

Holy Family

Roman Catholic and Church of England College

Headteacher - Mrs K Ames, BSc (Hons), NPQH

December 2022

Dear Applicant,

I would like to welcome you to Holy Family. I am delighted that you are interested in applying for a position at our College. We have the pleasure of serving both Catholic and Anglican communities within Heywood and Rochdale. We have seen an expansion over the past five years from a small secondary school to one with approx. 750 students.

We are a Christian school and the foundation of all our work is the gospel message. Our Mission Statement really does capture what we stand for and the education we aim to provide for all of our students. Holy Mass, Eucharistic Services and Liturgies are celebrated in school weekly, and there are daily opportunities for collective worship. The local clergy are regular visitors, and we have an active chaplaincy team. We are keen to employ staff committed to supporting and leading within our Christian context. Our most recent Section 48 inspection graded us outstanding in all six categories and this report can be viewed on the school website.

What most excites the Governors, our staff and myself is the journey that we are on. Ofsted judged us as remaining "Good" in January 2022, and we continue to focus on making Holy Family a better place to be, day by day. We were delighted with our 2021 outcomes when these are placed into the context of our GCSE courses and curriculum offer. My vision is to make sure that "teaching" at Holy Family is exceptional, and we increasingly commit our time to looking at different teaching styles and techniques and are committed to making every teacher a better teacher. The students of Holy Family are lucky to currently have some fantastic teachers, but we will always want more.

As with all schools we continually strive to improve our outcomes so that our young people leave us with a wide range skills and talents, knowing their place in God's world and how they can make a difference to it. I always challenge our students to excel. If we do our job as we should a future Prime Minister or Brain Surgeon is in our midst. We love and value our students and we do all we can so they can become successful, and I am looking for likeminded professionals to join our team who think and act the same.

Our website is full of key information about our school and our policies. I strongly advise you to look carefully through this, as it will give you a flavour of what a close knit and caring community we are. Also take note of the consistently strong GCSE results and I hope you will see that we aspire to and achieve high standards.

We work hard to cherish all our students and this has ensured that they feel valued. We have the highest standards of behaviour, and any visitors to our College always comment on the positive culture and ethos of Holy Family.

The Teacher of Technology is a post that will be integral to the on-going improvement of the College over the next few years. This is a real opportunity for someone with great ideas and real drive to make an impact on the Technology department of the school.

I am looking first and foremost for someone who has a passion for teaching, who is enthusiastic and driven, with the determination to make a significant difference to the lives of our students. I hope to appoint someone with the attitude and desire to succeed, as we have the capacity within our College to support and develop the new Teacher of Technology and to make them exceptional.

If you wish to become part of our family, please return the application form by **Monday 9th January 2023 by 9am**. Should you wish to arrange a visit to Holy Family prior to applying please do so. I would be delighted to meet with prospective candidates and show them around our school. Visits can be arranged by contacting recruitment@hfch.co.uk

Once again, thank you for the interest and time you have committed to the application process so far. If you believe you have skills and drive to be exceptional, and are keen to serve the young people of Heywood and Rochdale alongside our talented staff and myself, you could be the missing piece of the puzzle we are looking for.

Yours sincerely

Mrs K Ames
Headteacher
