

Job Title: Vice Principal: Quality of Education
(Maths or Science Specialism)

Salary: L17 – L20

Hours: 32.5 Hours/52.143 weeks per year

We are looking for an excellent senior leader to join our team and help us transform the lives of children. This is an opportunity to join the leadership team of a school that is rapidly establishing itself as one of the best in the Southwest. We are a dynamic and ambitious school, always striving for excellence.

At Marine Academy, we deliver a knowledge-rich curriculum that is cohesive, cumulative, and highly sequenced. Academic rigor is at the heart of everything we do, with a curriculum designed to support long-term memory retention through frequent and systematic revisiting of knowledge, skills, and understanding.

As a teacher at Marine Academy, your time and expertise are highly valued. You won't be expected to mark homework, as this is planned and set for you. Our meetings are purposeful and take place only on Mondays, and you won't need to spend time on handwritten feedback. Additionally, we have no routine lesson observations—instead, you will benefit from a personal coach who will support your continual improvement. Our strong behaviour system ensures your lessons are free from disruption, allowing you to focus fully on teaching.

You will receive weekly one-to-one coaching aligned with the latest in educational research, ensuring you continuously refine your teaching practice. Schemes of Learning are already planned and resourced, and you'll be supported by like-minded colleagues in a respectful, creative environment.

Please only apply if you passionately believe:

- Every student should have the option to attend University when they leave.
- Discipline, hard work, consistency and routines underpin student wellbeing and happiness.
- Background or home-life is not an excuse for failure or poor behaviour.
- That academic rigour, challenge and knowledge acquisition are vital to success.
- That school leaders remove barriers for colleagues so that they can grow and excel.
- That kindness, resilience and aspiration are valuable characteristics to grow in children.

If you believe all of these things, are professionally ambitious and driven to transform the lives of the children of our community and city then please apply for the position of Vice Principal-Quality of Education. You will need to be a maths or science specialist, demonstrate a history of leading excellent outcomes within these subjects in a successful school and be working at senior leadership level. To apply and for further information on each of our positions please go to
