

Dear Candidate

As Headteacher, it gives me great pleasure to welcome you to our School and I want to start by thanking you for your interest in the post of Teacher of Technology at Tor Bridge High.

Tor Bridge High is a single Academy Trust with children at the heart of every aspect of our work. We have a clear, moral purpose and a strong educational philosophy to provide each student with the absolute best education and to ensure that no matter what their background is, our students leave us with the skills and support they require to become independent members of society.

Tor Bridge High is situated on a large site and is modern: it was rebuilt in 2011. Our school is a well-established secondary school and sixth form which caters for up to 1,200 pupils and is oversubscribed; it has been oversubscribed for nine years and this is something we are very proud of.

The Tor Bridge High Technology department is a dedicated and cohesive team comprising of nine teaching staff and two technicians. We have a dedicated suite of rooms and are, along with the Science department, part of Faraday School within Tor Bridge High.

Technology comprises several subjects, namely, Computer Science, Hospitality & Catering, Engineering, ICT/i-Media and Design & Technology, which are studied on rotation in KS3 and optional in KS4. We also have a strong uptake in sixth form on our BTEC Engineering Diploma course.

We are on a journey of school improvement with a relentless focus on high expectations with an aim to improve outcomes for all our students. This was reflected in our 2022 Year 11 results where we saw an overall increase in students' attainment - a reflection of the dedication of our staff for continued school improvement.

We welcome applications from experienced teachers who can teach across the Key Stages.

We very much look forward to receiving applications from candidates whose personal qualities, value and experiences support and reflect ours.

Yours sincerely

Graham Roser
Headteacher
