Be involved in the induction programme for new students.
- Be the "first port of call" for students with day-to-day pastoral issues.
- Support vulnerable students in the tutor group.
- Carry out effective individual Advice and Guidance (IAG) sessions for students in the tutor group.
- Report to parents through the written tutor report and through appointments at parent/tutor meetings.

Facts and Figures

- Number of teaching periods—45 (39 for NQT's)
- Number of PPAs—5

JOB DESCRIPTION *(continued)*

Supporting Processes

Problem Solving and Creativity

- Be receptive to innovative ideas that offer developmental opportunities to the department area.
- Be creative in developing new initiatives that support identified whole school priorities and improve standards and achievement in the department area—within the constraints of the whole school priorities.
- Be ready to deal with unexpected and urgent situations on a daily basis.
- Work to competing deadlines, priorities and plan time carefully, identifying what outcomes will have the most impact on student progress.
- Work independently and take responsibility for decisions made with agreed good practice boundaries.

Decision Making

- Take appropriate actions to improve the behaviour and attainment of students in the department area.

Physical Effort & Working Conditions

- Classroom based.
- Access to office facilities, desk and computer.

Contacts & Relationships

- The post holder will work closely with teachers and support staff at every level in the school; students, parents/carers to provide information and advice; direct, guide, motivate, monitor, praise and sanction.

Additional Information

In addition to the above responsibilities and duties the post holder will carry out the professional duties expected of all teachers as laid out in the Teachers' Standards document 2012, The Westfield Standards document 2014, the Westfield Staff Code of Conduct and Dress and Appearance document.

Knowledge, Skills & Experience

See Person Specification.

Westfield Academy is fully committed to safeguarding and promoting the welfare of children and follow best practice procedures to ensure their safety.

Science at Westfield Academy

The Science department comprises the following personnel:-

Neil Creasey	Director of Science (Assistant Headteacher)
Katherine Lancaster	Deputy Leader of Science (KS4)
Katie Luckes	Deputy Leader of Science (KS3)
Jade Markham	Deputy Leader of Science (with responsibility for RSHE)
Shelley Rivers	STEM Coordinator
Lucy Clemas	Teacher
Simon Dallimore	Teacher (Headteacher)
Matthew Marshall	Teacher
Harriet Raeburn	Teacher
Neil Robins	Teacher
Stephanie Russell	Teacher
Vacancy	Teacher

Accommodation

The department is located in a specialist suite of 8 adjacent laboratories, with each teacher having their own laboratory. The department is very well resourced and each laboratory a whiteboard and digital projector. The Science teachers are supported by a team of 2 full time Science technicians.

Courses

All students follow a common path through a two year Key Stage 3, encompassing topics in biology, chemistry and physics. All students follow the AQA GCSE Combined Science specification in year 9, 10 and 11. All students are also given the opportunity to follow the Triple Science pathway as part of the options process.

Student Groupings

Year 7 and 8 classes are taught in mixed ability classes, with year 9, 10 and 11 classes being set based on ability. The school runs a two week timetable with each lesson lasting 1 hour as follows:

- Year 7 & 8 —5 lessons per fortnight
- Year 9—8 lessons per fortnight
- Year 10—9 lessons per fortnight for combined science, 14 lessons per fortnight for triple science
- Year 11—10 lessons per fortnight for combined science, 15 lessons per fortnight for triple science

INFORMATION FOR APPLICANTS

Thank you for expressing an interest in this post at Westfield Academy.

Please complete the attached application form in full. Please note that CVs are not accepted as part of the application process.

We are committed to protecting the safety of all students within our care and our selection process is designed to minimise any risk. Part of the selection process will be to explore a candidate's motivation for working with students.

Detailed references will be taken up of all shortlisted candidates prior to interview.

Westfield Academy is committed to safeguarding and promoting the welfare of children & young persons. An Enhanced Disclosure from the Disclosure and Barring Service (DBS) will be required from the successful candidate.

All shortlisted candidates will be required to bring evidence of identity and proof of qualifications to interview.

The selection process may involve a number of different aspects including tests and observations where appropriate, as well as a panel interview. We will endeavour to ensure that you are able to gather as much information as possible regarding the school and you will also be able to ask questions relating to the post during the interview process. We hope to be able to offer you the opportunity to meet the team either in person or remotely.

The closing date for submission of applications is **11:00am on Thursday 22 April 2021** with interviews taking place on **Thursday 29 April 2021**.

Please mark your application for the attention of Mrs Lisa Jeffreys, Headteacher's PA, and return it via email to lisa.jeffreys@westfieldacademy.co.uk

We look forward to receiving your application.
