**Trust IT Administrator** 

Central Support Services Team INFORMATION

# Welcome from Janet Garraway - Chief Operating Officer

Thank you for your interest in this role within the Central Support Services Team at Swale Academies Trust. This is an exciting time to be joining the Central Team, which is currently seeing a growth in capacity and expertise. We continue to develop new ways of working to ensure we can effectively respond to the needs of each school within the Trust and continuously improve the support we offer.

The team is pivotal in the successful running of the Trust and is focused on supporting the improvement of educational standards in every school. All of the work carried out by the Central Support Services Team is in relation to non-teaching and learning aspects of running a school, which includes IT, Finance, HR, Procurement, Governance, Projects and Estates.

We want to drive improvement further and faster, developing the efficiency of our schools through shared resources and collective procurement. Effective and efficient use of resources supports teaching and learning across the schools alongside ensuring both the long term viability of individual schools and the sustainable growth and strategic direction of the Trust.

As Chief Operating Officer, I constantly ensure that the services we offer are sustainable to support our future growth and provide strategic oversight of operational services across all schools.

As a team, we offer a high quality service to all of the schools across the Trust. This innovative centralised structure allows Headteachers to focus on teaching and learning.

We encourage our staff to be flexible thinkers with an open-minded approach to change as we continue to expand our successful Multi-Academy Trust. If you are as excited about this as we are and want to join us on our journey, we would be delighted to receive your application.

Janet Garraway

Chief Operating Officer

# WELCOME

Dear Applicant,

Thank you for your interest in this role within Swale Academies Trust. Swale Academies Trust is one of the leading Multi-Academy Trusts in the south east with a highly effective record in school improvement. We are currently looking for outstanding leaders and teachers to join us as we grow. Swale Academies Trust consists of a group of primary and secondary schools based in Kent, East Sussex and South London. We are also working with a number of schools who require support prior to joining the Trust. We have a very strong track record in school improvement and are looking for dynamic people who want to transform children's lives in some of the most challenging educational contexts in the region.

We are looking for ambitious professionals who are interested in working with pupils from diverse communities in some of the region's most challenging schools. We want energetic, inspiring classroom practitioners who are highly motivated and committed to the profession. We recognise the importance of a well-ordered teaching environment for staff to flourish. Parents and teachers provide regular positive feedback about our work to create a positive climate for learning. As a result, Ofsted visits identify pupils' conduct as a strength across the Trust. We want teachers who are keen to make a positive difference to children's lives, are proud of the students they teach, the work they produce and share this pride in the achievements of all.

Our salary package, continued professional development and additional benefits are some of the best in the sector. We invest in our staff at every level with a wide range of coaching programmes, delivered across our schools, including Westlands, the Trust Teaching school. We also work closely with a number of external partners such as the University of Kent to support leadership development across our family of schools. All of our schools are unique and reflect the communities they serve but they work closely together to support each other and collaborate to raise standards. Teachers identify the well-structured collaboration as a key factor in improving their practice but also improving their work-life balance.

Since its creation in September 2010, Swale Academies Trust has become a strong and successful school improvement service, specialising in taking schools in Ofsted category and turning them into good schools. A glance at the most recent Ofsted reports for Beaver Green Primary School, South Borough Primary School, Meopham School, Regis Manor Primary School, Westlands Primary School, Istead Rise Primary School and The Sittingbourne School, will all point to the effectiveness of the Trust in bringing about change and providing and enabling excellent leadership. First and foremost, Swale Academies Trust is about the provision and development of high quality leadership and management.

Our ambition is driven by enabling schools and children to succeed. We have a wide range of excellent and highly accomplished senior leaders who lead with a sense of purpose, charisma and a set of shared values. The Trust is fortunate to be overseen by a Board of Directors who share leaders' values and provide the highest quality challenge and support.

We are proud of our schools and strive for a sense of shared pride in the achievements of all of our students.

We look forward to receiving your application.

Yours sincerely,

Jon Whitcombe

# **OVERVIEW**

Since its creation in September 2010, Swale Academies Trust has developed into one of the South East's leading Multi-Academy Trusts.

Our purpose is to develop good and outstanding schools and ensure the rapid improvement of schools with challenges.

As the Trust has grown and developed, we continue to ensure that effective school support and leadership is maintained. The Trust's approach to school improvement is based on a combination of CPD, capacity building and collaboration, with a relentless focus on teaching and pupil progress, in order to effect rapid and sustained improvements in outcomes for young people.

The Trust is an organisation which is driven by the belief that all children deserve a good quality education where they are seen as individuals and above all are exceptionally well cared for.
