

## **Teacher**

**Mainstream or Special School experienced, please specify your areas of specialism / qualification when applying. We are particularly interested to hear from teachers of PSHE, Careers or Computing**

**MPS/UPS + SEN1**

**To start September 2026**

We are looking to appoint an enthusiastic, flexible and innovative teacher as a result of a continuing increase in pupil/student numbers at our school.

St Mary's is a popular and successful residential special school and college for pupils/students aged 5 to 19 with speech, language and communication needs, learning difficulties and other associated SEND.

We welcome applications from highly successful and experienced teachers from mainstream or special school settings, also including ECTs. We are particularly interested in candidates who have experience teaching PSHE/ Careers/Computing. Applicants are encouraged to highlight their areas of strength and successful experience in their application.

We are looking to appoint a teacher who can adapt well to new challenges, is committed to raising achievement, and can demonstrate outstanding practice and high aspirations for our pupils/students. The successful candidate will be especially skilled in adapting planning and implementing additional support programmes to meet the specific needs of pupils/students.

St Mary's is a fantastic place to work. We offer a strong and friendly staff team, wonderful pupils/students to work with in a positive and inspiring environment that values both personal and professional growth.

We are committed to employee wellbeing and development - offering ongoing professional learning opportunities, wellbeing support and resources, access to our on-site swimming pool, and an Employee Assistance Programme (EAP) for confidential 24/7 support.

The successful candidate will demonstrate:

- A strong understanding of and interest in SEND, with experience supporting pupils/students who require additional help accessing the curriculum
- The ability to ensure aspirational progress for all pupils/students, regardless of prior attainment, which at St Mary's is significantly below age-related expectations
- The ability to work effectively within a team, providing direction to support staff delivering targeted intervention programmes
