

April 2024

Dear Applicant

I am delighted that you are considering applying for the post of **Teacher of Science, with a preferred specialism in Chemistry** at Haileybury Turnford. Thank you for your interest in our school.

Haileybury Turnford is a great school to work at and it will provide an exceptional opportunity for the successful candidate to make a real difference to our students and giving them the best possible life chances. This role will provide an excellent opportunity for an ambitious science teacher to contribute to our very collegiate Science Faculty. Staff wellbeing is very important to us.

We are a school on the up and were rated 'Good' by Ofsted in March 2022

It is an exciting time for our school. We continue to make real improvements for our students. I have been Principal at Haileybury Turnford since September 2016 and we are in the process of transforming ourselves into an exceptional school. We are focusing strongly on the quality of teaching and learning in the school, and providing high quality professional development for all of our team. We moved into new accommodation for some faculties in September 2021, including the Science Faculty, and we are working with the Department for Education to re-build the rest of our school over the coming three years.

Science is very popular with students at Haileybury Turnford

We have strong teaching and good student attitudes to their learning. Science is a popular subject, including in the Sixth Form. If you join us, you will join a very well led, cohesive and supportive faculty led by the Director of Science and a fully staffed specialist staff team. We would welcome candidates with less experience to consider applying, and there is an opportunity to come and meet faculty colleagues in advance of applying if you would like to do so.

Opportunities through our sponsor, Haileybury

The school has been sponsored by Haileybury, the leading co-educational independent school, since September 2015. This partnership has provided us with new opportunities for our students and strong strategic direction through its governing body. There are also excellent opportunities for the Science Faculty to further develop relationships with the Science team at Haileybury to support our students, including providing opportunities for our students to benefit from Haileybury's brand new SciTech Building <https://www.haileybury.com/about-haileybury/the-scitech-project/>. Both schools are fully committed to extending this unique opportunity in the months and years ahead.

Your application

I appreciate the time and effort it takes to prepare and make an application, so thank you. In your letter of application, please explain how your experience has prepared you for this role – in no more than 2 sides of A4. Please send us your application by 12 noon on Friday 3rd May (or earlier if you can) to Jayne Jarvis, HR & Wellbeing Manager at jarvisj@haileyburyturnford.com. Interviews will take place as soon as possible after this closing date for applications.

There is more information about our school on our website. If you would like to visit the school, please contact Jayne Jarvis, HR & Wellbeing Manager by email or telephone.

I look forward to receiving your application.

Yours faithfully

Robin Newman
Principal
