About Our Trust

Prime7 was formed in 2013 and joined together Middleton Cheney Primary, King's Sutton Primary and Chipping Warden Primary Academies. The aim of the Trust has always been to work collaboratively across all three schools. We strive to ensure that our schools offer the very best education for all our pupils. We also want to ensure that our staff enjoy working across the Trust and feel valued as part of a collaborative team.

At Prime7, we aim to provide the best opportunities for all pupils to develop strategies to face life's challenges. We want them to show courage and take risks in their learning whilst enjoying an enriched school experience. Community is important to us, and each school is valued for its own individuality, but it also plays an important part of the Trust as a whole. Across our schools we foster an environment where respect is earned and given in equal amounts. Our school communities promote kindness, friendship and trust so that our pupils will grow up to be young citizens that are able to show empathy towards others and become role models that are an inspiration to others.

Our Vision and Values

Our ethos is to provide the best possible environment for children to learn and develop, as well as to cultivate a sense of wonder, empathy and understanding of the modern society they are growing up in. Together, we will strive to realise the potential in all of our children so that they are fully prepared for the next stage of their education. We want to empower our children to succeed. The Trust's mission is to ensure that our staff, parents and carers are valued and well cared for so that we can work together to provide children with the best education and to know how to stay safe and healthy. We want them to take their place as responsible citizens that promote sustainability in order to protect the world around them for future generations to come.

Prime7 has seven core values and principles to support the delivery of our mission.

AMBITION: to have high expectations in all we do and to have ambition for continuous improvement whoever we are. **ENJOYMENT:** to create schools that foster creativity and curiosity so that children thrive on enrichment and thoroughly enjoy their school experience. We want our children to be excited learners. **RESILIENCE:** to provide the best opportunities for all children to develop strategies to face life's challenges. We want to have children that can show courage and take risks in their learning. **RESPECT:** to foster an environment where respect is earned and given in equal amounts. Our school communities promote kindness, friendship and trust. We want our children to grow up to be young citizens that are able to show empathy towards others. Our children take responsibility for their future and the future of others by respecting the world around them and promoting sustainability. **INSPIRE:** to empower children to take responsibility to strive and achieve in their learning and to be the very best that they can be. They will be responsible citizens that model sustainable practices and behaviours to protect the natural world. They will be role models and a source of inspiration to others. **COMMUNITY:** to establish schools that are at the heart of the local communities they serve. Each school is valued for its own individuality but it also plays an important part of the Trust as a whole. All stakeholders within our community will strive to prepare and empower individuals to become responsible for contributing to a sustainable future. **TRUST:** to belong as part of a team is a core part of who we are and our relationships are based at all times on openness and honesty.

Our values and principles are drawn from each of our schools and will support Prime7 in providing an excellent educational experience for all. We will work together with all of our stakeholders to ensure that the children in all of our schools achieve their full potential.

At King's Sutton Primary Academy, we want our children to enjoy a safe and happy school life that offers the very best quality of education through a broad curriculum design that develops the whole character of the child. Our vision is that all of our children develop in all the aspects that are important for their future success both personally and academically. This includes preparing them for the next stage of their education and developmental journeys as individuals, to allow them to fulfil their ambitions and lead healthy and happy lives.

As a school, we provide pupils with meaningful opportunities to understand how to be responsible, respectful, active citizens who contribute positively to society. We give pupils occasions to discuss issues and ideas in a considered way. We actively promote our core values 'Responsibility, Respect, Ambition, Courage and Pride' and the associated key characteristics in all that we do. These are threaded through our curriculum design and taught through our assembly programme. As a rural primary school, with an exciting new Autism Unit Provision supporting our community, we recognise the importance of promoting equality of opportunity and diversity effectively and teach pupils to show respect to everyone. We want the children to appreciate and respect cultural, religious and ethnic similarities and differences as well as neurodiversity across a wide range of countries, people, and socio-economic communities.

We are a 'Good' school (Ofsted Mar 2022). While we are fully pledged to raising standards in literacy, mathematics, science and computing we are passionate about celebrating and empowering the 'whole child' and retain our commitment to all the foundation subjects including sport, music, and the arts.
