Students with SEND are educated both in targeted small groups and in their mainstream classroom. The successful candidate will be working within all subject areas within the school. We are particularly interested in aspiring teachers who would like to gain further experience of working with young people before starting their training.

The post would suit applicants with flexibility, enthusiasm and sensitivity. An excellent understanding of SEND and other learning difficulties is essential. The candidate must be able to demonstrate a willingness to be a team player alongside our committed support team. SEND related training and the ability to run small group interventions would be advantageous.
