

Working together. Learning for life.

About Charfield Primary School

Charfield Primary is a small and friendly school set in beautiful grounds in the centre of Charfield village. The school boasts wonderful facilities such as forest-skills, large playing fields, climbing equipment and surrounding woodlands.

Charfield aims to inspire, ignite and encourage a passion for lifelong learning, sparking curiosity, promoting creativity and nurturing developing passions to ensure that our children grow and thrive on their journey through school. We celebrate students' success, both academic and personal, helping to develop self-confidence and self-esteem and are passionate about developing each child as an individual.

We are proud of our school, we are proud of the exemplary standards of behaviour, learning and achievement that we all work together to achieve.

What's nearby...

Charfield Village may be small but is well-resourced with local shops, post office and a local Bakery. There are some lovely local walks nearby with some great views, especially on a nice summer evening. The school is easily accessible by the motorway only 5 minutes away and the A road networks.

Parking

There is a car park onsite but space can be quite limited. However plenty of road parking is available nearby.
