

Teaching & Learning Consultant

Spine Point: L4 – L8

Start date: September 2026

Enhance Academy Trust is seeking to appoint a **Teaching & Learning Consultant** to join our established team, supporting our primary academies across Barnsley, Kirklees, and Wakefield. We welcome applications from experienced primary practitioners with a proven track record of outstanding teaching and of supporting colleagues to develop and refine their practice.

We are a successful and growing Church of England Multi-Academy Trust, currently comprising 16 primary academies and a Post-16 Creative and Performing Arts free school. This exciting opportunity will enable an inspiring and highly motivated teacher to join a team of experienced Trust leaders and work collaboratively with colleagues across the Trust to have a direct and sustained impact on the quality of teaching and learning within our primary academies.

This role offers the opportunity to develop new skills and expertise while extending your understanding of a range of educational contexts by working across a group of schools. The successful candidate will be involved in coaching and mentoring, team teaching, modelling best practice in planning, teaching, and assessment, and co-designing and leading high-quality CPD.

You may be based in one academy for a sustained period of time each week or work across several schools during a week to strengthen teaching and learning. In addition, you will work closely with our Curriculum & Pedagogy Lead to design and deliver professional development on a Trust-wide level. This is a unique opportunity to fast-track your career within a supportive and ambitious Trust.

The successful applicant will have a strong record of raising standards in their own school through highly effective practice and, ideally, experience across the primary age range.

If you feel you have the experience, skills, and qualities to be successful in this role, we would be delighted to hear from you.

Informal conversations are warmly welcomed and encouraged, and visits to our academies are strongly encouraged prior to submitting an application.
