Mr S Logue, Headteacher

## **Teacher of Technology**

**Salary: MPS/UPS - Required September 2025 for one academic year**

St Damian's is a heavily oversubscribed Roman Catholic Science College which is committed to the professional development of staff and promoting the welfare of children.

We are seeking an enthusiastic and innovative design technology teacher/product design teacher. There is access to a well-established range of exciting curriculum materials that inspire and motivate pupils. We deliver a strong academic curriculum at Key Stage Three and GCSE outcomes at Key Stage Four are good. These results are the outcome of exceptional pastoral care, high-quality teaching and strong leadership. We seek a leader who will continue to ensure our children receive an excellent education.

The person we are looking for will be committed to enthusing children of all abilities, be passionate about teaching and learning, and will be supportive of the College's Catholic ethos. In both our current Ofsted report and Section 48 report we were judged Outstanding in all areas. We are proud to be a high achieving Catholic school, who consistently produces at least good outcomes for our great children. Equally, we are also proud that we have a very stable staff who love working here and enjoy the benefits St Damian's has to offer.

St Damian's is situated on the Tameside and Oldham border and is widely recognised for the quality of care it provides for all pupils and the professional opportunities afforded to all colleagues. The College is committed to safeguarding children and expects all staff to share this commitment. The successful candidate will be subject to an enhanced DBS disclosure. CES application forms can be downloaded from [www.cesew.org.uk](http://www.cesew.org.uk) and further details are available from our website [www.stdamians.co.uk](http://www.stdamians.co.uk)

Letters of application should be returned to Mr S Logue, Headteacher.
