The School Aims

The school aims are threefold:

- To work effectively with all partners to achieve a **community spirit** that is based on respect for each other.
- To provide an **exciting, challenging and motivating** learning environment for children and staff.
- To set high standards of attainment and **achievement for all children**.

By fostering the positive values of care and co-operation, we provide a secure base for children's education. Children of all abilities and background are encouraged to pursue excellence.

We help equip all children to be resilient and resourceful; supporting them to achieve high standards in all areas of the curriculum, their social relationships and their attitude towards the environment in which they learn.

Continuity in education is vitally important. We have close links with our feeder first schools (Ferndown, Parley and Hampreston) and the neighbouring Upper School. These ensure the curriculum is a planned progression of work throughout the three tiers of schooling and one, which will meet the needs of the National Curriculum.

Curriculum Aims

At Ferndown Middle School, we are focussed on identifying the needs of each learner. We aim to provide a wide-ranging and supportive experience to help each child develop:

- A lively enquiring mind with the ability to question, argue rationally, make reasoned choices and pursue intellectual and physical tasks.
- Self-esteem and a caring and supportive attitude towards others.
- A wide range of concepts, skills and knowledge and an understanding of how to use these, together with an appreciation that learning is a life-long process.
- Language and number skills.
- Aesthetic awareness and creativity.
- An understanding of human achievements and aspirations.
- A respect for other people, their languages and beliefs.

Curriculum Content

We provide a broad and balanced curriculum, valuing the need for all learners to have access to a range of subjects. Key Stage 2 and Key Stage 3 Curriculum Guidelines can be found on the school website under 'Curriculum.' These provide detailed outlines of programmes of work that will be followed throughout the year in each subject.

Special Educational Needs

At Ferndown Middle School, we aim to provide effective opportunities for all pupils, including those with Special Educational Needs, in all areas of the curriculum. We are a good school with good and outstanding teachers and therefore the majority of needs are met by universal, targeted, differentiated, quality-first teaching in each classroom. We have high aspirations and expectations of all our pupils and set appropriate learning challenges for each pupil's level of ability both in the lesson and for homework. Individual and group interventions are provided for those identified as requiring structured programmes and support. At Ferndown Middle School, we use the Three Wave Model, a graduated approach to special needs.

Wave 1

Wave 1 is on offer for all students, in inclusive, high-quality learning classrooms. Teachers will use the SENDCo's guidance and within their subject aim to remove barriers and meet need. The next stage is about teachers knowing and deciding at what point, for any individual pupil good, universally targeted quality-first teaching is not enough. This is when support will move to Wave 2.

Wave 2

Staff record evidence to show the strategies tried and demonstrate what has worked and what has not worked. This information forms evidence to inform the next steps.

Wave 3

Wave 3 is the final stage when there is a trail of evidence that Wave 1 and 2 interventions do not meet identified need. At this point, the SENDCo and possibly external professionals become more closely involved in identifying, planning, monitoring and reviewing individual support across the curriculum.

Pupil Premium

The pupil premium is a Government initiative that provides specific funds targeted at improving outcomes for students from deprived backgrounds. Research has indicated that this group of students underachieve when compared to non-deprived peers. The premium is provided in order to support these pupils in fulfilling their potential and not being disadvantaged.

Safeguarding

Ferndown Middle School recognises that the welfare of the child is paramount and takes seriously its responsibility to safeguard and promote the welfare of the children and young people in its care.

Mrs Allen is the Designated Safeguarding Lead and Mrs Giddens is the deputy. Both have had specialist training in safeguarding and child protection.

Our full Child Protection Policy can be found on our website along with further government guidance and support documentation.

E-Safety

At Ferndown Middle School, we take e-safety extremely seriously. We believe that it is the right of all children to feel safe and secure when using technology. Our E-Safety Policy contains detailed information about how we ensure our children remain safe in their use of technology.

We teach children to use the internet and other technologies safely, and we show them how to behave in an appropriate manner. It is important to encourage a healthy lifestyle with regard to the use of technology, and teach children about the risks of exposure to inappropriate content or too much time in front of a screen. We show children how to keep their data and security safe, and we teach them to be critical of the things they see online.
