CEO Mulberry Schools Trust

Our Vision

Our vision is to be a key provider for quality education so that all of our students leave us as highly qualified, confident and articulate young people with a wealth of experience.

This vision is under-pinned by moral purpose – a desire to do more to improve the quality of education for all children and young people – and a commitment to schools working together to secure an inclusive, ambitious, collegiate and high-quality offer.

A Mulberry education is premised on three under-pinning principles:

- 1. Access to education and the chance to be educated is a human right in a civilised world.
 - We believe that every young person should receive the same opportunities and quality of education, regardless of their natural ability or where they come from. Our Trust was formed to enable our partners to deliver the best possible educational outcomes for their young people and the communities they serve through sharing expertise and promoting outstanding practices.
- 2. Education should provide rich intellectual and personal development for individuals and communities of people.
 - An education offered by the Trust is concerned with the spiritual, moral, social, cultural and physical development of people so they have self-determination and can create for themselves fulfilled, happy lives. It is also concerned with equipping people for employment, making a contribution to the economy as well as enabling them to sustain themselves financially.
- 3. Education is a public good.
 - To have universal school education brings economic and social benefits to the whole of society; it creates greater peace, prosperity and economic and social well-being. The Mulberry Schools Trust is outward facing and contributes to education beyond the doors of its own schools.

These principles shape the aims of the Trust's education: the curriculum that is delivered, the personal development that is offered and the wider opportunities that are provided across the system.

Our Aims

Our aim is to develop creativity, leadership and a life-long love of learning in our students which will enable them to lead enriched, happy and fulfilled lives, making a contribution to their own community, to British society and to global well-being.

Every student will receive an education that:

- 1. Engenders high levels of academic and technical ambition
- 2. Provides rich personal development
- 3. Enables the development of students' high aspirations and self-determination

Bringing Down Barriers to Success

Our shared background in providing for disadvantaged communities has inspired the Trust to build up a broad network of partnerships to aid and develop student experience, opportunity, drive and success. It is our belief

that there should be no barriers to each child's future and that society should, and can, be a level playing field. Aspiring for this to be reality we promise to:

- Emphasise high quality subject teaching that is reinforced by excellent support for learning and intervention.
- Deliver inclusion services that assist personal development.
- Provide excellent pastoral care so no student goes unsupported.
- Continually develop strong leadership and have high levels of expertise in education, supplemented by knowledgeable, committed and challenging governance.

Partnerships with Impact

The Mulberry Schools Trust's corporate and arts partners, such as Bank of America Merrill Lynch, the British Film Institute, the National Theatre, the London Stock Exchange Group, the Donmar Warehouse, the Southbank Centre, Barts NHS Trust and others, will all contribute extensively and be central to the wider extracurricular experiences that the Trust is able to offer to achieve its aims.
